

UNCLE HARRY TELLS ABOUT A NEW WATER GAME

"Ever play ball or any other game while you were in swimming, boys?" asked Uncle Harry. "We had a big rubber ball that we played with in the lake where we went last summer on our vacation," said Jimmy. "And we had lots of fun, didn't we, Joe?" "Yes, indeed," said Joe. "What made you ask, Uncle Harry; know any new kinds of water games?" "I know about a water game that is going to start at New York next week," said Uncle Harry. "And I think you'd like to see it. It's the biggest water game that has ever been played."

"Will the ships fire any shots?" asked Joe. "No, indeed," said Uncle Harry. "The warships have just finished several weeks of target practice off the coast of Cuba, and this 'war game' will start next week and will consist of scouting and cruising and trying to outwit 'the enemy.'" "Who's 'the enemy?'" asked Jimmy. "Some of our own American ships," explained Uncle Harry. "The big fleet is divided into two parts. One part of the fleet is ordered to guard New York and the other part becomes 'the enemy.' It is the object of the 'enemy' ships to get near enough to New York to fire shots into the city; and it is the object of the guarding fleet to discover the ships of 'the enemy' before they get near to New York."

ITCHING BURNING ECZEMA ON SCALP

Grew Worse. Scalp a Solid Scale. Hair Came Out. Used Cuticura Soap and Cuticura Ointment. Now Scalp Entirely Well.

R. D. No. 1, Kirby, Pa.—Eczema commenced on my scalp as a dandruff and from that it grew worse until my scalp became almost a solid scale. It broke out in a rash and caused itching and burning so bad that I scratched until it irritated the eruption. My hair came out and some nights I lost my rest. I used three different treatments for over a year but received no relief. Then I began using Cuticura Soap and Ointment. Now my scalp has got entirely well and my hair is growing nice. (Signed) Miss Bertha Cowell, August 12, 1914.

For pimples and blackheads the following is a most effective and economical treatment: Gently smear the affected surface with Cuticura Ointment, but do not rub. Wash off the Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring.

"Duffy's A Lasting Benefit" Her husband relieved of stomach trouble of 12 years standing, Mrs. Zink wrote us over two years ago as follows:

"My husband suffered with stomach trouble for over 12 years, during which time he doctored with three doctors who gave him no relief. He kept growing worse, had to be very careful as to what he ate, as things always soured on his stomach, but thank God, after taking three bottles of Duffy's Pure Malt Whiskey he was entirely cured. He still takes it as a tonic and we would never be without it. He now looks fine and weighs 150 pounds. I can highly recommend it to any one afflicted with stomach trouble."—Mrs. Fred P. Zink.

She now writes that Duffy's is keeping them both in health: "I am glad to say that my husband and I are still using Duffy's Pure Malt Whiskey. He is as healthy as can be, and says that Duffy's is a flesh builder remedy that can be guaranteed to make any thin person stout. It is certainly increasing my weight fine."—(Signed Mrs. Fred P. Why Farmers Buy Automobiles

An investigation by "Farm Life," covering seven counties in southwestern Indiana, shows that twice as many cars are being sold this year, as compared with last, and that about 75 per cent. of the machines going out this season are being sold to farmers.

The investigation seems thorough enough to establish a basis for the whole country. The licenses issued by the State were first considered, running about 64,000, against 36,000 for the same date in 1914. The dealers were interviewed, as well as more than seven hundred farmers.

"Farm Life" declares that not only are average farmers buying machines, but that every fourth or fifth man interviewed, if he had no car, is planning to buy one—this year or next—if his crops and his live stock ventures turn out according to his reasonable hopes. Is this unusual investment in automobiles by farmers a sign of prosperity?

It is attributed by "Farm Life" largely to the decrease in the price of machines, and the need felt by the farmer for a time-saving and pleasure-giving vehicle. In no instance was it found that the farmers neglected their flocks and fields to go joy-riding; on the contrary, the machine owners were prosperous and happy.

A machine helps to keep the boys and girls on the farm, it does away with the loneliness of rural life by making a suburb of its owner, and puts the town and the country in closer touch, both in a social and a business way.
