STEELTON AND TECH QUALIFY IN THE RACES

Former Gets a Fourth Place and Later a Third in Philadelphia Relays

WEATHER FINE FOR THE SPORT

Athletes in Tip-Top Condition for Events Scheduled for This Afternoon on Franklin Field at the University of Pennsylvania

Franklin Field, Philadelphia, April 24.—Both Harrisburg Tech and Steelton High Schools captured places in the preliminary one-mile relay races in the University of Pennsylvania games on Franklin Field this afternoon. Tech was third in its race, which was won by Morris High School, of New York City, in 3.35 4-5. Trenton High was second in this event.

Steelton was fourth in its race which was somewhat slower, being won by Masten Park High, of Buffalo, in 3.38 3-5. Central High did not win a place in this event in which it was entered. Williamsport finished second and Reading third.

The race in which Tech ran th
was won in next to the fastest
made by any high school team
afternoon. The runners avera
than 55 seconds to each
Preparatory schoo
won by Franklin a
emy; second, Newark, N. J., Academy; third, Westtown (N. J.) Academy; fourth, Harrisburg Prep. Time, 3.41 4-5.

The intercollegiate javelin throw was won by Phillips, Idaho University, distance 177 feet 4 3-4 inches, breaking the collegiate record of 169 feet 8 1-4 inches held by Dorizas, Pennsylvania; second, Nourse, Princeton, 176 feet 5 5-8 inches; third, Berry, Pennsylvania, 152 feet 6 5-8 inches; fourth, Bachman, Notre Dame, 133 feet 2 3-4 inches. Both Phillips and Nourse passed the old record.

The teams which represented the local schools and Steelton in the University Relay Carnival on Franklin Field this afternoon follow:

Central High — McMamee, Houtz, Smeltzer, Mays and Winn, substitute.

Tech—Demming, Stansfield, Stiteler, Davies, Evans, Hefflefinger.

Harrisburg Academy—Krall, Stackpole, Holmes, White.

Steelton High—Wueschinski, Sellers, Barber, Hocker.

The Steelton team left last evening for Philadelphia, the other schools leaving this morning. The high school relay events were scheduled to be run off one after another starting at 1.30 o'clock this afternoon. Central and Steelton opposed each other in their event. Harrisburg Academy and Tech ran in separate classes.

Philadelphia, April 24.—Champions in track and field events from the east and west were to measure speed and strength in the concluding day's sport of the University of Pennsylvania's twenty-first annual relay carnival on Franklin Field to-day. The weather was warm and the track fast, a combination which promised to help the title holders in various events in their attempts to break records.

Among the features of the day were the one, two and four-mile relay races for the college championship of America. Never in the long history of Pennsylvania's relay games has their been brought together such a large number of high class performers as were entered in these three contests.

The greatest interest centered in the four-mile championship. Eight teams were on the program to start and among these Cornell, Wisconsin, Michigan and Chicago had teams good enough to beat eighteen minutes. Cornell had a quartet of champions entered. Wisconsin, Michigan and Chicago, who fought out the four-mile relay race at Drake last week, were to make another try to-day to beat one another.

The one-mile championship brought together quarter-milers, nearly all of whom have done better than fifty seconds, while the two-mile relay was full of half mile men who have beaten two minutes.

Champions of all kinds and world's record holders were listed in the sprint race and field events. In the 100-yard dash there were Drew, Southern California, world's record holder; Howe, Colby, American 220-yard champion; Baranciik, Chicago, Western intercollegiate champion; Hardy, Notre Dame, Western indoor champion; Patterson, Pennsylvania, intercollegiate champion of 1913; Hoyt, Grinnell, who has done 9 4-5 seconds.

A large number of one-mile relay races of colleges, grouped into classes according to past performances, were also on the program.

Would-Be Assassin of Sultan Hanged

Cairo, April 24.—The young Egyptian merchant named Khalil, who made an unsuccessful attemp to assassinate Hussein Kamelal, the Sultan of Egypt, at Cairo on April 8, was hanged today.

