

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots. How to Remove Easily. Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

SOCIAL and PERSONAL

KERPER-ROURKE WEDDING

Harrisburg Man Married Prominent Society Girl of Reading—Will Reside at Sinking Spring

A pretty wedding was solemnized yesterday in St. Peter's Catholic church, Reading, when Miss Helen E. Rourke, prominent in social circles of that place, and a daughter of William J. Rourke, a member of the Berks county bar, became the wife of Robert E. Kerper, a son of Frederick J. Kerper, of this city.

The ceremony was performed by the Rev. James F. Kiernan, rector of the church, in the presence of a number of relatives and friends. Immediately after Mr. and Mrs. Kerper left for an extended wedding trip and on their return will reside at Sinking Spring.

Mrs. Kerper is a graduate of Villa Maria convent school, at West Chester, and has frequently appeared in charitable entertainments and amateur theatricals.

25 GUESTS OF MR. POMEROY

Legislative Correspondents at Banquet Given by State Official

The members of the Pennsylvania Correspondents' Association, composed of the newspaper men from all parts of the State who are here to attend the legislative sessions, were the guests of A. Nevin Pomeroy, Superintendent of Public Printing and Binding, at a banquet at the Hotel Columbus last night.

About twenty-five guests were at the board, there being present besides the newspaper men, former Senator William Hertzler, Deputy Secretary of the Commonwealth, Oliver D. Schloch, clerk of the Public Service Commission, and Thomas J. Bell, Chief Clerk of the Printing Department. Superintendent Pomeroy, who publishes and edits the "Franklin Repository," in Chambersburg, is a former president of the National Editorial Association.

The banquet room was decorated with flowers and State flags. During the evening there were songs, story and recitation, and once in a while somebody would make a speech complimentary to the host or of a reminiscent character.

Birth Announcement

Mr. and Mrs. William M. Reifsnnyder, 1819 Zarker street, announce the birth of a son, Robert Clark, on April 28. Mrs. Reifsnnyder prior to her marriage was Miss Ethel A. Clark, Newport.

TONGUE-END TOPICS CONTINUED

Continued From Sixth Page. any country in the world. Think of one of the richest countries on the face of the globe importing potatoes that are retailed at famine prices; and when I tell you that thousands of tons of American coal are imported yearly and consumed for steam purposes, and at a cost of over \$10 per ton in Manassas, also as far up the Amazon as Iquitos, 1,200 miles further, and a thousand miles up the Madeira river where it costs the consumer from \$12 to \$15 per ton, when an endless forest is on every side, it would sound as though the fable of Maropata was more than fiction, but it's true. I am told by business men the imported coal is less costly than wood.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You—Drink Lots of Water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

FRENCH CRUISER SUNK OFF COAST OF ITALY AND AUSTRIAN SUBMARINE WHICH SENT HER TO BOTTOM

The French armored cruiser Leon Gambetta was torpedoed by the Austrian submarine U-5 at the entrance to the Otranto Strait, off the coast of Italy, and advices show that 136 of the crew of 714 were saved. The lost include all the superior officers. The Leon Gambetta, when launched on October 26, 1901, at Brest, was regarded as the last word in armored cruiser construction as undertaken by French yards. The speed of twenty-two knots assigned to this ship was regarded at the time as exceptionally high, and in order to obtain this speed the design called for a development of 27,500 indicated horse power. The Leon Gambetta was fitted up as a flagship. She was a fine ship, even if not quite up to date, and when one considers the care with which war ship construction is inspected fourteen years is not old as ship age goes. It is only long in period in the matter of ordnance arrangements, and, despite the modifications of the last decade, the Gambetta was a ship that could ill be spared by the Allies.

DON'T SUFFER WITH NEURALGIA

Musterole Gives Delicious Comfort

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little MUSTEROLE on the temples and neck. It draws out the inflammation, soothes away the pain—gives quick relief.

MUSTEROLE is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister! Doctors and nurses frankly recommend MUSTEROLE for Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet—Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

TURK TOWNS INVADDED BY THE ALLIES

Independent readers and hoping before I return to have discovered an "unknown river," an active volcano or two and the material for a mint julep—why shouldn't I, for I have been from the extremes of Rio Grande do Sol to farthest Amazonas.

