ITALY AND AUSTRIA STILL **NEGOTIATING, IS OPINION**

Paris, April 23, 8.05 A. M.—Baron De Macchio, the Austrian Ambassador, had a long interview this afternoon with Foreign Minister Sonnino which is interpreted as an indication that negotiations between Italy and Austria are being continued.

Authorities Believe Plans Were Laid to Take White's Slayer From Guards

NORFOLK MAN **BARES SCHEME**

Writes Letter to Assistant District At torney of New York. Telling How Plot Was to Be Consummate Sheriff on the Alert

New York, April 23 .- Sheriff Grif fin Haigen said to-day that he had ta fin Haige, said to-day that he had taken every precaution to frustrate an alleged plot to spirit Harry Thaw out of New York State, which came to light last night in Nerfolk, Va. Without accusing Thaw or any of his intimates of participation in the plot, the local authorities said they had reason to believe that plans had been laid to take Thaw from his guard on the way to court here, place him in an automobile and hurry him to the first train for Virginia.

and hurry him to the first train for Virginia.

According to the Sheriff, the plan was first revealed by the following letter written to Assistant District Attorney Frederick J. Groehl, of New York, by Louis Weinrop, of Norfolk:

"A man comes over to me and he said I should go to New York when Harry Thaw's case comes up on the 22d of April and he will give me two more men and they will have an automobile to take Harry Thaw away, when he comes to court room, to another mobile to take Harry Thaw away, when he comes to court room, to another State, and he offered me one thousand dollars and all expenses and a security for any accident happens me in any responsible place, but I refused him the job because he wanted me to go at once with him to New York, but I wanted him to give me \$50 before I go with him.

"He did not want to do that, he only wanted to pay me car fare to New York

"He did not want to do that, he only wanted to pay me car fare to New York and go there with him to his office in New York. This man is a detective, but he travels from the city to another. I know him, but I can't write you in this letter who he is. But if I could see you personally I will tell who he is; if you want me you could wire me at once on your expense and I will come to New York."

REACTIONARY TENDENCIES DOMINANT AT THE OPENING

American Tobacco Makes an Abrupt Decline of Eight Points-United States Steel Fractionally Lower-Reading Makes Slight Gains

By Associated Press.

New York, April 23.—Reactionary tendencies were again dominant at the opening of to-day's market, leading stocks as well as specialties moving contrarily. United States Steel was fractionally lower, while Reading and some shares of less prominence made slight gains. American Tobacco made an abrupt decline of eight points.

Trading during the morning fell somewhat under yesterday's moderate total with further selling of Steel, Reading and other favorites. Such offerings were well taken, however, inasmuch as prices recovered. Speculation

ferings were well taken, however, inasmuch as prices recovered. Speculation extended more generally to the low-priced coppers, with renewed activity in local tractions at higher quotations. There was some confusion of prices in the specialties, but some of the recently active "war" shares, like Westinghouse, American Lecomotive, Pressed Steel Car and Bethlehem Steel, were again taken up at substantial advances. Bonds were steady, despite indications of further foreign selling.

Lake Turned Into Farm Memphis, Tenn., April 23.—Golden Lake, Ark., is no more. Four thousand acres of water in Mississippi county, Arkansas, was converted into dry land when the final sluice gate was closed and a project launched two years ago was successfully consummated. Golden Lake, once an estuary of the Mississippi river, will in the future produce cotton, corn, potatoes and fruits. Its soil is too rich for wheat and most of the other grains because the growth would be too rank. Lake Turned Into Farm

'Yesterday evening there were fairly lively engagements in Belgium. In the bend of the Yser to the north of Dixmude, Belgian troops repulsed an attack against the Chateau of Vicoque and inflicted heavy losses on the enemy. To the north of Ypres the Germans, by employing large quantities of asphyxiating bombs, the effect of which was felt for a distance of two kilometres behind our lines, forced us to retire in the direction of the Yser canal. Conditions abroad, it is said, with thousands of men'in the Russian factories engaged in making war materials, made it impossible for the Russian branch of the Westinghouse Company to manufacture the air brakes. The Government runs the railroads and needs the air brakes at once.