Lafayette College Registrar Dies

Easton, April 24.—Charles Boucher Green, registrar at Lafayette College, since 1905, died to-day at his home here in his fiftieth year.

CITY HOLDS BACK $1,130 FROM CONTRACTOR'S PAY

Refuses to Turn Over That Amount to Walter Until It Is Determined Who Is Liable For Injuries to Woman Who Fell Into Hole in Street

Charles P. Walter, asphalt repairs contractor, to-day certified to the city that he has put all streets in repair and has complied with his five-year contract which ran to April 1, last. City officials said this morning, however, that for the present only $2,620 of the remaining unpaid quarterly allowance of $3,750 will be paid to the contractor. The amount to be withheld from Walter, $1,130, represents the amount of a $1,050 verdict which Lulu and William O'Brien obtained against the city in a damage suit brought as the result of injuries Mrs. O'Brien suffered when she fell into a hole in the asphalt in Court street almost two years ago. It also includes the amount of costs entailed through the cout action in that damage suit.

The $1,130 is to be withheld by the city at the suggestion of the contractor's surety company, so officials said, and also because the city has disclaimed liability for Mrs. O'Brien's injuries, contending the street repair contractor was at fault in not having repaired the hole into which Mrs. O'Brien fell.

The contractor is to receive the $2,620 installment next week. Walter has been informed of the city's intention to withhold $1,130 and he said to-day that while he believes the city should bear the cost of the O'Brien damage suit, it is entirely likely that his lawyer and City Solicitor Seitz will get together shortly—probably next week—and amicably frame an issue to have the court determine without a jury trial, who actually is liable for the damages.

CATTLE QUARANTINE LIFTED

Animals Can Be Shipped From This and Some Other Counties Monday

F. W. Ainsworth, federal exami
cattle for this State, whose work
n in connection with the quaran-
cattle from foot and mouth
s in this city and received
ay from the Federal authorities that beginning Monday morning next cattle may be shipped for immediate slaughter from Dauphin, Cumberland, York, Butler, Bucks, Erie, Montgomery, Lehigh, Delaware, Lancaster, Berks and Westmoreland counties and from parts of Lebanon five miles away from any infected place. These cattle must be shipped for immediate slaughter.

In Adams, Perry, Mifflin, Franklin and several other counties cattle may be shipped on the owner's certificate to the railroad company that the animals are not infected.

This quarantine has been on since November 4. In the event of any doubt existing as to the cattle suffering from the disease the owner can call up Dr. Ainsworth, at the Kunkel building in Harrisburg, and he will send men to examine the cattle.

INJURED AT BASKETBALL

Ralph Kirk Lunges Through Glass Door at Y. M. C. A.

While playing basketball in the gymnasium at the Y. M. C. A., Second and Locust streets, last evening, Ralph Kirk, 108 North Second street, lunged through a glass door and badly lacerated his right arm. He was hurried to the Harrisburg hospital, where physicians worked more than an hour in closing the wound, which was ten inches in length. The muscles, tendons and several small arteries were cut.

Kirk was guarding Edward Roth, who had the ball. He jumped for Roth, who dodged aside, and Kirk went through the glass in the door. Kirk is the superintendent of construction for the Pennsylvania Steel Company.

Stork Aain Visits Vivian Gould

London, April 24, 10.35 A. M.—Lady Decies, formerly Miss Vivien Gould, of New York, gave birth to a son this morning. Lord and Lady Decies already have two daughters.

JACKSON ON THE NEW JOBS

Some of Positions Created Under New Law Have Been in Existence—Men Paid From Contingent Fund

Commissioner John Price Jackson, head of the Department of Labor and Industry, said this afternoon that the bill signed by the Governor last night, while it gives his department 50 additional inspecto.s, does not actually make an increase in the number of employes.

