Bids for State Supplies Opened

Bids for State Supplies Opened The Board of Public Grounds and Buildings met in the reception room of the Executive Department at noon to-day to open bids for State supplies for the year beginning June 1, 1915, this including supplies for the executive mansion, the Legislature the several de-partments, boards and commissions of the State government. There were present Goversor Brumbaugh, Auditor General Powell and State Treasurer Young, with Building Superintendent Samuel B. Rambo and Secretary Chaun-cey P. Rogers, Jr. More than one hun-dred, bids had been handed in to cover the 300 classifications and 7,000 items of supplies needed by the State. These will now be classified and compiled and it is expected that the work will be done in time so that the awards can be made to-morrow, to take effect June 1. A large crowd of bidders was present, but, as none of the bids were compared, none know who was the lucky bidder for any item.

Governor a Successful Fisherman Governor Brumbaugh returned from his fishing trip to Monroe county last night and, while reticent as to the num-ber of fish he caught, he let it be known that he was successful and held his own with the crack fly-fishermen of the Po-cono Club, in whose preserves he fished. The Governor enjoyed his out-ing very much and said he was ready for any kind of work that came his way. A number of delegations called on him to-day in the interest of various legislative measures that are now under his consideration.

When You Wash Your Hair Don't Use Soap

Most soaps and prepared shampoos ortain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just com-mon mulsified cocoant oil, for this very cheap, and beats soaps or anything else all to pieces. Simply moisten the hair with water and rub it in, about a tea-spoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and quickly and evenly, and is soft, fresh looking, bright, lustrous, fluffy, waty, and easy to handle. Besides, it loosens and takes out every par-ticle of dust, dirt and dandruff. You, can get mulsified cocoant oil (it must be mulsified, plain cocoa-mut oil will not do) at any phar-macy, and a few ounces will supply every one in the family for months.

Many thousands of acres of' forest as far west as Arkansas, have been burned over already this spring by fires which started for the most part from presentable causes. On the na-tional forest purchase areas alone, 49 fires occurred in March, burning over more than 6,500 acres. Fires in April were even more numerous and severe, but reaming the latter part of the month even more numerous and severe, but rains in the latter part of the month helped the situation somewhat. Fire statistics for April are not yet avail-able.
