Care of the Sick and Wounded

Chairman Woodward Admits He is Worried About the Appropriations

BILLS TO RAISE CASH GO DOWN

Judge Johnson, of Charities Board, Says Overcrowded Conditions in Insanc Hospital Call for the Expenditure of Half a Million Dollars

Conferences were held yesterday by Chairman Buckman and Woodward, of the Senate and House Legislative Appropriations Committees, with the heads of departments of the State government on the Central Appropriation bill, which it is expected will be in shape to report out next week. The two chairmen also conferred with Auditor General Powell on revenues for the next two years. The big bill, it is announced, will carry only administrative expenses for the Highway, Health and other departments whose general work will be provided for in separate bills.

Chairman Woodward admitted, after his consultation with the department heads and state officials, that the situation regarding the raising of revenue to meet demands from various sources for appropriations "is very grave." He called attention to the fact that members of the House were killing revenue producers and yet were pressing for large appropriations for various projects.

The overcrowding of the State in

ing revenue producers and yet were pressing for large appropriations for various projects.

The overcrowding of the State institutions for the care of the insame was the subject of a conference yesterday between the Governor and members of the State Board of Charities, Judge Isaac Johnson, of Delaware county, a member of the board, in a statement afterward said:

"State institutions are overcrowded to the extent of about 1,500 patients. County institutions are overcrowded to the extent of about 500. And the increase in numbers of insame annually is about 700, so that in two years the overcrowding would be increased one hundred per cent. We need approximately a half million dollars.

"We do not feel that the time is opportune for the building of new institutions. We ask that funds be appropriated to add units to existing institutions. In this way we can provide for the present overcrowding and prevent many insame from being confined in jails or cared for in almsthouses."

The members of the House Committee.

houses."

The members of the House Committee on Appropriations will have the chairman of the committee, James F. Woodward, of McKeesport, as their guest at dinner at the Harrisburg Club on Tuesday, May 11.

Care of the Sick and Wounded
Equipped with the most modern facilities for the care of the sick and wounded, the United States revenue curter Androscoggin is now in service as a hospital ship and will operate among the fishermen working on the Grand Banks of Newfoundland. This is said to be the first hospital ship ever outfitted by the United States government for service with a fishing fleet, although the plan is not a new one with other countries.—Popular Mechanics Wagazine.

Maedonald, who holds the chair of economics and political science, are the two members of the faculty who will leave. to Depart for Other Work

friend, leaving all his estate to this friend.

Makes Record Laying Bricks

Carlisle, April 30.—Placing between forty-eight and fifty bricks, each weighing nine pounds in each and every minute of time, John Dorsey, employed on paving operations, set a new record in activities here when in an hour and a quarter Wednesday evening he placed some 3,500 bricks in the North Han-over street work.

some 3,500 bricks in the North Han-over street work.

Dorsey was formerly with the Stuck-er Brothers, contractors, Harrisburg, According to reports Dorsey has one of the best records in the country placing some 32,000 brick in a ten hour day.

hazardous calling:

"For many weeks I was laid up sick in bed in the hospital with stomach trouble which gradually wore me away to a mere skeleton. The hospital treatment did not seem to improve me, so my doctor said I would not get well and told my people to take me home, as there was nothing any one on this earth could do for me. When I reached home my doctor ordered me to be fed on a tablesponful of Duffy's Pure Malt Whiskey every two hours. After taking Duffy's for over one week, without another morsel of food entering my system, I began to have a loriging for something to eat, and to my surprise found! could keep a little oatmeal gruel on my stomach, and gradually I regained my former appetite and felt better. Duffy's Pure Malt Whiskey is the cause for my present good state of health, and my doctor says I will soon structural iron worker. I am not afraid of the will benefit from the use of Duffy's the same as myself."

be able to go back to my trade of structural iron worker. I am not afraid of the truth and hope others will benefit from the use of Duffy's the same as myself.

—Thomas Satchell, 275 Tillary St., Brooklyn, N. Y.

Duffy's Pure Malt Whiskey

may be relied upon in extreme cases where other foods are rejected. When taken as directed just before meals, it assists in keeping healthy the essential functions of digestion because it induces activity in the flow of gastric juices so the food you eat will digest naturally. This action on the digestive process is of great importance as it brings to all the tissues and organs of the body the nutriment necessary to their sustenance and indirectly to the whole system strength and vigor. It's a medicine for all mankind, and you, too, can
