Gillette, Bates, Doro
Not since the revival of "Diplomacy" several years ago by those fine artists, Charles and Rose Coghlan, has there been a similar venture of the importance that announced by Charles Frohman—none other than a revival of Sardou's great drama, with the leading roles interpreted by three such noted stars, William Gillette, Blanche Bates and Marie Doro. Victorian Sardou's celebrated play, "Diplomacy," which is at the Majestic to-morrow evening with a remarkable tri-star cast made up of William Gillette, Blanche Bates and Marie Doro, enjoyed the longest run of any revival made in London last season. Its record was the most brilliant of the year, and during its English engagement it was chosen by the King and Queen for a "command" performance at Windsor, in which Miss Doro played the same role "Dora," the heroine, in which she is now appearing. Mill Gillette will be "Henri Beauclerc," and Miss Bates the "Countess Zicka."—Adv.

There is much of interest to the lover of comic opera in the coming of charming Christie MacDonald to the Majestic on Friday evening, May 28, in the opera, "Sweethearts." In addition to the assurance of the rich entertainment always carried with the announcement of Miss MacDonald's appearance, it is doubly gratifying to know that the music of "Sweethearts" was written by that master composer, Victor Herbert, easily the most famous American in the world of music. Those who have followed Mr. Herbert's career have no hesitancy in saying that the score of "Sweethearts" is the best of the thirty-four operas he has written. Wherever Miss MacDonald has appeared "Sweethearts" has been welcomed as a return to the better things of true light opera. It is free from slap-stick methods of fun-making, although it is ludicrously comical. Miss MacDonald is surrounded by one of the largest organizations which has toured this country in several seasons.—Adv.

Stroudsburg, Pa., May 18.—What is probably the largest gathering of Pennsylvania Odd Fellows saw its beginning yesterday when trainload after trainload poured into this place as representatives to the ninety-second annual session of the Grand Lodge and the twenty-sixth annual session of the Rebekah Assembly. The number of arrivals goes far beyond all estimates and is taking the accommodations here to the utmost.

Much interest is centered in the election for grand treasurer. Past Grand Master F. C. Hansen, of Scranton, is a candidate and is opposed by F. P. Sherry, of Philadelphia. A large Scranton delegation is zealously engaged in boomeranging their man, while the Philadelphia crowd is quite active.

York is making a strong bid for the 1916 session, and its boom has been lauded with rousing enthusiasm. The York delegates and their friends are leaving nothing undone to advertise their city.

POSTAL SAVINGS BY MAIL

Extension of Service Permits All Persons Now to Be Depositors
Every person in the United States ten years old or over may open an account in a postal savings bank after July 1, according to an instructive leaflet on the Postal Savings System just issued by Postmaster General Burleson. This important extension of the service will be made possible by permitting persons living in communities so sparsely settled as not to justify the designation of their local postoffices as regular postal savings banks to open accounts by mail.

Governor Peckery, Third Assistant Postmaster General, who has direct supervision of postal savings, was so impressed by appeals from all over the country to open postal savings accounts by mail that he took up the task some weeks ago of working out a feasible and safe method for meeting the demand.

Under the plan adopted by the Postmaster General for opening accounts by mail an intending depositor, residing wherever there is a regularly designated postal savings bank, will apply to his local postmaster who will see that necessary identification data is prepared and forwarded to a nearby postoffice authorized to accept deposits. The intending depositor will then be given permission to forward his first and subsequent deposits by money order or registered mail direct to the postmaster at the banking point for which receipts or certificates will be issued. He may withdraw all or any part of his postal savings by mail and on demand together with any interest that may be due him.

The new leaflet points out that any person ten years old or over may open an account in his or her own name; that an account may be opened by a married woman free from any control or interference by her husband; that postoffice officials are forbidden to disclose to any person, except the depositor, the amount of any deposits; that withdrawals may be made without previous notice; and that the Government guarantees to repay all deposits on demand with accrued interest.

Remarkable Skin Cure in Harrisburg

Tells of Complete Relief From Skin Disease by Use of D. D. D.

Harrisburg, Pa., April 18, 1914. I herewith submit a voluntary testimonial to the value of the D. D. D. for skin trouble. Three years ago eczema developed on my left wrist. Finally the affected surface became entirely raw and was exceedingly painful and interfered with my work to the extent of causing me to remain away from my work at different periods.

I tried remedies prescribed by a physician and a number of patent medicines with but little relief and no permanent benefit. Finally I told my troubles to a friend of mine, a Harrisburg druggist, and he once recommended the D. D. D. remedy to me. I waited until I was satisfied that a cure had been effected before writing you and I trust that if there are any persons suffering in the way I did that they will use the D. D. D. prescription and obtain the cure that I did. Respectfully,
R. F. MCKEE.

509 BOAZ STREET

So confident are we that the D. D. D. Prescription will reach your case, that if the very first full size bottle fails to do exactly as is claimed, it will not cost you a cent. Drop in and let us tell you more about this great remedy, D. D. D.
