NEWS OF STEELTON

EIGHT SUNDAY SCHOOLS IN UNION PICNIC

Date for Holding Annual Outing Is Announced for Thursday, June 17, at Mt. Gretna—Each School to Pay Own Half Fares

Announcement was made this morning that the date selected for holding the annual union Sunday school picnic this year is Thursday, June 17, and the place decided on is Mt. Gretna.

The idea of holding union picnics by the various Sunday schools of the borough is meeting with much favor and this year eight schools are co-operating in the movement instead of five as in previous years. The following churches and schools will take part in the outing: St. John's and St. Mark's Lutheran, the First Methodist, Centenary United Brethren, First Presbyterian, First Reformed, Main Street Church of God and the Central Baptist church.

These schools have an approximate enrollment of 2,500 scholars, but the committee in charge of the movement expects to have double or treble this number to take part in the outing.

Each school will select a committee in the near future. These committees will then meet and work out a schedule of athletic events. The Steelton Glee Club and its orchestra will accompany the excursion and give a vocal concert on the grounds. The singers will be under the direction of Frank Armstrong. To provide transportation for large families each school will arrange to pay its own half fares.

TABERNACLE SITE SELECTED

Construction Will Soon Be Started Under H. C. Wright

The committee in charge of the coming Hillis evangelistic campaign has selected a site for the erection of the tabernacle at Second street and Booser's run and announced this morning that its erection would be started in a very short time under the direction of H. C. Wright, chairman of the committee.

The opening of the campaign has been postponed until May 2 to allow ample time to complete the structure.

Undiscovered Oceans of Truth

"We may be justly proud of what has been achieved, but let us not fail to remember with Newton that 'the vast ocean of truth' still 'lies' for the most part 'undiscovered before us.' However marked may be the progress of science, her individual votaries must always feel a sense of humility at the little the best of them is able to contribute toward the general result."—Sir Edward Schaefer, in an address to the British association.

Rabbi Chonan, of Zepora, said: "The study of the law may be compared to a huge heap of dust that is to be cleared away. The foolish man says, 'It is impossible that I should be able to remove this immense heap; I will not attempt it,' but the wise man says, 'I will remove a little to-day, some to-morrow and more the day after, and thus in time I shall have removed it all.' It is the same with studying law.—Case and Comment.
