MEN NOW FEEL PRISON RIGOR

Terre Haute Convicted City Officials Cease Jesting as Penitentiary Doors Close on Them

Leavenworth, Kan., April 20.—Twenty-one city officials and former city officials of Terre Haute, Ind., convicted in the election conspiracy cases spent last night in the United States penitentiary here as prisoners, serving time for their crimes. To-day they went out into the various departments of the big institution to the tasks assigned them by Warden Thomas W. Morgan.

Fifteen of the men, led by Mayor Donn M. Roberts, came to the prison yesterday morning in a special car, and were put through the entrance routine, while six, under special permission of the Federal Court, at Indianapolis, came unaccompanied later in the day. While guards and officials on the train reported that the convicted men had laughed and joked on the journey from Indianapolis, their demeanor once inside the prison changed. Officials said they had never seen a more sober group of men.

When the prisoners were given their supply of clothing each also was handed a little book of prison rules. They spent the afternoon studying the regulations. As "first grade" prisoners they will enjoy such privileges as are permitted at the prison, including recreation hours and a ticket to the baseball game on the institution grounds every Saturday afternoon. Edward Holler, former chief of police, was ostracized by the others on the trip, because he had turned State's evidence. Dennis Shea, Sheriff, would not speak to Roberts, blaming him for his plight.

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's Recipe to Bring Back Color, Thickness and Lustre—Everybody Is Using It Again

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyleth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.—Adv.

UMBEL MAY RUN FOR JUDGE

Move in Registration Case Indicates That Man Forced to Retire May Try to Regain Bench

Uniontown, April 20.—That ex-Judge Robert E. Umbel, who a few weeks ago was forced to retire from the bench, will be a candidate for the office he gave up at the demands of Senator William E. Crow, Republican State chairman, is the belief now expressed in political circles. He started his "candidacy" to clean up the politics of Fayette county" Saturday, when a bill in equity was presented to the court asking that the county commissioners be restrained from sending out the registration books prepared for the regular spring registration. The court granted a rule on the commissioners, which is returnable to-day.

John S. Langley, one of the commissioners of the board, and the Republican chairman of the board, said last night that none of the books had been sent out. He said that the books are exactly like those used in other counties and that this form has been used ever since the registration act was passed.

Former Judge Umbel said there was a clause in the act requiring assessors to place the names in the book as they are registered. On the books there is a notice to the assessors asking them to place the names in the books alphabetically. Umbel said that this was in direct violation of the law. While the candidacy of ex-Judge Umbel is being talked of in some quarters, it was stated by a Democratic politician who opposed his candidacy in 1909 that he will be opposed in his own party if he runs.

No parent would consciously be careless of the children. Joe A. Rozmarh, Clarkson, Nebr., uses Foley's Honey and Tar for his two children for croup, coughs and colds. He says, "We are never without Foley's Honey and Tar in the house." A distressing cough, sleepless nights, and raw, inflamed throat lead to a run-down condition in which the child is not able to resist contagious or infectious diseases. Foley's Honey and Tar is truly healing and prompt in action. It relieves coughs, colds, croup and whooping cough. Geo. A. Gorgas, 16 North Third street.—Adv.

GIRLS WHO WILL APPEAR WITH M'INTYRE AND HEATH IN REVIVAL OF BIG SUCCESS "THE HAM TREE"

It would be hard to find a more popular team of stage performers than are McIntyre and Heath, who come to the Majestic, Saturday afternoon and evening, in John Cort's stupendous revival of their greatest success, "The Ham Tree." It speaks volumes for the ability of these two stars, that they are able, year after year, to crowd the

houses at which they appear with "The Ham Tree," which now has almost become synonymous with their names, for in spite of occasional incursions into other fields, they always come back to their old stand-by. Both McIntyre and Heath were born in the North, the former in Wisconsin and the latter in the Quaker City. By a strange chance both were

also in their early youth taken to the South, where probably were laid the seeds for their future careers. After having each for himself obtained some experience upon the boards, chance finally in 1874, brought them together and they have never been separated since. It seems that they were the first to introduce buck-and-wing dancing to theatre patrons, making their first great success in this novelty in Chi-

cago and later repeating in New York, where they set the audiences of Tony Pastor's wild with their act. Later they gradually foresook dancing and began their famous delineation of the negro comedy type, in which to this day they stand pre-eminent. In former days the name of their successful sketch was "The Georgia Minstrels." It was a vaudeville offering of the usual length. So

successful, however, were they with it that upon their appeal up on the boards of the legitimate theatre they did not drop it, but surrounded it with the trappings of musical comedy, thus enlarging it to the proportions required for an evening's entertainment. The title, "The Ham Tree" is taken from one of the funny portions in the lines of the original sketch. John Cort, it is said, has done much

in his revival this season in surrounding his stars with one of the largest and best drilled choruses Ned Wayburn has ever handled, and a large cast of musical comedy favorites, including Edward Wade, Arthur Barry, Eddie Lew Kraner, Otto Johnson, Edward S. Holden, Norma Woodward, Mildred Beverly, Jack Bell, Hazel Pollock, Ted Holmes and Lula Wells. Adv.
