Soutter's 1c to 25c Department Store
215 Market St. Opp. Court House
WHERE EVERY DAY IS BARGAIN DAY

Contracts were awarded Thursday for the material and work for the plant of the Merchants' Ice Company, which is to be erected at Cameron and Berryhill streets. The walls will be of hollow tile and brick. The building will be 58 feet by 170 in dimensions, and will be lighted by steel bound glass windows. By reason of the slope of the plot on which the building will be

erected the new company will save considerable expense in handling the products by a gravity system. The construction of the plant is in charge of a building committee including Ignatz Furber, W. A. Cartwright, Albert Koenig, L. W. Kay and A. P. Kitchen. The new company started last August. The first meeting was held in Board of Trade hall September 8, at which the following directors were elected:

W. A. Cartwright, W. J. Perrin, L. W. Kay, William E. Koons, C. E. Sheesley, H. M. Hare, B. B. Drum, P. Johnson, J. P. Miller. H. M. Hare was elected treasurer. NEWS OF STEELTON

EVANGELISTIC MOVEMENT SUCCESSFULLY LAUNCHED

The Rev. C. E. Hillis and Party Drew Large Audiences to Tabernacle at Both Services Held Sunday Afternoon and Evening

Fully 2,500 people attended the services yesterday afternoon and evening at the opening of the Hillis evangelistic campaign of Steelton and vicinity. The tabernacle, with a seating capacity of 2,400 people, was well filled at both services. This structure is built on the order of the Stough campaign building, located at Harrisburg a few months ago. Every space for the seating capacity will be utilized and no stoves will be erected as the committee has decided that they will not be necessary. However, arrangements have been made for the installation of a number of large electric fans.

At the dedicatory exercises yesterday afternoon the Rev. C. B. Segelken, pastor of the First Presbyterian church, chairman of the executive committee, presided; the Rev. E. J. Huggins, pastor of East Steelton Church of God, read the Scripture, and the Rev. H. F. Rhoads, pastor of the Highspire United Brethren church, offered prayer. The Rev. W. N. Yates, pastor of the Fourth Street Church of God, delivered the dedicatory sermon; the Rev. A. K. Wier, pastor of Centenary United Brethren church, Steelton, pronounced the benediction.

The co-operating churches are as follows: First Presbyterian, the Rev. C. B. Segelken; Centenary United Brethren, the Rev. A. K. Wier; Main Street Church of God, the Rev. G. W. Getz; East Steelton Church of God, the Rev. E. J. Huggins; Highspire United Brethren, the Rev. H. F. Rhoads; United Brethren, Oberlin, the Rev. C. E. Swigert; First M. E., the Rev. W. C. Sanderson.

The executive committee is composed of the following: The Rev. C. B. Segelken, Prof. L. E. McGinnis, the Rev. A. K. Wier, J. B. Malchorn, the Rev. Chas. A. Huyette, secretary; Charles McCoy, the Rev. G. W. Getz, Carl Stevie, the Rev. H. F. Rhoad, Ralph Parthemore, the Rev. C. E. Boughter, G. W. Smeltzer, the Rev. G. J. Sanderson, J. L. Holt.

The choir of almost 400 voices, under the leadership of Prof. Lawrence A. Stahl, rendered excellent music. W. N. A. Yates, of Harrisburg, presided at the piano. The Mehlin piano has been donated by the Sigler Co. A duet was rendered by Prof. Stahl and Mrs. Hillis, which was highly appreciated.

The Rev. C. E. Hillis, the evangelist, preached last evening on 'The Value of the Bible.' He said in part: 'The Bible has always been hated by some people.' He scored Bob Ingersol, Tom Paine, Pastor Russell and Mrs. Eddy on their preaching of infidelity.

'The Bible is a live book. We sometimes tear Latin and Greek works to pieces, but the Bible is a live book and stands forever. This revival campaign will be a Bible campaign.'

Services will be held every evening at 7:45 o'clock, except Monday. The subject on Tuesday evening will be 'A Tragedy in Four Acts.'

The big chorus will hold a rehearsal in the tabernacle this evening and all persons desiring to join are invited to attend.

HOG THEFT IS CHARGED

Three Foreigners Are In Jail and Must Face It
Vass Rokas, Steve Radoevic and Matija Obradovic are now in the Dauphin county jail awaiting trial on a charge of hog stealing. The former two were arrested Saturday at Marietta by Detective Durnbaugh and the latter was taken into custody in the borough several weeks ago by the same officer.

