EXPERTS PICK CORNELL FOR INTER-COLLEGIATES

Ithicans and Pennsylvania Look Best For Big Meet to Be Held Tomorrow and Saturday on Franklin Field

Philadelphia, May 27.—The advance guard of an army of America's best track and field athletes, representing more than twenty-five colleges and universities of the East and Middle West, reached the city this morning for the fortieth annual championship meet of the Intercollegiate A. A. to be held on Franklin Field tomorrow and Saturday. The Cornell team arrived in time for breakfast. The Ithicans' stay will be very short, however, because they are going to Atlantic City, where they will remain until tomorrow morning. The Michigan team will arrive about noon, with Harvard, Yale, Amherst, Holy Cross, M. I. T., Syracuse, Colby, Brown and Bowdoin getting here late this afternoon. Franklin Field was at the disposal of the visiting athletes this afternoon.

The University of Pennsylvania athletes left the city last night for Atlantic City, where they will sojourn until Friday morning. All of the Quakers took their final workouts yesterday afternoon. With the exception of Lockwood, the sprinter, and Dorizas, the shot putter, all the men are in the best of condition. Coach Orton thinks that Lockwood will get back his strength at the shore, and that Dorizas is so much improved that he is a scoring possibility.

Speculation as to the probable winner of the big meet is unprecedented. Most of the experts think the fight will be between Pennsylvania and Cornell, with the Ithicans having slightly the better of the argument. The Quakers realize that to win their men must score heavily in the sprints. Coach Orton has devoted a great deal of time to Captain Lippincott, Patterson, Lockwood and Kaufman, who will run in the short distance events and confidently believes that they will make good.

It is realized that the strength of the Cornell team is in the great all-around athlete Richards in the high jump, broad jump and shot put and the Ithacan's distance runners. The Quakers are hopeful that McKenzie, of Princeton, in the mile, and Overton, of Yale, and Southworth, of Harvard, in the two miles, are likely to upset Cornell's calculations in the distance runs. The injury to Braun and the illness of Trenholm, the two Dartmouth hurdlers, is likely to help Cornell more than Pennsylvania because the Ithicans have three or four good hurdlers who are likely to score, although not to win any of the events.

On account of the keenness of the competition it is almost certain that new records will be made in the preliminary contests tomorrow. All performances made tomorrow will count as records, and in the broad jump, hammer throw and shot put, new marks are looked for. Bailey, the great Maine hammer thrower, is counted on to make a new record in the hammer throw because he has already thrown 170 feet.

Record times are also looked for in the quarter and half-mile trials. In the quarter-mile there will be three heats and every man will have to beat 31 seconds to qualify for the finals and 50 seconds to win. There will be the same high class in the sprints.

AFFIDAVIT FOR FRANK BY WIFE

Swears to Convicted Phagan's Whereabouts on Day of Phagan Murder

Atlanta, Ga., May 27.—An affidavit by Mrs. Leo M. Frank, detailing her knowledge of her husband's movements and actions on the day Mary Phagan was murdered, will be presented before the State Prison Commission here next Monday at the hearing on Frank's application for commutation of his death sentence to life imprisonment. (Mrs. Frank was not permitted, under State law, to testify at the trial.)

Frank also will be tendered as a witness by his counsel, it was stated. When asked yesterday if Frank would be heard, a member of the commission said that no applicant for a pardon or commutation ever had been allowed to appear in such proceedings, and he was not prepared to say whether the precedent would be broken in Frank's case.

Albert S. Osborn, a handwriting expert, submitted a report to Governor Slaton yesterday, expressing belief that Frank had nothing to do with the "murder notes" which played an important part in the trial.

It was learned last night that Solicitor General Dorsey, who prosecuted Frank, had filed with the commission a protest against commutation of sentence.

DUNKARDS APPROVE AUTOS

Lancaster County Sect Takes Issue With National Conference

Lancaster, May 27.—The Lancaster county sect of Dunkards is not in accord with Tuesday's action of the National Conference of Dunkards of the United States and Canada at Dayton, O., in deciding that Dunkards must not own automobiles. That sect of Dunkards is known as River Brethren, and differs from the Church of the Brethren of Lancaster county, a very numerous body and more liberal in education and manner of dress and in the indulgence of luxuries.

The Lancaster county denominations is noted for its encouragement of advanced education, and maintains a fine college at Elizabethtown. The members observe the ceremony of feet washing strictly and give away food left from their love feasts. Hundreds of these Lancaster county Dunkards own automobiles, this being approved by their fellow members and regarded as a convenience of which any one may without violation of the spirit of their doctrine avail himself.

AUTO PLUNGES INTO RIVER

Car Gets Beyond Control of Lad Who Changes Gear

Wilkes-Barre, Pa., May 27.—Changing a gear on his father's automobile, which had been left standing by the chauffeur yesterday in front of the home of Lyman H. Howe, the moving picture producer, of this city, Harold Howe was unable to control the machine, which, after flashing across fashionable Riverside drive, plunged over the bank, thirty feet to the Susquehanna river and lodged in nineteen feet of water. Young Howe was able to extricate himself, swim to the surface and then to shore, a short distance away. The machine has been recovered, and shows little damage as a result of the plunge.

The chauffeur left the engine of the car running, but the gear was at the neutral point, when young Howe shifted it into high gear. He was unable to stop the engine before the machine leaped into the water.

BOY KILLS COMPANION

Old Army Musket, Unused for Years, Causes Lad's Death

Allentown, Pa., May 27.—As Norman Kressler, 17 years old, of Slate Dale, was showing a party of companions the operations of an old army musket that had stood unused in a corner of his father's home for many years, Roy Lentz, also 17, rode around the corner of the barn on his bicycle just as Young Kressler pulled the trigger. The charge entered Lentz's heart, killing him almost instantly.

Kressler is almost crazed with grief, and he is being guarded for fear that he will end his life.

HOUCK BODY PUNISHED IN BOUT WITH GIBBONS

Although Cut Up Lancaster Man Goes the Limit During the Ten Rounds and Made Mike Fight Hard to the End

New York, May 27.—Mike Gibbons, the master boxer, met a tough customer at the St. Nicholas A. C. last night in Leo Houck, of Lancaster, who outweighed him seven pounds. Despite the fact that Mike nearly cut the Quaker to pieces the Lancaster man was tearing in at the finish and in the ninth round, when he surprised both Gibbons and the crowd by carrying the fight to his man. From the fourth to the ninth round there was the usual display of speed and science by Gibbons who used every means of avoiding punches and with entire success.

RED SOX FEAR LANNIN

Suspended Pitcher Says Harsh Things About Club Owner

Boston, Mass., May 27.—Pitcher "Dutch" Leonard, of the Boston Red Sox, who was suspended for failing to get into condition to pitch, is charged with giving out statements criticizing President Lannin's methods of running the team.

Among other things Leonard is alleged to have said is that Lannin bosses the team and that Manager Carrigan has nothing whatever to say. Leonard also claims that Joe Wood was fined for permitting Schalk, of Chicago, to make a base hit instead of passing him, and that the players were so afraid to return to the hotel after losing a game that they remained away and bought their own meals.
