**MIGHTY MOOSE MIDWAY**

**Big Carnival and Contests Will Be Held for Charity Fund**

The entire week's program as now arranged for the Moose May Festival and celebration, which opens next Monday, May 17, for their charity fund benefit, at Sixth and Mahantonga streets, for six days and six nights, will furnish an interesting round of pleasure.

For one hour prior to the opening of the shows every afternoon and evening, there will be a preliminary musical program and promenade, Leon W. Washburn's Challenge Concert Band, after which a number of free attractions will take place and the shows opened.

Everywhere the Washburn Mighty Midway Shows, trained wild animal arena and carnival company have been the press has been enthusiastic in their praise of everything connected with it.

There will be a host of mystifying amusements to interest visitors and all-in-all a gigantic confederation of monster amusements that deviate in their prominent characteristics from the usual stereotyped exhibitions with other carnival companies, as the Washburn Shows are an assortment of meritorious attractions that are super-sensational, interesting, diversifying and amusing as well as moral, high class and refined.

Among the free attractions are such high-salaried acts as Miss Elma Meier, a most perfect shaped little lady, who is the champion, shallow water head-foremost high diver of the world. Her act is a real thriller. She dives from an actual height of 75 feet and finishes with a classical exhibition of novel and fancy low diving. It is something to see a man do a 75 foot high dive, but to see the young, beautiful and charming Miss Meier do this act is worth going miles to see.

Another of the free attractions is Mons Richard DeCaruo, the highest and most intrepid aerial artist in the world. His act is known as the Australian pole act and is 110 feet high. DeCaruo ascends this pole which is but three inches in diameter at the top, and his many feats of daring are wonderful to behold. The pole sways fifteen feet to and fro in either direction during his performance at the top and the sensation can easier be imagined than described.

A down town ticket office has been opened for the advance sale of tickets. This advance ticket is made up of 5 and 10 cent coupons which are good all week at any and all the twenty different shows and riding devices. The ticket sells for 50 cents. The ticket office is in charge of a young lady and is located at 18 North Third street. This coupon ticket will be on sale only this week and will be withdrawn from sale after the carnival opens so it will be wise to purchase a supply at once and partake of the advantages it offers.

Another feature is the contest that is being conducted by the Moose in connection with their carnival. It is progressing nicely and about fifteen organizations entered it Saturday last.

The prizes offered are a \$75 silk banner and a \$25 silk flag, which will be given the organization receiving the largest and second largest number of votes.

The winners have the privilege of accepting the prizes offered or the cash. All Harrisburg organizations, fraternal or otherwise, are eligible. The Moose lodge is not entered in the contest, nor has it selected any organization that has entered. Any and all city organizations that desire to enter the contest are invited to do so. You can start voting for them at any one of the fifty polling places that are scattered in all parts of the city. The prizes are worth contesting for and organization men had better start at once to vote for their favorite. List of balloting places will be found in the Moose advertisement in this issue.—Adv.
