William Crump, a senior of the High school, who refereed the games played by Central during the past season, was presented with a cardinal bill book and one yard of new one dollar bills.

The presentation speech, which would have been a credit to an adult, was made by Louis Karmatz, the Central A class extemporaneous talker.

Mr. Crump reviewed the games of the past season and told the audience of a few sidelights in High school athletics.

A Message To Thin, Weak, Scrawny Folks

An Easy Way to Gain 10 to 30 lbs. of Solid, Healthy, Permanent Flesh

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food. The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste."

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh-building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad.

Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your body, covering each bony angle and projecting point. Geo. A. Gorgas and other good druggists have Sargol, or can get it from their wholesalers, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly efficient.

Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles. It should not be taken unless you are willing to gain ten pounds or more, for it is a wonderful flesh-builder.—Adv.

arrived and will take charge of the preparatory work of the campaign. Mr. Stahl will address the union prayer meeting in the Main Street Church of God to-night at 7.45.

Dr. W. N. Yates, of Harrisburg, will preach the dedicatory sermon at the Hillis tabernacle, corner of Second street and Booser's Run, on Friday night, April 30, at 7.30 o'clock. The large volunteer choir will be present to sing.

A large number of members from Steelton Lodge, No. 411, Knights of Pythias, will be guests of the Carlisle lodge to-night. Many of the local members will leave the borough in an automobile truck.

Professor C. S. Davis, Coach Gaffney and the members of the mile relay team that will represent the High school in the U. of P. carnival tomorrow, left for Philadelphia this afternoon. A number of local followers of the track athletes will leave to-night and early to-morrow morning to witness the big meet.

The Municipal League will meet in its North Front street headquarters on Monday evening. The development of the Luther E. Keiker park and the improvement of conditions along the canal are two of the more important things that will be taken up at this meeting.

The public drinking fountain installed near Front and Locust streets last summer by the Civic club was again put into service yesterday.

W. K. Martz has installed an up-to-date pencil sharpener in his place of business, Front and Pine streets, for the free use of his friends and patrons.

PERSONAL

MINSTRELS' BALLAD SINGING

Promises to Exceed That of All Previous Shows

The ballad singing of the Original Home Talent Minstrels at the entertainment to be held this year on May 11 promises to exceed in interest that of former years. Nothing but up-to-date songs will be used by the following members: John Purcell, Warren Boudman, Harley Noll and Gwilym Watkins.

The finale of the first part will be a beautiful scene depicting "Night Time in Dixie Land," in which an original darkey wedding will be reproduced, including the old-fashioned parson. One of the screams of the play will be a burlesque on a barber shop, showing up-to-date methods of massage and a buxom manicure girl. Razors large enough to chop wood with will be used on the customers.

Boy Morrow will present his latest as a Hebrew monologist, and, by the way tickets are being disposed of, there will not be a vacant seat in the large auditorium on the evening of the show, the proceeds of which will be devoted to the St. James Catholic church fund.

for the convenient use of our advertising man; it is neither relative nor comparative; but a positive force backed by the heads and hands of every member of our organization.

Modern equipment, modern methods, modern merchandise may do much to make a store; but to make it successful, you must have the driving power of a whole-souled clique of employees whose purpose is one with that of the management; and in this store that one purpose is Clothing Service Supreme.

Kuppenheimer Clothes

have the hearty endorsement of every clothing-wise member of Doutrichs. This endorsement is not the result of snap judgment, but a conclusion from continuous association with these clothes, a season after season study of them, a year after year review of the service and satisfaction which they invariably give to men and young men who come here year after year for them.

The Spring season is with us again and and spring styles reign supreme throughout the store

Here are cabinets filled to overflowing with advanced ideas for young men and men who like young men's styles. Here's a Spring Beaufort with the new "bull dog" lapels. Here's a brand new model, The York, a slim trim suit with full soft roll fronts; one button, high waist line. The Wayne which has won so great a degree of deserved popularity is here also; also it's better than ever.

More than a score of different styles await your selection. Hundreds of fabric patterns and shades are here to choose from... every wished for, wanted idea in good clothing is ready at the store which serves without a chance of dissatisfaction.

And no matter how loudly the cannons of war may rumble; regardless of how "Lugubrious Blue & Co." may grumble—Prices here have not advanced—Quality in fabric and workmanship have not suffered. All of that superiority for which the name Kuppenheimer and Doutrichs are Synonymous in clothingdom is yours at
