After attempting to arouse her husband's jealousy by threatening to send

'fake love letters'' to an old sweetheart, Mrs. Leroy Colgate this morning declared to Judges Kunkel and McCarrell that she was unable to sway Colgate from his hobby of remaining out at night and otherwise neglecting her. The wife was suing on a charge of non-support. So long as she continued to live with her husband, she declared, he presisted at times in times to build up character. He spoke on that subject to his two audiences to-day approaching it by a means that went right at the heart of the school boy and girl—by school spirit. He admitted that it was hard to keep the spirit up to the proper note when the student body is divided in two, such as is compelled by the two-session plan at Central High.

He took up but three sub divisigons under his topic of character building, concentration, mediation and application. He pleased the students when he suggested that forty minutes was enough to put on Latin, if the minut were properly concentrated. He urged punctuality, promptness, regularity and permanent application.

He referred briefly to athletics and urged the students not only to play the game because they loved it but to go in to win. While different in stature from his predecessor, the late William S. Steele, yet his manner of speech reminded his listeners of Prof. Steele so much that they remarked about it. Mr. Dibble will remain here for two

Prof. Howard G. Dibble, new principal of the Central High school, met his student body to-day—half of them at chapel exercises at 8.30 o'clock this morning and the other half at chapel exercises at 12.45 o'clock. He assumed charge of the school this morning.

Fire starting in the dust room in the Unitel States Mattress factory, Herr near Cameron streets, did \$5 worth of damage this morning at 9.30 o'clock. The Shamrock Company was called by phone, but was not needed. The fire originated in some waste cotton in a zine lined room.

Smoke pouring from the salesrooms of the Ensminger Auto Company at Third and Cumberland streets yesterday morning was responsible for a telephone call to the Hope company. The smoke was exhaust from automobiles and not from fire. Smoke from melting metal in the Star-Independent building, Third and Blackberry streets, early this morning caused a passerby to call the Friendship Company.

Greeks Visit Bishop Darlington
A number of members of the Greek Orthodox Church visited Bishop James Henry Darlington at the see house yesterday, where they took part in divine worship. The Greek Church is not organized in this city, and the members have often been ministered to by Bishop Darlington. They accordingly paid their respects to him yesterday, congratulating him on the tenth anniversary of his consecration.

Piano Player Plant at Derry and Car-lisle Streets Is Working Day and Night to Complete Unfilled Orders

The Sigler Piano Player Company, Carlisle street near Derry, has just closed a contract with one of the largest dealers on the Pacific coast for orders amounting to \$120,000, it was announced this morning by Charles E. Bard, vice president and superintendent of the company.

The contract calls for the Sigler piano player, which can be put in any piano, in large job lots. The Sigler Company manufactures several types of player actions for manufacturers who ase them in their own player pianos, but this big contract is for the "adapable" action, the original product of the company.

purpose until some plans can be made for a stricter ordinance.

"Police regulations would not amount to much," said Captain Thompson, "unless enacted into law, for no prosecutions could be made for violations of the police regulations unless a City ordinance backed them up. If the enforcement of the traffic ordinance does not suffice, I may prepare a code for jitneys, to submit to the City Commission."

There were flagrant violations of the law by jitney drivers at the market houses Saturday, according to the police, due to the rivalry of the drivers to get passengers. The police say some jitney drivers have grown so bold as to stop in the center of Market square, just outside the "isle of safety," to drum up passengers, in violation of the traffic ordinance which says convey ances must stop at the curb.

FERARI SHOW ARRIVES

Carnival For Firemen's Benefit Will Be On Grounds To-night Ready For Busines

Several thousand persons

Several thousand persons greeted the big Ferari show special train upon its arrival here yesterday afternoon and another thousand were at the grounds when the first heavy circus wagon arrived. Many remained until the wee small hours of the morning interestingly watching the systematic unloading of the wagons and the foundation of the gigantic "Pleasure Plaza" that will contain enough high class amusements to satisfy the wants of all the amusement loving public of Harrisburg and vicinity.

Members of the Veteran Volunteer Firemen's Association are highly pleased with the artistic showing already made by the well known and propular Ferari shows and they promise each and every show connected with this enterprise will be in full operation to-night. Nothing will be left in the cars. Oriental dancing girl exhibitions and shows that characterize so many carnival companies and remain in the cars when the shows play Harrisburg, is not the case with this organization. Only extraordinary high class shows are or ever were tolerated by the Carnival King, Jos. G. Ferari, and this policy was an important step toward gaining the Carnival King title for him and winning the "America's Representative Carnival Organization"

and this policy was an important step toward gaining the Carnival King title for him and winning the "America's Representative Carnival Organization" for his shows.

All carnivals have a merry-goround, but the one at the firemen's carnival located at Third and Reily streets, must be seen to be appreciated. A giant ferris wheel, razzle dazzle, dog and pony show, musical comedy, Hawaiian village, international athletic arena, that girl, Minnie Ha-Ha, congress of living wonders and numerous others are but a part of the sights to be enjoyed.

Strictly speaking this is a free carnival, while a small admission fee is charged to the shows individually, there are free acts, music and a world of novelties where a person can spend an afternoon or evening without spending any money whatsoever.

Promptly at 4.30 and 10.30 daily, Lofty Rochett will offer a sensational free exhibition that eclipses all attempts at previous out door events.

That some action will be taken at once by Governor Brumbaugh in the matter of the appointments made durin the recess by Governor Tener and on the recess by Governor Tener and now in possession of the Senate Committee on Executive Nominations, was intimated on Capitol Hill to-day, and it was said that this action may be taken when the Senate meets this evening, or at least at to-morrow's session.

session.
Governor Brumbaugh himself is very reticent concerning what he proposes to do. Some time ago he recalled from the Senate the nominations made by Governor Tener, of the members of the

Governor Tener, of the members of the Public Service Commission, and it is by no means certain that he will reappoint the entire seven.

Much pressure has been brought to bear on the Governor to retain Walter H. Gaither, and it is by no means certain that he will be dropped. He served as Governor Tener's private secretary and, as has been the custom, was appointed to a place as have been former private secretaries. He has had a long experience as a newspaper man and in public affairs.

Of the other appointments made by Governor Tener, it is thought that none will be disturbed by Governor Brumbaugh.

47 Women Killed, 300 Injured

Rome, May 16, 9.50 P. M., Via Paris, May 17, 1.20 A. M.—A revolution has broken out at Triest, according to a message to the "Idea Nazionale" telegraphed from the frontier. A crowd, composed chiefly of women because most of the men have been called to the colors, invaded the square on which faces the palace of the governor, Baron Friesseekin. The women en cried "Death to Francis Joseph. Down with Austria;" burned an Austrian flag together with a portrait of the Emperor, and attempted to attack the palace.

The governor ordered gendarmes to charge the growd and the women retired, fighting stubbornly. Lamp posts were torn up and the signs of tobaconist which bear the Austrian coat of arms because their business is a government monopoly, were destroyed.

The "Idea Nazionale" dispatch states that 47 women were killed and more than 300 injured.
