The first team to run away was owned by the Schmidt Baking Company, of Harrisburg. A flying piece of paper frightened the team which ran uptown. While passing Shelley's restaurant the animals swerved toward the building. ### DESOLATION IN RUSSIAN POLAND DESCRIBED AFTER RUSSIANS FLEE TERRITORY

(Correspondence of Associated Press)  
Berlin, Saturday, April 10.—A picture of indescribable desolation with fully 5,500 houses destroyed, thousands of peasants homeless and living in holes in the ground, absolute cessation of any kind of work that shall provide for a fall harvest, is drawn in the reports now reaching here from Russian Poland.  
The retreating Russians, fleeing before the German advance, appear to have treated their own territory quite as severely as they did East Prussia earlier and to have left a miserable wilderness in which disease is apt to appear at any moment, and starvation is almost a certainty within a short time.  
The peasants, or those who still remain, show utter indifference to their condition and are making not the slightest effort to reconstruct what has been torn and burned, nor to plant crops of any kind. The majority of those of military age are away in the armies, or dead, and the old and young left behind seem unconscious of what the results of their inactivity are apt to be.  
Three quarters of Poland has been hit by the war and damage estimated at half a billion dollars has been done. Practically all the cattle and horse flesh in the country have been carried off by the retreating Russians.  
of life and ginger to it. It is a good act to look at and a good act to listen to. If to-day's business at the Colonial holds up to what is looked for, the past three days will probably go to make a new record at the Colonial. The new bill that comes to the Colonial on Monday will present as a headline feature the Colonial Kids band, an aggregation of youthful Harrisburg musicians who have been trained by Richard Kilgore, assistant manager of the Colonial theatre, and Edward M. Fischer, a member of the Orpheum orchestra. This band is forty pieces strong, and now ranks with the best of the juvenile bands in the country. It is an institution that Harrisburg should be proud of, for there are few cities in the United States that can boast of a band like this one. Their forthcoming engagement at the Colonial theatre is for the purpose of buying summer uniforms and the boys are hopeful that the theatre will play to big business as Wilmer & Vincent have promised the youths every cent of profit that might result from their engagement.—Adv.

### PUT STOMACH IN FINE CONDITION

**Says Indigestion Results From An Excess of Hydrochloric Acid**  
Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sour in the stomach much like garbage soured in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea. He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescing and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.  
Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.—Adv.
