### TWO NORWEGIAN STEAMERS VICTIMS OF SUBMARINES

London, May 4.—The Norwegian steamer Baldwin was sunk by a German submarine in the North sea on Sunday. The members of the crew, numbering seventeen men, were allowed to take to their boats. To-day they landed at Leith. Nine shots were fired into the Baldwin before she went down.  
The Norwegian steamer Laila was of 698 tons net register and 231 feet long. Built in 1902, she was owned by Det Selmerke Raderi, of Trondhjem, Norway.

### 12,000 GERMANS REPORTED SLAIN IN BATTLE AT YPRES

London, May 4.—Percival Phillips, in a dispatch to the "Daily Express" from the Belgian frontier, says: "The German staff in Belgium admit they lost 12,000 dead in the battle of Ypres. Some idea of the enormous flood of wounded that poured across Belgium last week may be gathered from the fact that on Thursday alone

18 trains, each of 40 carriages filled with serious cases, passed through Bruges on the way to Cologne.  
"Southeast of Bruges and east of the Bruges-Courtrai road Flanders appears to be literally packed with waiting divisions bivouacked in fields and billeted in every building, while the countryside is dotted with new artillery parks. Belgian railway officials declare that the recent movement of new armies into Flanders was the finest example of perfect organization they had ever witnessed."

### MONTENEGRINS REPULSE NEW AUSTRIAN ATTACKS

London, May 4.—The following report from Cetinje was given out yesterday afternoon by the Consular General:  
"During the last few days the Austrians have renewed their activity on the entire Montenegrin front. Our troops posted on the heights above Cattaro were subjected yesterday to a fierce attack, but they maintained their positions and repulsed the assaults."  
A further announcement by the Consular General states that Montenegrin villages near the frontier are in a pitiable condition from lack of provisions and from the ravages of infectious diseases, which, it is declared, were brought to Montenegro by the Austrians.  
Austrian aeroplanes are daily bombarding open towns, the statement says.

### TURKS ATTACK BRITISH NEAR THE SUEZ CANAL

Constantinople, May 4.—An official announcement last night said: "One of our divisions near the Suez canal attacked on April 28 a company of camel drivers (British camel corps), who were equipped with rapid-fire guns. We pursued them and after half an hour's fighting we captured a number of rifles and some camel gear. During the night of April 28-29 our artillery severely damaged a dredging boat. "Two enemy squadrons of lancers were repulsed, losing 60 killed and wounded. They were pursued by the fire of our artillery and machine guns. We lost nine men."

### SAYS CLAIMS OF RUSSIAN DEFEAT ARE EXAGGERATED

London, May 4.—German claims of a crushing defeat of the Russian center are exaggerated accounts of local successes, in the opinion of the "Daily Mail's" military correspondent, who says: "Such exaggerated claims are to be expected just now in view of the necessity of influencing wavering neutrals. Nevertheless, the German offensive against the Russian center long has been expected. For the past month the Germans have been moving men to

Cracow. "That such a maneuver as piercing the Russian center was essayed at the same time as serious attacks toward Riga and Ypres shows the resources and amazing audacity of the German staff. If the Russian front has been pierced and a serious reverse suffered, the war will be greatly prolonged, but that any German success, however great, will affect the resistance of Russia cannot be believed."

**Stockings for French Soldiers**

**Botha's Troops Capture Otymbingue**

The British losses were only eight killed. Five of these men lost their lives in the explosion of a mine during the advance up the Swakop river.
