IMPORTANT TO SCHOOL DIRECTORS AND TAX PAYERS—The following decision of the Superintendent of Public Instruction is of great importance to tax-payers as well as directors, as violation of the law upon the subject will deprive districts of the State appropriation, and subject Directors to severe penalties:

DEPARTMENT OF PUB. INS., Harrisburg, Pa., Dec. 1, 1879.

There is but one time in the year when directors can adopt a new series of text books for the schools under their charge, or change old ones, and that is between the time of electing teachers and the opening of the schools. Section 23, Act of M. y 1, 1854, says: "That immediately after the annual election of teachers in each school district of the state, and before the opening of the schools for the ensuing term, there shall be a meeting of the directors or controllers and teachers of each district; at which meeting the directors or controllers shall decide upon a series of school books, in the different branches to be taught during the ensuing school year; which books, and no other, shall be used in the schools of the district during said period."

Such is the law, with this exception, that books cannot now be changed more frequently than once in three years.

J. P. WICKERSHAM, Superintendent Public Instruction.