Twenty-nine apparently new positions, exclusive of the 50 new inspectors, he said, have been in existence for some time and have been necessary for the successful carrying on of the department's work. The men filling them have been paid out of the contingent fund up to the present time, but it was considered proper to place their names on the regular pay roll, thus doing away with the necessity of paying them out of the contingent fund, and that is provided for in the bill approved by the Governor.

As for the increase in the number of deputy inspectors from 50 to 100, Mr. Jackson said that the fifty deputy inspectors in Pennsylvania now have work that the two hundred deputies in New York State do, and it was to distribute the work more throughout the State and have it done more effectually that the new inspectorships were created.

It is Commissioner Jackson's intention to have his deputies thoroughly cover every section of the State. He says fifty men could not do this effectually. Hence he asked for the increase which the new law giveh him.

NEW SETBACK TO PLANS OF THAW

White's Slayer Must Await Appellate Court's Decision Before Trial on Sanity

ANOTHER CHECK TO HIS FREEDOM

Attorney General of New York Contends Justice Hendrick Does Not Possess Power to Grant Jury Trial on Habeas Corpus Writ

By Associated Press.

New York, April 24.—Harry K. Thaw, who went to sleep in the Tombs prison last night elated by his belief that he had won his long fight for a jury trial to test his sanity, awoke today to learn that he must await a decision of the appellate division of the Supreme Court before such a hearing would be granted.

This new check in his attempt legally to obtain his freedom from the Matteawan asylum, to which Justice Page had ordered him returned, was due to the announcement by Attorney General Woodbury that the State would make application to the appellate division for a writ of prohibition against the order for a jury trial granted yesterday by Justice Hendrick.

Mr. Woodbury's decision was made public after Thaw had retired for the night. The Attorney General contends that Justice Hendrick does not possess power to grant a jury trial on the writ of habeas corpus obtained by Thaw.

JITNEYS IN MIDDLETOWN

Edward Snavely Operates Bus Line That Includes Royalton

Middletown and Royalton were put on the "jitney" map this morning, when Edward Snavely, proprietor of a Middletown garage, began operating a bus between the two boroughs. The transfer charge heretofore had been fifteen cents a trip and runs were made only by special engagement.

Snavely announced this morning that he plans to make hourly trips between the two towns and may make trips more frequently. Regular stopping points will be established, he said. His autobus, a five-passenger car, was placarded with "jitney" signs to-day.

$30,000 ARMORY FOR LEBANON

Bids for Its Construction Will Be Opened Here on May 11

Lebanon, it was announced to-day, is to have a new armory constructed according to latest designs,—in fact a model for other structures for similar use.

The State Armory Board, at its meeting this week, approved the plans and specifications and on May 11 bids for the construction of the building will be opened at the Adjutant General's Department.

The armory will contain administration offices and a large drill hall for the Lebanon company of the National Guard. It will cost about $30,000.

FIRE FIGHTERS SEND IN BILLS

Filing Claims With State for Work in the Blazing Forests

The State Forestry Department stated to-day that the rains of the last two nights have practically subdued the fiercest of the forest fires in the State. Spots still are burning as the result of underfires that the rain did not reach, but these blazes are not considered dangerous and will soon be put out.

Bills for the payment of the services of men engaged in fighting the flames are now coming in, and the State will audit and pay them. The forces engaged were very large.

BURGLAR IN THIRD ST. STORE

Takes Money and Cigars From Messimer's Confectionery Establishment

By use of an auger a thief made his way through a rear door into the confectionery store of George F. Messimer, 718 North Third street, early this morning. He ransacked the store and made away with about $5 and a few cigars.

This is the first auger thief who has operated in Harrisburg since last fall, when a number of Second street business places were entered. Some time after those robberies a man was arrested and an auger, whose bit fit the holes in some of the stores, was found. It was believed then that the robberies would stop.

HENRY CLAY NOT GUILTY

New Jury Reverses Conviction of Defendant at Former Trial

Philadelphia, April 24.—Not guilty was the verdict rendered to-day by the jury in the conspiracy case against Henry Clay, former Director of Public Safety of Philadelphia, and John R. Wiggins and Willard H. Walls, contractors.

