**SUFFRAGE HOUSEWARMING**

Beautiful New Headquarters of City Association Opened Yesterday—  
 Tea Was Served

The Harrisburg Suffrage Association formally opened their new headquarters in Masonic Temple yesterday with a tea from 2 o'clock until 9. Mrs. John R. Oenslager, chairman of the city committee, and her committee worked very hard to insure the success of their housewarming and won unstinted praise for the efforts.

The window decorations, arranged by Mrs. Lindley Hosford, were especially attractive, representing a miniature bit of landscape gardening, in which flowers of suffrage yellow predominated. The rooms were prettily decorated with flowers given by Charles Utley and the Berryhill Nursery and furniture and hangings loaned by Goldsmith and Dives, Pomeroy and Stewart.

Mrs. Karl Kaltwasser, Mrs. Paul Smith and Miss Janet Sawyer presided over the tea table.

**ROOSEVELT CALLS ATTACK ON GULF FLIGHT "PIRACY"**

Syracuse, May 5.—Colonel Theodore Roosevelt, in commenting yesterday upon the attack on the Gulf flight, he considered it "an act of piracy, pure and simple." The colonel admitted that he had not followed the events relating to the attack very closely, but from what he had read about it he said he saw no reason to change the opinion he had expressed regarding the sinking of American ships in a magazine article at the time the Germans established their war zone.

In that article the colonel said if the Germans should sink an American ship within that zone it would be pure piracy. Mr. Roosevelt would not discuss what effect the incident would have upon this government's relations with Germany.

**Alarm Clocks Annoy Sitting Hens**

"Farm and Fireside," the national farm paper published at Springfield, Ohio, has been offering prizes for the best letters describing ways and means to discourage sitting hens. In the current issue the prize-winning letters are published. First prize went to the writer of the following letter:

"Some years ago I was endeavoring to break up a sitting hen, but my efforts were in vain. 'Old Yaller' continued to sit.

"Finally I took a small alarm clock and set it so it would go off in a few minutes. I placed it in one corner of her nest and watched. It went off. And so did 'Old Yaller.' She left the nest and stood dazed for one horrified instant and then with one squawk she ran out of the henhouse and flew over the park fence and began to hunt for bugs in the grass.

"She not only stopped sitting but she stopped clucking, and in a short time began to lay. I have since tried this method on more than one hundred broody hens with complete success."

**GERMAN WARSHIPS SHELL A RUSSIAN NAVAL YARD**

London, May 5.—A Copenhagen dispatch to the "Daily News" says that private advices from Stockholm state the following:

"German warships are busy in the northern part of the Gulf of Bothnia, especially in the Aaland Sea. Yesterday a Swedish ship arrived and reported that the military lighthouse at Langskaeron, Aaland Islands, was set on fire Monday morning by shells from a warship.

"This is the first direct German attack on the important Russian naval yard at Aaland. It is expected a general naval offensive will begin shortly in the northern part of the Gulf of Bothnia."

**A SETBACK FOR PEARSON IN THE MUNITIONS CASE**

Milwaukee, May 5.—General Samuel Pearson, button yesterday in his first effort to stop the manufacture of war munitions by the Allis-Chalmers Company, says he will not wait until May 18 to answer an order of the court here to show cause why his case should not be thrown out of court, but is ready to argue the case now.

He has not decided whether to remain here and force the issue or to go East and begin proceedings directly against the Bethlehem Steel Company.

Pearson's setback was caused by an order issued by Circuit Judge Turner requiring Pearson to show cause why proceedings for the examination of Otto H. Falk, president of the Allis-Chalmers Company, should not permanently be stayed and the suit dismissed.

Max Babb, attorney for the corporation, said yesterday that Pearson is not a stockholder and has no right to inquire into the company's affairs. He admits that certain castings are being manufactured, but said he did not know to whom consignments are eventually delivered.

Pearson announced that suits would be started against seven Illinois concerns for manufacturing munitions of war for the allies.

**SOCIALISTS GIVE SUPPORT TO THE GERMAN WAR CREDIT**

London, May 5.—A considerable minority of the Socialist party in the German Reichstag opposed the voting of the full war credit demanded by the German government, according to last Saturday's Berlin "Cosische Zeitung" a copy of which has been received here.

The newspaper explains that at a meeting of the Socialist party before the session of the Reichstag March 20 which voted the credits, a series of votes were taken. In these 23 Socialists are declared to have opposed voting the credit of 500,000,000 pounds (\$2,500,000,000) but the newspaper asserts that it was decided by 69 votes to 30 that the party should support the budget as a whole. The newspaper adds that a motion that it should be expressly stated that only a majority of the Socialist party supported the estimate was rejected against a minority of 23.

**ADRIANOPLE ALMOST FREE OF TROOPS; ARTILLERY REMOVED**

London, May 5.—Adrianople has been almost completely denuded of troops, while all heavy artillery has been removed from the city, says a dispatch to the "Times" from Sofia. **Says Farmers Swear Too Much**

A Michigan contributor, writing under the title, "The Most Senseless Vice," has the following to say about swearing among farmers:

"I really believe there is more swearing sandwiched into the farmer's conversation than with any other class of men. At least I, who was brought up in town, never heard so much of it as I have since I made my home in the country.

"I spent eight years of my school life in city schools, and I remember how shocked we were when we happened to overhear the mildest of 'cuss' words.

"Since I have lived in the country I have had an opportunity to observe three different district schools, and I find that not only the boys, but even the girls, will occasionally use words that it seems impossible they could even have heard.

"And this community is considered exceptionally prosperous and refined.

"Can any one tell me what we few, who do care what kind of talk our children hear and use, are going to do about it? We can't keep our children by themselves; in fact, we don't want to, as we want them to have friends to, as they want them to have friends outside of the home circle. We realize that otherwise they cannot grow mentally.

"It isn't just the wickedness of it, for to me it seems like a really serious sin. But the coarseness and vulgarity

An Unusual Display of Fountain Pens at Claster's Jewelry Store

Claster's Jewelry store has a reputation for attractive show windows. The displays are frequently changed and the contents and arrangements are such that they are sure to attract the attention of those passing by. Usually there is something novel or special that makes them distinctive and interesting. This week it is a display of "Waterman's Ideal Fountain Pens" that catches the eye of the public and draws groups of spectators. First of all quantity of pens required in the decoration attracts attention. Next, the very many different styles, many of them very artistic and beautifully ornamented creates a surprise and finally the general effect is very impressive and pleasing.

The window was arranged by Joseph Adelstein, who does the decorating for the store. In this instance Mr. Adelstein has excelled his usual clever efforts and is the recipient of many compliments. Mr. Claster has entered the window in the contest conducted by the Rice Leaders of the World Association, an organization of manufacturers who have attained special prominence in commercial and industrial activities.

The Rice Leaders are offering prizes aggregating \$15,000 for window displays of products of members of the association. The manufacturers of the Waterman Ideal Fountain pens are members of the association.
