Third Higher Than For January-Last Week's Interest Centered On

New York, April 30 .- "The 'Iron

promise for the second quarter and the very poor prices—even poorer than was generally known—realized on January and February shipments. This week interest-has centered in primary markets and particularly in the buying of basic pig iron in nearly all districts outside of the East. These purchases are in part significant of the larger business of some steel com-panies and along with the week's de-velopments in Southern pig iron have been a factor of encouragement. A Youngstown steel company has

A Pittsburgh interest has sold 16.

### Dandruff Surely . Destroys The Hair

Girls-if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and, ruin it if you don't

**Reformed Classis Dele**gates Make \$1,000 Lowest Salary For

means get rid of dandrun, for it was starve your hair and, ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dis-solve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dis-solve and entirely destroy every single sign and trace of it You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Adv. Age" says the steel trade appears to be holding its own and leaders in the industry are satisfied to do that, under all conditions. . While the expansion all conditions. While the expansion looked for as spring advanced has not come, the average 70 per cent. rate of operations keeps up and with some large producers the total of April or-ders will make a better comparison with March than seemed likely early in the month. The Steel Corporation's statement, showing March earnings one-third more than the total for January and February, reflected the much better promise for the second quarter and the very poor prices—even poorer than

### Candidates to Be Examined at Lan-DEATH IN BABY'S BITE

Blood Poisoning Set in After Infant's Tech Dug Deep Into Flesh Pittsfield, Mass., April 30.—Miss Martha Kleiner, 22, died at her home' in Adams from blood poisoning, which resulted from the bite of a baby she Minimum salaries for ministers of the Reformed Church in the /Lancaster

resulted from the bite of a baby she was attending. Three weeks ago Miss Kleiner came here to visit relatives, and, being fond of children, she attended the baby in the household. While changing the in-fant's clothing she leaned down over the baby's face and was bitten deeply on the nose by the baby, whose small, sharp teeth dug into the flesh. Blood poisoning soon developed, and, a horse. For city ministers the mini-mum salary is fixed at \$1,000 and par-

been a factor of encouragement. A Youngstown steel company has bought 50,000 tons of basic iron, 17,-500 tons of fonge and 4,000 tons of foundry, and a Northern Ohio steel company 30,000 tons. On the basic iron the price was close to \$12.50 at Valley furnace. The basic iron pur-chases of two southern Ohio com-panies amount to 50,000 tons or more, half of it Southern iron. At Chicago a 10,000 ton sale has been made for steel foundry use in the St. Louis dis-triet. A trade of basic iron for iron ore is reported in the Mahoning Val-ley. Blood poisoning soon developed, and, in spite of every medical attention, its progress could not be arrested. There had formerly been go minimum alaries for Reformed ministers in this

### TREASURY AUDITOR QUITS classis. The recommendation was made by the Eastern Synod in the fall Secretary Bryan and Senator Hitchcock

Secretary Bryan and Senator Hitchcock Cannot Agree on Successor Washington, April 30.—William E. Ardrews, who has been Auditor of the Treasury since 1897, has resigned, and it is expected that Samuel Patterson, a Nebraska banker, will succeed him. Mr. Andrews, who also is from Ne-braska, served one term in the United States House of Representatives as a Benublican. that minimum salaries be fixed, and a committee was consequently appointed at an early session of the classis here to take the matter under consideration The report of the committee fixing the figures at \$800, \$900 and \$1,000 was ccepted by a vote of the delegates. The report of the committee on the

States House of nepresentation Republican. According to report, tae appointment of Mr. Patterson has been delayed on account of difficulty experimed by Secretary Bryan and Senator Hitchcock in agreeing upon a candidate. state of the church showed that there were a thousand new members received within the Laneaster classis during the past year, an unusually large number. The total number of communicants is

Lebanon Masons Hold Banquet The parochial report of the Rev. Homer S. May, pastor of the Fourth Reformed church and newly-elected president of the classis, shows that

Lebanon, April 30.-The banquet last evening of Mt. Lebanon Lodge No. 226, Free and Accepted Masons, proved 226, Free and Accepted Masons, provents to be one of the finest affairs held in Masonic circles in this city in many, years. Samuel H. Derrickson, of Ann-ville, was the toastmaster. Attorney Samuer of Harrisburg: Prof. C. A.

