PICTURE TALK ON TROPICAL MEXICO BY ALBERT KELSEY

Big Benefit Entertainment to Aid Pure Milk Society in Their Work for Babies of the City to Be Held Tomorrow Evening

All plans for the picture-talk on "Tropical Mexico" to be given tomorrow evening in Fahnstet hall by Albert Kelsey for the benefit of the fund of the Pure Milk Society of Harrisburg are practically completed, except, perhaps, for the details incident to the decoration of the stage. Tomorrow, however, big, quaintly-decorated vases and jars that suggest the "forty thieves" for all the world, gay blankets that recall the pounding of a tom-tom in faraway Yucatan, and a wonderful mysterious censor of incense taken from a well 300 years old will be carried to the auditorium and placed about to give the desired "local color touch" for Mr. Kelsey's talk. The patrons' list is steadily growing, despite the fact that few tickets can yet be had. The additional names include: Governor Brumbaugh, Mrs. Charles S. Boll, Dr. J. E. Dickinson, Clark E. Diehl, Dr. Galen Hain, Henry A. Keller, Jr., D. S. Selts, Norman D. Gray, Arthur E. Brown, Miss Sarah Chayne, Miss Blanche Clute, Mrs. Fred W. Covert, Mrs. Charles E. Covert, Mrs. D. W. Cox, Dr. Ruth A. Deeter, Mrs. Charles B. Fager, Jr., Mrs. Samuel W. Fleming, Mrs. Farley Gannett, Mrs. William H. Henderson, Mrs. John S. Graham, Mrs. Henry S. Gross, Mrs. B. F. Burns, Mrs. Walter Gaither, Miss Katherine Eggle, Mrs. R. C. Halteman, Mrs. Henry McCormick, Mrs. LaRue Lerner, the Misses Kelker, Mrs. Paul A. Kunkel, Mrs. John P. Melick, Mrs. James Musser, Mrs. Luther R. Kelker, John E. Patterson, Mrs. J. W. Milhouse, Mrs. Richard M. H. Wharton, Mrs. Frank A. Robbins, Mrs. George Kunkel, Mrs. G. H. Widder, Mrs. John A. Whitaker, Mrs. William K. Meyers, John E. Sweeney, Miss Margaretta Fleming, Mrs. John A. Fritchey, Mrs. F. M. Gilbert, Mrs. William M. Hargest, Mrs. William Jennings, Mrs. Paul Johnston and Mrs. Henderson Gilbert.

Albert-Keubler Wedding A pretty wedding was solemnized last night in the St. John's Lutheran church, Steelton, when Miss Lillie Keubler, of Steelton, and Joseph H. Albert, of this city, were married. The ceremony was performed at 9 o'clock by the pastor, the Rev. G. N. Lauffer in the presence of the immediate members of the family. The bride wore a traveling suit of blue with hat to match and a corsage of valley lilies and was unattended. Immediately after the ceremony Mr. and Mrs. Albert left for an extended wedding trip and on their return will reside at 328 Peffer street. The bride is a daughter of Mrs. Mary Thompson, of Steelton, and a graduate of the Steelton High school, class of 1906. For several years she has been employed by the Elliott-Fisher Company, as a stenographer. Mr. Albert is employed in the office of the Pennsylvania railroad.

Married in Cathedral The wedding of Miss Abbie Hartz and Charles Walkman, both of this city, was a quiet event of to-day, taking place at 9 o'clock this morning in St. Patrick's Cathedral, the Rev. Thomas B. Johnson, assistant rector of the cathedral parish, officiating. The bride wore a gown of white chiffon over white satin, with trimmings of lace and pearls and a tulle veil caught up with valley lilies. Miss Loretta Walkman and George Hartz attended the bride and groom. A reception followed the ceremony after which Mr. and Mrs. Walkman left for a wedding trip to Philadelphia and Atlantic City.

Miss Lippincott Returns to Overbrook Miss Katherine Lippincott returned to her home at Overbrook yesterday after spending the week-end with Miss Mary Elizabeth Meyers, 213 North Front street.