I. W. COPELIN.

Use Donkeys to Fool the Turks

London, April 30.—One thousand donkeys loaded with dummy baggage and guns played an important part in aiding the landing of British forces in the Dardanelles, says a Tenedos dispatch to the "Daily News" under date of Thursday. A point on the coast was selected for the disembarkation of the newest type of cavalry which was attacked by the Turks, who were under the impression that it constituted the advance guard of the invading forces.

While the attention of the defenders of the peninsula was thus distracted the English troops came ashore almost unmolested at a point some distance up to the coast.

The news correspondent says several thousand prisoners have been taken by the allies, including many German officers, who have been sent to Malta.

Several lines of trenches between Cape Helles and Kalid Bahr, on the European side, have been carried by assault and about 1,200 prisoners have been taken. On the Asiatic coast the French have captured some 1,800 men around Kum Kale.

German Garrisons Cut Off

"To-day the fighting in the straits had progressed as far as the line of entrenchments along the ridge that runs from Calvert arm at Thymbra to the hill of Hisarlik. From the summit of Tenedos, which was crowded with sight-seers, shells could be seen exploding all along this line, on which the French allies were advancing at about noon. Inside the straits the warships had not yet penetrated beyond Kephez point but the German garrisons between Kalid Bahr and Cape Helles are now said to be cut off by a strong force of British troops that has established itself across the narrowest part of the Gallipoli peninsula.

"Happily no loss of warships is known to have occurred so far."

Turkish Forts Seriously Damaged London, April 30, 4.37 A. M.—Serious damage to the Turkish fortifications resulted from the bombardment by an allied fleet which was carried about simultaneously with the landing of troops in the Dardanelles Monday, according to the "Chronicle's" correspondent who thus describes the operations:

"The bombardment grew terrific about midday. The largest warships lay at the entrance near the European side with others in Erekeui bay, firing heavily on Kalid Bahr and the mountains beyond. In the distance several small ships directed the fire of the fire of the large units on the Chanak and Kalid Bahr forts. Naval Bombardment Severe "Away to the left stretched the line of transports which effected landings late in the afternoon on the coasts opposite and on the peninsula. The effect of the naval bombardment evidently was severe. Tall columns of smoke and fire were seen on the heights above Seddul Bahr, Kephez point and Chanak. By 3 o'clock the Seddul Bahr seemed utterly knocked to pieces and the battleship moved further in, indicating that all serious opposition on the shores up to the narrow had been definitely battered down. The Turks made little attempt to reply to the warships. Airship Bombs Wipe Out Turks "Shortly after 6 o'clock the Turks provided a diversion at Cape Helles where the allies had landed a battery early in the morning. The Turks stood by their guns and managed to fire several ineffective shots before seven successive bombs dropped by airships wiped them out. "A fierce artillery duel took place at 7 o'clock between forces which had landed and Turks posted on the heights beyond Eski Hisarlik. A great British battleship came in close to shore to assist the batteries of the landing force and silenced those of the Turks. "The net result of the operations is that the allies are in complete possession of the tip of the Gallipoli peninsula and the flat shores of Suvla bay, ten miles from the narrow on the opposite side of the peninsula. Good progress also has been made towards the reduction of the forts in the narrow."

INDOOR LIFE MAKES FAT

Take Oil of Korein to Keep Weight Down, or to Reduce Superfluous Fat

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against over-stoutness, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air weakens the oxygen-carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any person who is satisfied in their own mind that they are too stout should go to a good druggist and get a box of oil of korein capsules, and take one after each meal and one just before retiring at night.

Even a few days' treatment should show a noticeable reduction in weight, digestion should improve, energy return, footsteps become lighter and the skin less flabby in appearance.

Oil of korein is inexpensive, cannot injure, helps the digestion and is designed to increase the oxygen-carrying power of the blood. Any person who wants to reduce their weight 15 or 20 pounds should give this treatment a trial. There is nothing better.—Adv.

When You Come Here For Your Piano

Doesn't make any difference if you are an expert judge or not. You'll know every instrument by name, reputation and tone. On each you'll find the price plainly marked, so that your purchase can be made without any element of doubt or uncertainty.

Furthermore, you'll realize how much our facilities, experience and capital benefits you. What we save in buying for cash in large quantities will be clearly reflected in our lower prices.

To-morrow we are offering exceptional values in BEST MAKES. Come in and look. You'll be glad you did so.

Here the New Edison Disc and Victor-Victrola Demonstrated To-morrow

No matter how familiar you may be with the different types of talking machines, you can't pass authoritative judgment until you hear them demonstrated side-by-side.