The three men had been charged with conspiracy to defraud the city in the matter of contracts for the building of police stations, bath houses and other municipal buildings. This was their second trial. All three were convicted at their first trial but the case was carried to the higher courts which granted a new trial. The second trial lasted several weeks.

MRS. M'CAULEY'S FUNERAL TO BE MONDAY AFTERNOON

Dr. J. Ritchie Smith and Dr. George B. Stewart Have Been Asked to Participate in Services for Great Granddaughter of "Parson" John Elder

The funeral of Mrs. Sarah E. Doll McCauley, widow of Gilbert M. McCauley, who died last night, will be held Monday afternoon, with services at 113 South Front street, her home, at 2.30 o'clock and at Market Square Presbyterian church at 3 o'clock. The services will probably be in charge of the Rev. Dr. J. Ritchie Smith, of Princeton Theological Seminary, and the Rev. Dr. George B. Stewart, president of Auburn Theological Seminary, Auburn, N. Y., both former pastors of Market Square Presbyterian church, assisted by the Rev. William B. Cook, the present pastor-in-charge. Late this afternoon relatives who had sent requests to Dr. Smith and Dr. Stewart to participate in the services had not yet heard from them.

Mrs. McCauley died at her residence after an illness of more than four months. She was 69 years old. For many years she was among the most active workers in Market Square church, being superintendent of the infant department of the Sunday school. She also was in charge of the sewing class of the church. She was much interested in the Y. M. C. A. and was president of the Women's Auxiliary of the local association for a number of years.

Gilbert M. McCauley, her husband, who died about fourteen years ago, was formerly general manager of the Central Iron and Steel Works and president of the Y. M. C. A. It was through him that Mrs. McCauley became especially interested in the association's work.

Mrs. McCauley was a great-granddaughter of John Elder, a pioneer settler of this vicinity and a pastor of the old Paxton Presbyterian church. "Parson" Elder was a conspicuous figure in the days of the Revolutionary war. Mrs. McCauley is survived by one brother, H. C. Doll, of Denver, Col.

DIES AFTER HE TAKES EXERCISE

Louis Fink, Manager of Livingston's Store, Expires at Y. M. C. A.

Louis Fink, manager of Livingston's We-Trust-U Store, 9 South Market square, died at the Young Men's Christian Association last evening after being taken suddenly ill. Mr. Fink had just finished taking his daily exercise on the gymnasium floor and came from one of the baths.

Mr. Fink had been a daily attendant at the Y. M. C. A. for a number of years, and had gone through the regular drills. When he came from the baths he complained of feeling ill. He had just about finished dressing when he turned to several men and remarked that he believed he ate something that caused indigestion. He immediately became unconscious and died ten minutes later.

Mr. Fink was 42 years of age and resided at 314 North Second street, where services will be held Monday afternoon at 2 o'clock in charge of Rabbi Charles J. Freund, pastor of Ohev Sholom synagogue. Interment will be in the Ohev Sholom cemetery.

KILLED IN RUSSIAN POLAND

George Suchi, Who Kept "Murder House," Ends Life in Battle

George Suchi, who operated a boarding house at 735 North Seventh street June 26, 1913, at the time when Maisa Moroni was thrown or fell from the third story window and was killed, and who afterward figured in a sensational police investigation in which the first dictograph was ever used by the local department, was killed in battle in Russian Poland, according to word received here by his friends.

Suchi and a half a dozen other Austrians were under arrest for Moroni's death. They were indicted for murder and afterward released when the Grand Jury did not find a true bill in the case on the dictograph testimony. Suchi left soon afterward for his home in Austria. John Shebu, another man who was jointly indicted with Suchi and who was a boarder in the North Seventh street house, received word that Suchi was killed.

SACRED ROBE STOLEN AND USED AS A TABLE CLOTH

Police Recover Costly Garment, Which Is Torn and Shows Cigarette Burns —Other Articles Taken From Synagogue Still Are Missing

A sacred robe used by the rabbi of a Jewish synagogue has been doing duty as a table cloth in a house on Filbert street, according to a statement made to-day by the police, who recovered the robe of Rabbi Goldberg. The rabbi identified it this morning in Police Headquarters.