The charge grew out of the theft of a 400-pound hog from the premises of a tenant farmer on the Jacob I. Eshenaur farm near Oberlin, where on January 16, 1914, early in the morning a fat hog was taken from a pen, slaughtered on the premises and the meat removed at the time without detection. Suspicion rested on the men now in jail and after many months, sufficient evidence has been secured to hold the men for a trial.

TO MELT STEEL WITH COAL GAS TAR AT OPENHEARTH

After Experimenting Two Years the Pennsylvania Steel Company Finds Coal Product As Good As Oil For Producing Great Heat

After two years experimenting with coal gas tar as a heat producing medium, the Pennsylvania Steel Company announced this morning that it had equipped No. 25 furnace of the open hearth battery to consume this kind of tar in place of the oil with which all the rest of the furnaces are heated.

Heating open hearth furnaces with coal gas tar is very much in vogue in the Pittsburgh district as well as in other large steel centers, but this is the first time this product is to be used at the local plant. The cost of coal gas tar is slightly less at the present time than oil and a large supply of the new fuel can be secured at the Semet-Solway coke plant, East End.

AUTO AND TRUCK COLLIDED

Big Machine Is Not Injured But Auto Is Damaged
In a collision between an automobile owned by W. E. Abercrombie, general superintendent of the Steelton Store Company and an auto truck owned by the company, of which he is the head, which occurred this morning about 9 o'clock at Front and Adams streets, the lighter car was damaged considerably, but the truck was not injured.

The latter was just turning out of Adams street into Front street, when the auto, in charge of Howard Jackson came up Front street. The letter evidently did not notice the heavier machine until he was almost against it and then reversed the gear and applied the brakes, but before the auto could be stopped it had piled headon into the front wheel of the auto truck.

The damage consisted of a broken right hand lamp, badly bent mud guard on the right side and a bent front axle. Neither of the drivers was injured.

TABERNACLE DYNAMITED

Foes of Local Option Credited With Attempt to Wreck Biederwolf Meeting Place

Hagerstown, May 3.—What the police regard as a deliberate attempt to blow up the Biederwolf tabernacle, an immense rough timber building seating 7,000 people being used by the evangelist in his six weeks' campaign here, was made about 2 o'clock yesterday morning, when a quantity of dynamite was exploded at one corner of the structure. Caretaker J. C. Finckel, who sleeps in one end of the building, was thrown from his cot and slightly hurt. He fired three shots in the direction of the explosion, but did not see the dynamite.

While the earth was torn up for considerable space around, the actual damage to the tabernacle was slight.

By some persons, friends of the liquor people are blamed for the explosion.

Fire Alarm Box Tried Out

Fire alarm box No. 47, Seventh and Verbeke streets, was allowed to run four rounds at noon today to give it a thorough test. All the district fire companies had been notified so they would not respond to the alarm.

VETOES OPTOMETRY BILL

Governor Brumbaugh Sees No Reason Why State Bureau of Medical Licensure Should Not Suffice

Governor Brumbaugh on Saturday evening vetoed the Daix optometry bill, which would have established a separate bureau to license optometrists, holding that he sees no reason why the practitioners should not place themselves under the State Bureau of Medical Licensure. In his message the Governor says:

'This bill is designed to regulate the practice of optometry in Pennsylvania. It aims to do this by creating a new examining board to license optometrists. This board is created in a way that is contrary to all precedent. To limit the executive in his appointments to a professional body to whom is entrusted the conservation of human vision by compelling and directing him to appoint only those selected by the executive committee of a society that has no obligation or responsibility to the people, and a society whose members are in no legal way related to the people at large, is contrary to the policy of law.

'There is no convincing reason why these practitioners should not voluntarily place themselves under the existing licensing body of the Commonwealth. Under section 4, one member of this proposed board can secure the granting of a license, a situation wrought with grave menace. Unless a commanding reason is manifest, no additional examining boards for professional regulation should be created.

'The standards of professional service in this Commonwealth are and have been high. We are a center of professional services of the most commendable standards. These standards must be safeguarded and exalted. No official act of the Commonwealth should in any way lessen the standards of admission to a professional career in this Commonwealth nor the standards of professional training to fit for technical service. The human eye is priceless. The care and treatment is a sacred service. The sanction of the State, which is the sanction of the people, cannot be lightly bestowed.
