KAISER TO DISCUSS SUMMER CAMPAIGN WITH GENERALS QUEEN WILL LEAVE KING IF GREECE JOINS IN WAR Geneva, Via Paris, April 16, 10:50 P. M.—According to reports which reached Basel to-day from Berlin and Vienna, Emperor William has ordered the principal German generals and also some of the Austrian commanders to meet him in a grand conference in order to discuss the coming summer campaign. The meeting, it is said, will be held within the next few days, either at Cologne or Berlin. Two of the Austrian archdukes will attend. One of the chief questions will be that of stopping the Russian army from entering Budapest. The situation in Austria is said to be considered serious by the Teutonic allies. Other reports reaching Basel are that the Serbian campaign has been abandoned and that both Germany and Austria have refused to send Turkey further military aid, especially in heavy guns, ammunition and officers, saying these were required at home. Many Americans, it is asserted, are leaving Germany, especially women and children. Those who have arrived here say they were impelled to depart because they were frequently mistaken for English persons and insulted.
