A Woman's Charm

Beautiful hair, fluffy, lustrous, abundant and free from dandruff, is one of woman's greatest charms—it is her main delight—yet many who would be most attractive but for their streaked, thin and lifeless hair, think there is no remedy and that pretty hair is a gift of nature. Beautiful hair is always a matter of care and proper nourishment of the hair roots.

If your hair has been neglected, is thin, faded, dry or too oily, Parisian Sage, a delicately perfumed liquid, well rubbed into the scalp and brushed through the hair will work wonders—you will be surprised and delighted with the first application—not only will your hair appear twice as abundant—soft, fluffy and radiant with life—but really doubly beautiful.

Parisian Sage supplies all hair and scalp needs. It surely removes dandruff and cleanses the hair of all dust and excess oil. It is a harmless, inexpensive and scientific tonic that never fails to act as a real and lasting benefit to the hair and scalp.

Delighted users pronounce Parisian Sage, which is easily obtained from H. C. Kennedy or any drug counter, the best, most pleasant and invigorating tonic made.—Adv.

By Associated Press. Rome, May 4, Via Paris.—The decision of King Victor Emmanuel and the members of the Ministry not to take part in the ceremony of the unveiling of the Garibaldi monument at Quarto Sant' Elena is being commented upon to-day as a step of very great significance.

The Presence of His Majesty at the Unveiling Had Come to Be Regarded as Virtually Tantamount to a Declaration of War.

The presence of His Majesty at the unveiling had come to be regarded as virtually tantamount to a declaration of war. Now the change in the King's plans is regarded as meaning that the participation of Italy in the European conflict again has been postponed. The hope has been entertained by the pacifists that the efforts of Italy to arrange a peaceful solution of her problems may ultimately be successful.

Note Issued After Cabinet Meeting. "In view of the international situation, the King and his Ministers cannot leave the capital to be present at the unveiling of the Garibaldi monument at Quarto Sant' Elena," was the text of a note issued after the meeting of the Cabinet yesterday. Its publication produced a profound effect upon public opinion.

Abandonment of the plan for the participation of King Victor Emmanuel and high government officials in the ceremonies attendant upon the unveiling is believed to have been the result of a call made by Prince Von Buelow, the German Ambassador, upon Foreign Minister Sonnino Sunday night.

The details of this conference are supposed to have been presented at the meeting of the Cabinet, the call for which was not issued until yesterday morning. The Ministers assembled two hours later and the council lasted four hours. All the Ministers arrived promptly at 11 o'clock, except Minister of Justice Orlando, who was absent from Rome, and he returned to the city in time to take part in some of the deliberations.

Hurried Visits of Diplomats. Immediately after the council closed Baron Sonnino, who had called upon the King before the session opened, went to the consulate, where the first secretary of the German embassy awaited him. After receiving a verbal communication from the Baron, the secretary hastened to the Villa Malta, the private residence of Prince Von Buelow, while Foreign Minister Sonnino called upon the King for a second time.

These events are interpreted in many ways in political circles, but the censors have forbidden the transmission of all comment. Correspondents are permitted to say, however, that Prince Von Buelow made new proposals Sunday night to Baron Sonnino. These proposals were submitted to the Cabinet Ministers, who will hold another council to-day.

Italy's Attitude Not Changed. The press is unanimous in declaring the abandonment of the King's trip to Quarto has in no way altered the government's decisions. A semi-official note couched in vague general terms says: "Italy's attitude cannot undergo any change from the King's not going to Quarto."

It is recalled that when committees arranging for the dedication of the monument called upon His Majesty to be present at the ceremonies he announced that he would not go.