Charity Dances to-morrow A charity dancant will be given to-morrow night in Winterdale hall by Augustus Wildman, Jr., for the benefit of the Children's Day Nursery Home. The patronesses will receive from 8 to 9, after which dancing will be enjoyed. During the reception Mrs. Harper Heisley and Dr. Byron Stanley Behney will sing and Miss Eleanor Walters and Mr. Braselmann will give a dancing exhibition. A special string orchestra, directed by Fred Weber, will furnish music for the dancing.

Announcement of Birth of Daughter Dr. and Mrs. E. R. Whipple, of Steelton, have announced the birth of a daughter, Tuesday, April 27. Dr. Whipple is surgeon for the Pennsylvania Steel Company.

CLASS WILL MEET TO-MORROW

Last Meeting of Y. W. C. A. Volunteer Workers in Directors' Room The last session of the Y. W. C. A. training class of volunteer workers will be held Friday afternoon at 3 o'clock in the directors' room. This class has been particularly helpful and instructive to all in attendance and we hope to make the last meeting the best and most effective of all. With this end in view, the services of the Rev. H. W. A. Hanson have been enlisted. The Rev. Mr. Hanson is a well-known speaker of the day and all are cordially urged to come and hear him. The subject of the afternoon will be "Things That Remain—Our Religious Influence on the Community." After the meeting tea will be served and a general social time will be enjoyed.

Ramsay-Phillips Wedding Quarryville, April 29.—Miss Anna Phillips, of this place, and Allen Ramsay, of Darlington, Md., were married last night in the Reformed church by the Rev. E. W. ITALIAN METHODISTS ASSIST REFUGEES SENT BACK IN WAR

Florence, Italy, April 29, Via Paris, 5.05 A. M.—The annual conference of the Italian Methodist Episcopal church closed to-day after reports had been received upon the progress of work in Italy. The most important topic discussed was the assistance given Italian refugees driven home by the European war and also that extended survivors of the Avezzano earthquake. The Rev. B. M. Tipple, formerly of New York, but now pastor of the Methodist church in Rome, was appointed delegate from Italy to the general conference of the church to be held at Saratoga Springs in May, 1916. His election is regarded as an endorsement of his educational program, especially the plan to erect on Monte Mario close to the Vatican a modern college which would accommodate 1,000 students.

SAY ASPHYXIATING BOMBS CAUSES PAINLESS DEATH

London, April 29.—The Prussian military organ, the "Kreuz Zeitung," and the "Frankfurter Zeitung" and "Cologne Gazette," copies of which have been received here, all admit that the German used asphyxiating bombs which they justified. The "Frankfurter Zeitung" contends that it is more humane to employ such bombs, which it says produce a quick and painless death, than to pour a hurricane of shells on a single spot to destroy and break to atoms everything living there. The "Kreuz Zeitung" says the allies should learn the lesson that they are making a mistake "when by their behavior they cause us to resort to new technical weapons."

SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat, Which Clogs Kidneys, Then Back Hurts and Bladder Bothers You

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overeating kidney trouble while it is only trouble.—Adv.

STOMACH UPSET?

Get At the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound, mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.—Adv.

BELGIANS TELL ABOUT THOSE AWFUL ASPHYXIATING GASES

Havrre, France, April 29, 5 A. M.—The official Belgian commission appointed to investigate reported violations of the laws of nations has addressed to Minister of Justice Wiart a report on the use by the Germans of asphyxiating gases. It is stated that gaseous clouds extending 300 feet into the air were carried away from the German lines by the wind. The clouds were green in color at the base gradually fading to light yellow toward the top. Several kinds of gases appear to have been used, including chlorine, the nitrous vapors of sulphurous anhydride and others, the nature of which has not yet been determined.

Four methods were employed, the report states, in generating these gases. The first was to light fires in the first line of trenches and permit the wind to blow the gas formed towards the lines of the Germans' antagonists. The three other methods involved enclosing the gas in some kind of missile. These included cans thrown either by hand or mine howitzers, cylinders of compressed gas or shells containing compounds which were transformed into gases when they exploded.

The effects of the fumes were felt at a distance of half a mile. They produced a kind of stupor which lasted for three or four hours.

A German prisoner who was taken on April 15 stated that gas cylinders were placed along the entire front held by his corps. There was one every six feet and men specially instructed in their use were told to see that they produced the desired effect. These men were provided with smoke helmets while respirators were distributed to all the soldiers.

