TO ISSUE NEW CROP REPORT

'Agricultural Outlook' to Be Succeeded by Monthly Serial Similar to 'The Crop Reporter'

Washington, D. C., May 7.—The publication of the farmers' bulletin entitled "The Agricultural Outlook," will be discontinued with the issue of April, 1915. Beginning with the month of May, 1915, and monthly thereafter, or as often as may be necessary, data relating to agriculture, including estimates of acreage, condition, yield, production, prices and values of crops and live stock, in the form of tabular statements, accompanied by text summaries and comments, will be published in a serial of the Bureau of Crop Estimates entitled, "The Monthly Crop Report." It will be printed on pages of quarto size, and will be placed in the hands of readers as soon as practicable after the day of the month to which the report relates.

"The Monthly Crop Report" is a resumption, in size and nature of material, of "The Crop Reporter," which was discontinued with the issue of June 19, 1913. The publication of statistical matter was resumed, however, September 11, 1913, in the "Agricultural Outlook." In addition to the statistical data, the "Outlook" included a number of chapters or articles dealing with timely matters of production. It has been found impossible to publish the "Outlook" quickly enough to make the crop figures fully serviceable to the public. The cost was greater than anticipated, and the special articles published therein frequently were lost to sight and failed to secure the direct attention of farmers that the circular series of the department or the Weekly News Letter would give them. The separation of the crop reports from the other material, not directly pertinent thereto, will enable the department to publish the details of crop reports more promptly, effect direct circulation of both classes of material. The issuance of the special articles is to be continued, but full provision is now made for their wide publication through the circular series of the office of the Secretary and through the enlarged Weekly News Letter.

NO 'POOR INDIAN' ABOUT THESE

Omahas Go in Autos to Banquet in Dead Chief's Honor
 Omaha, Neb., May 7.—Fifty members of the Omaha Indian tribe from out on the reservation arrived in Omaha yesterday to celebrate the anniversary of the birth of Chief Fontenelle by having a banquet at the new million-dollar Hotel Fontenelle, which is named in his honor. Chief Fontenelle was killed half a century ago, but the Indians celebrate the anniversary of his birth each year. Yesterday the Omahas came down in their own automobiles, one of which is owned by practically every family on the reserve. A number of the men brought their tribal dress, which they wore at the banquet table.

Coppersmith, a commission merchant, and her son, John, 2 years old, were found murdered in their home on the South Side yesterday afternoon. Their throats had been cut and their skulls crushed. ENDORSE SUNDAY POLICY

Atlantic City Commissioners Pass Bill Legalizing Moving Pictures
 Atlantic City, May 7.—By passing on second reading yesterday a bill proposing to legalize moving pictures and musical concerts on Sunday, City Commissioners gave official sanction to Director of Public Safety Bartlett's new Sunday policy. Counsel for theatre owners who are still resisting Director Bartlett's efforts to suppress vaudeville and give the moving picture houses a Sunday monopoly, yesterday declared the new bill was constitutionally invalid and would plunge the resort into litigation if Bartlett tried to enforce it.

 Grafton, W. Va., May 7.—All passenger agents of the Baltimore and Ohio railroad in West Virginia, were yesterday ordered to sell tickets at two cents a mile and withdraw from sale the rebate tickets at 2 1/2 cents. Just Completes Filling Ice House
 Marietta, May 7.—I. M. Kauffman, farming on Weiss island, in the Sus-

quehanna river, yesterday completed filling his ice house with clear ice taken from the river shore. During the big ice gorges that occurred in that section this year the island was covered with huge cakes of ice, which did not entirely melt, and this is the kind of ice Mr. Kauffman put into his ice house.

Peace Likely in Ohio Coal Field
 Cleveland, O., May 7.—Peace in the Ohio coal field for the coming year at least seemed sure yesterday following the passage Wednesday by the Legislature at Columbus of the Gallagher bill and progress made by the joint scale conference of miners and operators in session here. The Gallagher bill makes optional rather than compulsory the provisions of the Green law, specifying the run of mine basis for paying miners.

\$10,000 DOYLESTOWN FIRE

Entire Central Portion of Town Endangered by Blaze
 Doylestown, Pa., May 7.—A fire of unknown origin which broke out at 6 o'clock last evening destroyed the large livery stable of Assemblyman Daniel G. Fretz, attached to the Fountain House at Main and State streets. The surrounding buildings were badly scorched, but none was ignited. All of the 25 horses and all the carriages and harness in the stables were got out safely. The loss of the building, which belonged to the Fountain House property, will be \$1,000. Harry Mitchener, an employe of the Tractor Company, while attempting to cut an overhead feed wire to facilitate the work of the firemen, fell from a pole, breaking his leg.