To-morrow's demonstrations will be of unusual interest because of the fact that the same selections will be played on both instruments, and with the instruments entirely out of sight, so that your decision will be based entirely upon quality of tone and reproduction.

Don't miss it. Satisfy yourself to-morrow.

Used Player-Pianos at \$225 Up To-morrow. Used Uprights \$125 Up. Rebuilt Squares \$20 Up. Practically Your Own Terms On These.

York production at the Hudson theatre, and this farce, which deals with theatrical life, jumped into instant favor. This gives the firm of Selwyn & Co. 33 1/3 per cent. of the successful plays now appearing in New York, a record never equaled before by any producing firm.

They are sending "Twin Beds" to the Majestic for a return engagement this afternoon and evening. Adv.

Thousands Applaud Kolonial Kids

Thousands are sounding the praises of the Kolonial Kids, who are now on the last lap of their week's engagement at the Colonial theatre. People who have not heard the band play before have simply marveled at the possibility of turning out such a remarkable musical organization of boys in so short a time. The boys are giving a new program for the last half of the week, and hundreds of those who were at the theatre the first half have returned to hear the new numbers and to see the rest of the vaudeville show, which was changed with Thursday's matinee. Gilson and DeMott are presenting a very pleasing song and dance turn. Guy Bartlett is making friends with his clever songs and monologue and Edith Mole is a quick change artist of unusual ability.

The Regent

To-day is comedy day at the Regent theatre and the two greatest comedians on the "movie" stage are appearing there in new pictures. Funny Charlie Chaplin who has delighted thousands of people will appear in a picture never before shown here and which has just been released. It is entitled "By the Sea" and shows the funny man in some of his most amusing stunts. Chaplin pictures, from their first appearance here have gained many

admiring and to-day's picture is sure to add to the list. But Charlie Chaplin is not the only star billed for to-day. Fred Mace will also be seen. Mace is a comedian with a style all of his own and his work in George Broadhurst's greatest comedy, "What Happened to Jones," is said to be exceptionally good. Broadhurst is a prominent writer of funny stories and to-day's comedy is his best. To round out the program Manager Magaro has engaged a jiny picture, "Bliss and the Jiny Bus." The "Win(k)some Widow" is to-morrow's big attraction.—Adv.

Victoria Theatre

To-day's bill is one of an exceptional nature in that the feature film is a comedy entitled, "Dröppington's Family Tree." This laugh-provoking film play in two parts was produced by the Keystone company, which means that there is "something doing" every minute and that it's a scream from start to finish. "The Disillusionment of Jane," a two-part Broncho, and "The Story of a Story" and Pathe News, the animated newspaper, which shows the latest of the world's great happenings as soon as it is possible to produce them, round out an extraordinarily strong program. Every day the management of this modern and up-to-date theatre is being complimented about the music furnished by Messrs. McBride and Malotte upon our new \$20,000

If Your Hair is Falling Out

we know of no better remedy than Rexall "93" Hair Tonic. A preparation which we gladly recommend to you. 50c. a bottle. George A. Gorgas

pipe organ. To see motion pictures at the Victoria is to see them under the most favorable circumstances. The pictures are shown on a special mirror screen by a big Simplex machine, one of the best made, and each action of the play is given its proper tone expression on our wonderful pipe organ. Adv.

Francis Bushman, Movie Idol, at Photoplay To-day

Francis X. Bushman, the movie idol of the world, appears to-day at the Photoplay in a three-act dramatic feature, "The Return of Richard Neal." This production is adapted from the story of that name published in the "Ladies' World Magazine" under the \$100 Lost Paragraph Contest. Bushman, as Richard Neal, is a psychological expert on hypnotism and is called in by the father of Doris Blake to try and arouse the girl from the influence of Nikola, who has her mind under his control. Neal sets a trap where by Nikola's and Neal's minds clash, to see which is the stronger and who shall control the girl. Doris is safely restored to her family after a desperate fight. Norma Talmadge and Donald Hall play the leading roles to-day in "Elsa's Brother," a two-act Vitagraph drama. To-morrow, Charles Chaplin, that funny guy, and Alice Joyce, both in a feature production. Adv.

"Have you any parts of an automobile that you don't want?"

"I have an old tire. What's the idea?"

"You know how our grandmothers used to make crazy quilts for the needy?"

"Yes."

"On the same principle I am trying to assemble an automobile, for a poor woman who has none."—Louisville Courier-Journal.