The robe was seen swinging in the breeze from a wash line back of the Filbert street house and a search warrant was sworn out. Patrolmen Schelhas and Owens later took the warrant and found the robe in the house. It is much the worse for wear and cannot be used again for the purpose for which it was intended. It is torn in several places and is full of cigarette burns. No arrests have been made and as yet no charge has been entered against any individual.

According to Rabbi Goldberg, the Kesher Israel synagogue, at Fourth and State streets, was entered last September, when this robe and a silver collar were stolen. A collar similar to the one taken was returned to Rabbi Goldberg this morning, he said, by a colored woman in whose house the robe was found.

A second robbery, according to Rabbi Goldberg, was committed two weeks ago, when another robe was stolen, together with the contents of a Jerusalem mission box. None of the loot taken in this last robbery has been recovered.

1,000,000 WOMEN EXIST IN POVERTY

Sweatshop Wages in France Not Sufficient to Keep Body and Soul Together

FRENCH SENATE IN WARM DEBATE

Extraordinary Statements in Controversy to Fix Minimum Living Wage When Report of Boards Created by Government Are Submitted

By Associated Press.

Paris, April 24, 5.55 P. M.—Some extraordinary statements regarding sweatshop wages in this country were brought out in the Senate yesterday during the debate on a bill to fix a minimum living wage throughout France by boards created by the government. Jean Merel said that between nine hundred thousand and one million women in France are now enduring insupportable servitude and receiving wages barely sufficient to maintain life.

M. Morel, Henry Cheron and Edouard Herist stated that seventy-five per cent. of the workers at home on household linen goods make from 2 1-10 cents to 4 cents per hour by intense industry. In some provincial centers pay for such work is one cent per hour.

In Paris fourteen per cent. of the women working upon undergarments make a maximum of forty dollars yearly. Makers of artificial flowers employing much taste and manual dexterity, are able to make in the best season from eighty cents to a dollar per day, but more than fifty per cent. never are able to get beyond 30 or 40 cents. In the provinces women working on underwear and ready-made clothing are able to make only 10 to 12 cents a day in most cases and rarely as much as 20 cents.

M. Morel, who prepared the senatorial committee's report, went into the question of how such women are able to live. He cited one case of a woman who made 19 cents a day. She paid 13 cents on an average for bread, cheese and vegetables, leaving 6 cents a day for lodging and clothing.

Another case was that of a woman who had a child to support. The mother began to sew at the machine at 3 o'clock in the morning and worked all day and part of the night. She was able to earn 25 cents a day, but could afford nothing more to eat than soups.

The bill passed its first reading in the Senate. It had already passed the Chamber in November, 1911.

100 DETECTIVES ON TRAIL

March From Police Headquarters to Seek Slayer of Brooklyn Woman

By Associated Press.

New York, April 24.—A squad of one hundred detectives, the largest ever assigned by the central office to a single case, marched out of police headquarters to-day to seek the man accused of the murder of Mrs. Julia Heilner, wife of Seligman L. Heilner, a wealthy manufacturer of corsets, who was killed in her home in Brooklyn yesterday.

The detectives sought Joseph Hanel, formerly a ship steward and, the police assert, an ex-convict who had been sent eight days ago to the Heilner home from the Seaman's Church Institute, at the request of Mrs. Heilner, who sought to furnish employment to some needy man.

Robbery was the apparent motive of the crime. A suit of clothes and articles of jewelry, including the wedding ring Mrs. Heilner wore, were missing.

PIONEER PACKER DIES AT 71

John Cudahy Never Fully Recovered From Operation Four Years Ago

By Associated Press.

