SPEYER, UNDER FIRE, QUILTS POST OF PRIVY COUNCILOR

London, May 18.—Sir Edgar Speyer, who yesterday resigned as privy councillor, also has resigned the chairmanship of the London Underground Electric Railways Company, which controls most of the city's subways and omnibus lines and has retired from the boards of directors of various hospitals and art galleries. The letter of Sir Edgar to Premier Asquith says:

"Nothing is harder to bear than the sense of injustice that finds no vent in expression. For the last nine months I have kept silent and treated with disdain charges of disloyalty and suggestion of treachery made against me in the press and elsewhere. But I can keep the silence no longer for these charges and suggestions now have been repeated by public men who have not used their positions to inflame the overstrained feelings of the people.

"I am not a man who can be driven or drummed by threats or abuse into an attitude of justification. But I consider it due to my honor as a loyal British subject and to my personal dignity as a man to retire from all public positions. I, therefore, ask you to accept my resignation as privy councillor and to revoke my baronetcy. I am sending this letter to the press."

7 BLOODY BATTLES FOUGHT ON WESTERN FRONT IN WEEK

London, May 18.—"Seven separate and distinct battles were fought in the week just closed and there can be little doubt that the days from Saturday, the 8th, until Friday, the 14th, will rank among the most bloody in the history of western Europe," says the "Times." He adds:

"Saturday night saw no lessening in the intensity of the struggle. On the Ypres front, although outnumbered and in danger of being outflanked, our men again and again hurled back German attacks. During the darkness the Germans, as though aware that with every passing hour their opportunity was slipping away, continued to hurl themselves against our lines. Men who lived through this night shot until they could no longer hold their rifles. The fury of the assault was indescribable. Dawn of Sunday showed in the fields in front of Ypres the dead piled like corn stalks at harvest time. British and Germans lying side by side."

DISRUPTION IN NAVY OF BRITAIN IS THREATENED

London, May 18, 12:50 P. M.—There has been no new development so far to-day in the threatened break between Winston Spencer Churchill, First Lord of the Admiralty, and Lord Fisher, admiral of the fleet and first sea lord. It is understood, however, that the matter will be the subject of a statement in the House of Commons to-day.

The "Daily Telegraph" this morning says the resignation of Lord Fisher is thought to be probable. The "Times" is among the London newspapers this morning which mentions the fact that Lord Fisher has not attended the admiralty for the last two days, and the rumors arising from this of friction between him and Mr. Churchill.

Editorially the "Times" refers to these reports as confirming the popular impression that the government, like the nation, has reached the restless transitional stage. The government practically is anxious about the character of its control of the war. The "Times" says, "which is being subjected to widespread and searching criticism both in public and private. At present the storm center seems to be the Admiralty, but beyond the above mentioned facts all is rumor and we trust and believe unfounded rumor."

LUTHERANS WILL MEET

President's Report Is Expected to Refer to Proposed Closer Union of Various Synods

When the Rev. John A. W. Haas, D. D., LL. D., president of Mahlenberg College, Allentown, as president of the Evangelical Lutheran Ministerium of Pennsylvania and adjacent States, opens the coming convention on May 27, the venerable body will be assembled for the one hundred and sixty-eighth time. The session will be held in Holy Communion church, Twenty-second and Chestnut streets, Philadelphia, of which the Rev. E. P. H. Pfister, Ph. D., is the pastor and will occupy the time of some four hundred clergymen and two hundred laymen for nearly a week.

It is expected that the president's report will contain some interesting matter in reference to a closer union of the various Lutheran synods of the country, and that the executive committee will ask for the appointment of the secretary of systematic benevolence.

The Governor's objections are that it would give too much power to Registers of Wills and would impose an additional cost of \$20,000 on the State.