GERMANY BLAMES BRITAIN IN ILL TREATING PRISONERS

Berlin, April 29, via London, 2.05 A. M.—The statements made yesterday in the House of Commons and the House of Lords, by Winston Spencer Churchill, first lord of the admiralty, Premier Asquith and Lord Kitchener, regarding the treatment of the captured crews of German submarines and Germany's retaliation on British officers prisoners in this country, are regarded in high quarters here as well defined cases of imputing to Germany responsibility for measures which were inaugurated by Great Britain.

It was pointed out to-day in official circles that Lord Kitchener's reference to the provisions of the Hague convention barring solitary confinement of prisoners of war, except as an indispensable measure of security, applies with full force to Great Britain's treatment of submarine crews and that the Germans had not resorted to similar tactics until the British had set them an example.

It was stated that Mr. Churchill's announcement that American representatives would be allowed to visit the imprisoned Germans only if similar facilities were granted in Germany, was rather disingenuous in view of the fact that Great Britain and Germany had signed an agreement authorizing American visitations to prisoners' camps and that Germany had given no intimation that she would violate this agreement. It was added that no note questioning Germany's good faith in this matter should have been sent to the American embassy for transmission to the German government.

Blames War on England

Berlin, April 29, 10.40 A. M.—Houston Steward Chamberlain, the English author who has lived in Germany and Austria since 1885, has been decorated by Emperor William with the non-combatants iron cross. Since the war began there have been published in German newspapers with his consent letters to friends in which he blamed England for beginning the conflict. One of the letters attributed to him closed with the words: "May God protect the glorious German cause. There is no other hope for the future of mankind."

Inherits Husband's Wealth

London, April 29.—Mrs. Phyllis Lezboron, Brooks, of Greenwood, Va., inherits \$300,000 from Captain Douglas-Pennant, of the grenadier guards, who was killed in action in March. Captain Douglas-Pennant leaves Mrs. Brooks nearly all of his property in a will he made last October.

Railway Mail Clerks Elect Officers

By Associated Press. Boston, April 29.—Edward J. Ryan, of this city, was elected national president of the Railway Mail Association over George H. Fair, of Topeka, Kan., and I. G. Freeman, of Syracuse, N. Y., according to the result of a mail vote, counting of which was completed here last night. Ryan received 4,700 votes against 3,600 for Fair and 1,300 for Freeman. Other officers elected were: Vice President Chester M. Harvey, of St. Paul, Minn.; Secretary R. E. Ross, of Portsmouth, N. H.

TO FILL STATE HIGHWAY VACANCIES FROM RANKS

Cunningham Hints at More Removals and Promotions—New Construction Work Will Be Done Only if Funds Are Available After Repairs

Accompanying the announcement made late yesterday of the removals by State Highway Commissioner Cunningham of Charles P. Walter, of Harrisburg, as superintendent of roads in Dauphin county, and L. W. Francis, assistant engineer in Cumberland, Franklin, Fulton and Adams counties, it was stated by Commissioner Cunningham that in the case of these removals, as in others which may be made, vacancies will be filled in so far as practicable by promotion of men now in the employ of the department. Mr. Francis is succeeded by W. R. Wolfinger, at present road engineer in Montgomery county, and J. C. McCarroll has been transferred from the maintenance division to succeed Mr. Walter.

Delegations from Montgomery and Cambria counties called on Commissioner Cunningham in the interest of good roads in their counties and were informed that it would take a large proportion of the money available to place the 10,000 miles of State highways in proper repair and that Commissioner Cunningham did not see much hope for any large amount to be expended in new construction work had been provided for would go toward the construction of new and improved highways. The Commissioner said that he would not promise to build roads when the revenues of the State did not appear to be sufficient for that work. "You do not want promises," he said. "You want fulfillment."

\$100,000 IS APPROPRIATED FOR NAUTICAL TRAINING

The House last night passed the Hess bill appropriating \$100,000 for the continuance of Pennsylvania's nautical training formerly conducted in the schoolships Adams and Saratoga. The bill provides for the appointment of a commission by the Governor to request the Secretary of the Navy for the use of a man-of-war.