Chicago, April 24.—John Cudahy, Board of Trade operator, banker and pioneer packer, died at his home here last night, aged 71. Physicians asserted that Mr. Cudahy had never completely recovered from an operation for appendicitis he underwent four years ago. He sought to renew his health in California several months ago, but was forced to return two weeks ago and since then has been in the care of physicians. He is survived by the widow, two daughters and two sons.

Cudahy entered the packing industry as a boy in Milwaukee, first with Edward Reddis and then with John Plankinton. He became a partner of Chapin & Company in Chicago in 1875, the firm becoming Chapin & Cudahy in 1877 and later the Cudahy Packing Company.

DARING DAYLIGHT HOLDUP

Two Colored Boys Figure in Robbing Foreigner in Eighth Ward

Two colored boys committed a daring daylight robbery in the Eighth ward late yesterday afternoon. Trako Polovic, a North Seventh street, resident, was approached by the youths. They threatened bodily harm to the foreigner, who allowed one of the boys to go through his pockets while the other stood menacingly near.

Polovic lost $7.80, he told the police. He cannot speak English very good and being unfamiliar with the city he was unable to aid the police very materially in the search for the boys.

ALLIED AEROPLANES BUSY IN THE VICINITY OF SMYRNA

Paris, April 24, 5.15 A. M.—Allied aeroplanes are showing great activity over Smyrna, says a special dispatch from Saloniki. A French aviator recently dropped two bombs on Fort Kastro, killing several soldiers; another sank a German ship lying in port and a third struck the railroad station.

Observations made by aviators, according to the dispatch, indicate that the Turkish forces assigned for the defense of Smyrna number 35,000. They occupy trenches extending from Vourlah to Smyrna and are posted on heights commanding the city.

Forts Two Brothers and Pastrati have been repaired. A new fortification built above the farm of St. George has been armed with thirty heavy guns supposed to have been brought from Constantinople.

GERMANS DEFEAT ALLIES AND THE LATTER ADMIT IT

London, April 24, 12.45 P. M.—The War Office to-day gave out the following official note:

"The fight for the ground into which the Germans penetrated between Steenstraate and Langemarck still continues. The loss of this part of the line laid bare the left of the Canadian division, which was forced to fall back in order to keep in touch with the right of the neighboring troops.

"In the rear of the latter had been mour Canadian 4.7-inch guns, which thus passed into the hands of the enemy. But some hours later the Canadians made a most brilliant and successful advance, recapturing these guns and taking a considerable number of German prisoners, including a colonel.

"The Canadians had many casualties, but their gallantry and determination undoubtedly saved the situation. Their conduct had been magnificent throughout.

Ottawa, Ont., April 24.—The 4.7 guns of the Canadian division, lost and then recaptured at Ypres, are part of the heavy artillery brigade. They are 45-pounders from Montreal, under the command of Major Hall.

SEPARATE PEACE STORIES FROM AUSTRIA ARE CURRENT

London, April 24, 2.10 A. M.—The "Daily Mail's" Warsaw correspondents send to their newspaper a long statement from "a high authoritative source," in which the possibility is discussed of an early conclusion of a separate peace with Austria.

"Although the air is full of such stories, and the indications show that Austria is desirous of an instant and lasting peace," the statement says, "it must be understood that if Austria ceased to be a belligerent her position as a neutral would mean that she would be able to offer as great, if not a greater, obstacle to the success of Russian arms as if she remained a belligerent.

"The Russian plan of campaign now is definitely based on Grant's despised American Civil war theory of a continuous extension of battle line. It is necessary that Russia possess herself, temporarily at least, of the Austro-German frontier line from Cracow westward. Grant failed to hack his way through, although he had the preponderance of five men to his opponent's two, which is a greater preponderance than we can hope to attain. But he kept extending his line until one day the foe failed to get him and was outflanked.

LATE WAR NEWS SUMMARY

The new battle in Belgium, which has developed suddenly into one of the most important encounters in the west since the present battle line was formed, is being carried on by a relentless German attack and a determined resistance on the part of the British. It is now apparent that the Germans have brought up heavy reinforcements for this attack, and it is suggested in London that their immediate objective is the capture of Ypres, preliminary to another attempt to break through to the English Channel.