An official statement from Paris says that German warships have appeared off the Belgian coast and have bombarded Dunkirk. Twenty persons were

Genoa, at \$16 f. o. b. New York, or \$13.86 at furnace. The Southern pig iron market has stiffened under heavy buying, the April sales of Alabama furnaces amounting to nearly 250,000 tons. One producer is now asking \$9.75 for de-livery in the last half of the year and in other cases \$9.75 is quoted for the fourth quarter, though \$9.50 is still the market for the second and third quarters. The week has brought few develop-ments in exports beyond the distribu-tion of contracts already widely pub-lished. Freights are easier and 30 shil-lings to Liverpool is now possible. The belief grows that American steel mills are yet to do a heavier business with Europe for shipment this year. While London advices are that the 65,000 tons of rails for South Africa will be divided between the Algoma and Dominion mills at six pounds on ship at Atlantic port, efforts are still beine and to place part of the busibarded Dunkirk. Twenty persons were killed. The presence of the German high sea feet in the North Sea has been report-ed several times recently, and an of-ficial statement issued in Berlin a few days ago spoke of several expeditions of this kind, which were made without encountering the British fieet. The captain of a Swedish steamer reported that on crossing the North sea a few days ago he encountered a large num-ber of German warships. An official statement from the Bel-gian government says that a German ttack from Steensteraete was repulsed.

An omicial statement from the Bei-gian government says that a German-attack from Steensteraete was repulsed. This may refer to an engagement de-scribed in unofficial advices as disast-rous to the attacking party. It is said 4,000 Germans were almost annihilated by the Beirga artillery by the Belgian artillery.

A London dispatch says desultory fighting continues in the region of the Suez Canal. It is asserted the Turks are preparing to advance for another attack on the British

## ZEPPELIN BOMBS EXCITE THE CITIZENS OF IPSWICH

Ipswich, Eng., April 30, 5.25 A. M. —Excited residents of this historic town speat the early hours of the morn-ing taking stock of the damage done by the bombs dropped from the German airship, generally believed to have been a Zeppelin, which appeared shortly aft-er midnight. So far as can be learned no one was injured, although there wers several natrow escapes and the prop-erty damage was small. Bombs fell harmlessly in Waterloo street, which is the most densely populated district.

harmlessiy in Waterloo street, which is the most densely populated district. E. L. Livingstone, whose home in Brookshall road was struck by a bomb and virtually destroyed, said: "I was awakened just after midnight by a loud buzzing noise followed by a bang which shattered the windows in our house. I started up, rushed my

Alexander Hamilton-"Father of American Credit"

ANIEL WEBSTER says of Hamilton: "He smote the rock of National resources and abundant streams of revenue gushed forth; he touched the dead corpse of public credit and it sprung upon its feet" No man did more to build the Constitution of the United States than did Hamilton. He took a prominent part in every debate, and worked indefatigably on all the important committees. His genius, individuality and daring foresight are indelibly stamped upon every clause of our National Law-the law under which Americans are guaranteed for all time Religious, Commercial and Personal Liberty. During Hamilton's lifetime he used his great influence to encourage and protect the brewing industry. Among all the Fathers of the Republic none knew better than he that honestly-brewed barley-malt beers make for true temperance. This American Colossus, who was second only to Wash ington in the service rendered to his country, drank good beer all his days. We know of no one who has yet dared declare that it injured him in any way. Under the tenets of the Constitution, which Hamilton did so much to make a fact, Anheuser Busch 58 years ago launched their great institution. During these years they have honestly brewed honest beers. To day 7500 people are daily required to meet the public demand. Their world-famed brand BUDWEISER because of its quality, purity, mildness and exquisite flavor, exceeds the sale of any other beer by millions of bottles.