Real estate owned by railroads, telephone companies and quasi-public service corporations is made subject to local taxation in a bill which passed the House last night. Mr. Roney, sponsor of the measure, said there is real estate worth millions of dollars in Pennsylvania which is now exempt from all taxation.

ARGUE FOR RETENTION OF NON-PARTISAN FEATURE

The Senate Committee on Municipal Corporations, after hearing argument in opposition to the amendments proposed for the Clark third class city bill, decided last evening to report the bill out on next Monday night, but did not indicate positively what it proposes to do with the amendments.

The legislative committee of the City Solicitors' Association of Third Class Cities was heard in opposition to the amendments through City Solicitor Gardner, of New Castle, and City Solicitor Schoonmaker, of Bradford, the principal objection being to the amendment taking the election of City Commissioners out of the non-partisan class and making their nomination and election partisan, as before the Clark law took effect.

The principal speakers, with others, argued that the non-partisan nomination and election plan was the fairest way to ascertain the will of the people, and held that no city in the class desires to return to the old method.

Senators Vane, Clark and Beidleman asked numerous questions regarding the workings of the new law, and were told that with the several minor amendments agreed upon at the meeting in Harrisburg last December, it was undoubtedly giving satisfaction.

KIDDIES LOST IN OWN HOME

While River Was Dragged, They Were in Closet, Semi-Conscious Pittsburgh, April 29.—Dorothy Clark and Jane Pollock, each four, longed for just one peep at a real fairy, toiled into a clothes closet in the Clark home and closed the doors after them.

Eight hours passed and evening came. Both the Clark and Pollock homes, in Bellevue, were searched high and low for the kiddies. Then inquiries were made throughout the borough and finally men hired by the parents of the children dragged the Ohio river for their bodies. Finally someone thought of searching the clothes closets, and the tots were found in a semi-conscious condition.

BAD BILL IN CIRCULATION

Counterfeit \$5 Notes Abundant in Central Part of State Sunbury, Pa., April 29.—Sunbury Business Men's Association yesterday warned the people of Central Pennsylvania that a counterfeit \$5 bill is being circulated in Central Pennsylvania. It was also asserted that United States Secret Service men have been working on the matter. The bill is described as follows:

It is of the Indian head design and the defects are a black and white mark over the Indian's left ear, imperfect printing in the upper left corner. The design on the back is seven inches long outside, while that on the genuine bill is 6 3/4 inches long.

U.S. WOOD-WASTE EXCHANGE

Manufacturers Decrease Costs and Increase Their Profits by Utilizing Each Other's Scrap Material

Washington, April 29.—The latest business-advice service instituted by the government is a wood-waste exchange. It enables lumbermen and manufacturers in the various wood-using industries to utilize each other's waste to mutual advantage, aiming to effect a large saving in forest material as well as in money.

The wood-waste exchange is being conducted by the forest service of the Department of Agriculture. More than forty manufacturers of wooden articles already have asked to be listed as having certain kinds of waste wood for sale or as desiring to obtain their raw material in the rough or in semi-finished form from mill or factory waste.

Twice a month the exchange sends out a circular headed, "Opportunities to Buy Waste," containing the names and addresses of factories having waste wood for sale, with exact information as to species, sizes, forms and quantities. Similarly, another circular headed, "Opportunities to Sell Waste," gives the specific requirements of wood-using plants which desire to buy waste material.

One of the first waste problems solved has been that of a furniture maker in Michigan who wrote to the forest service asking how to dispose of sugar maple blocks and sticks which were cut off in the process of furniture making and which he had to sell merely as fuel. Samples were obtained from him and the forest service then located a scrubbing brush manufacturer who used small maple blocks for brush backs. The result was that the furniture maker was enabled to sell his waste at a much higher price than it had brought as firewood, while the brush-maker was enabled to buy brush-back material in suitable sizes at a much lower figure than it had been costing him to buy maple lumber and cut it up.

Firms which have been put into touch with each other through the exchange are expected to notify the forest service when their requirements have been met; then their names are removed from the lists. In this way several concerns which early took advantage of the plan have dropped off the lists; but as more and more manufacturers learn of the wood-waste exchange the lists are steadily growing.

An old idea has been exploded—men do not wait for a certain date to wear straw hats—they wear them now—when the weather demands it. All the new ones—all the good ones are here—wider assortments and better values than ever before.