An official statement from the British war office to-day says that the British troops are still fighting for the ground which they were compelled to yield to the Germans. The loss of these positions exposed the Canadian division, which was compelled to fall back. The Canadians lost four pieces of artillery, but later recaptured them in a counter attack which, although occasioning heavy losses is described as successful. Berlin is elated at the German victory and newspapers there say that it evens the score for the British capture of Neuve Chapelle last month.

The Finnish steamer Frack has been sunk in the Baltic Sea by a German submarine. The crew is believed to have been saved.

Aviators of the allies operating over Smyrna report that the Turks are defending the city with 35,000 troops

ALLIES LAND TROOPS AT 3 TURK POINTS

New Attack on Dardanelles Begun With Invasion of Forces in Sultan's Domain

AIM TO CAPTURE TURKISH FORTS

Allied Forces Reported to Have Captured Enos and Passage From That Port Into Interior Is Expected Soon to Follow

London, April 24, 3.43 A. M.—The "Daily Mail's" Athens correspondent says:

"The new Dardanelles attack by the allies has begun with the landing of troops at three points, Enos,, on the Suvla promotory on the west of the Gallipoli peninsula, and on the Bulair isthmus.

"The object of these troops is the capture of the Turkish forts on the Gallipoli peninsula and to prevent the sending of Turkish reinforcements across the Bulair isthmus. The troops have captured Enos and the passage from that port into the interior is not expected to offer difficulties.

"Meanwhile the fleet on Thursday renewed its vigorous bombardment of the straits and of various points on the west coast of Gallipoli."

JAPS SEND ULTIMATUM TO CHINA FOR QUICK REPLY

Honolulu, April 24.—An ultimatum demanding a satisfactory reply within three days to the demands of Japan on China has been sent by the Japanese Cabinet to Ski Hicki, the Japanese minister at Pekin, for delivery to the representatives of China at the negotiations according to a dispatch from Tokio to the Hawaii Shinpo, a Japanese newspaper here.

Finnish Steamer Torpedoed

Stockholm, April 24, via London, 12.22 P. M.—The Finnish steamer Frack has been torpedoed and sunk in the Baltic by a German submarine. It is believed that the members of her crew were saved. The Frack carried a cargo of iron ore and was on her way to Abo, Finland.

British Battleship Damaged?

Washington, April 24.—The German embassy announced to-day it had information "from a reliable source" that a British battleship was severely damaged in the last Zeppelin attack over the Tyne.

Germans Sink Freighter

London, April 24, 2.37 P. M.—The freighter Ruth was sunk by a German submarine on Wednesday when about 100 miles east of May Island in the North Sea. The crew was rescued and landed at Leith, Scotland.

GOHL FINDS ANCIENT RELICS

Pottery Antedating Indians Excavated at Owasco Lake

Auburn, N. Y., April 24.—Discoveries of relics, said to antedate the Iroquois Indians, have been made at the foot of Owasco Lake, near this city. Edward H. Gohl, formerly of Harrisburg, an adopted member of the Onondaga tribe of Indians, recently found a fragment of pottery. Further investigations resulted in the finding of several other pieces of other relics.

A scientific survey of the entire field has been begun. A force of men has been employed and nearly half an acre already has been explored. Most of the articles found thus far were at a depth of several feet.

Mr. Gohl is a brother of John H. Gohl, of the firm of Gohl & Bruaw, contracting painters, of this city. He became interested in Indian lore early in life and has made an exhaustive study of the Red Man and has lived their life for many years. He is an artist of note and recently completed a friese in the public library at Syracuse, N. Y., which shows the Indian from his early life to the present day. The friese is six by eighty feet. It took nearly two years to do the work.

Bank Reserve Shows Increase

By Associated Press.

New York, April 24.—The statement of the actual condition of Clearing House banks and trust companies shows that they hold $171,034,870 reserve in excess of legal requirements. This is an increase of $12,977,050 over last year.
