MOTHERS, DO THIS-

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of MUSTEROLE at hand to give prompt, sure relief. It does not blister. As first aid and a certain remedy there's nothing like MUSTEROLE. Thousands of mothers know it. You should keep a jar in the house. It is the remedy for adults, too. Relieves Sore Throat, Bronchitis, Tonsilitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of Back or Joins, Sprains, Sore Muscles, Chilblains, Frosted Feet and Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Be sure you get the genuine MUS-TEROLE. Refuse, imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

BETTER THAN CALUMEL

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays have with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

STRIKERS RAISE VEGETABLES

Laborers in Ohio Strike Difficulty Plan to Care for Families

By Associated Press. By Associated Press,

Bridgeport, O., April 14.—K. G.
Adams, one of the officials of the United Mine Workers in charge of the
East Ohio strike, estimated to-day that
fully twenty-five miles of fence had
been built by strikers in the last two
weeks around the community gardens
the union is establishing to provide
vegetables for the men and their families

The Department of Agriculture, it was learned, could not supply them with free seeds and appeals were made to wholesalers in Pittsburgh, Cleveland and Chicago, with the result that about 3,000 acres will be planted at once.

Wonderful Earthworms

As Darwin long ago showed, the earthworm is the farmer's friends. Its burrows drain and erate the soil, while the carth which has passed through its body is finely divided and is constantly being brought to the surface from lower levels. Its body is adapted to the burrowing habit. The pointed head end is devoid of feelers and eyes, and the foot stumps are only represented by rows of bristles, which can be felt if the finger be passed along the body from back to front. There are no jaws, but the muscular part of the digestive tube acts as a kind of pump for taking in food. This includes plants and animals. It has a small gizzard, which contains many stones, and these are used instead of teeth to grind the food.—Chicago Herald.
