The next session of the Teachers' Association is to be held in Herriek.

H. C. SPENCER and S. M. DICKERMAN, of Burlington have each bought a \$300 organ of Mr. J. A. MANVILLE, of Towanda. It seems that the people are just finding out that Mr. MANVILLE is the man who sells the best Organs and Pianos.

RUNDELL, the meat market man, is bound to keep our people well supplied with good beef, and when he fails to find cattle here to suit, orders the best quarters from New York. He has just received an invoice, which makes one's mouth water to look at. If you want something nice in the way of a roast or steak, just drop in and see RUNDELL. Our word for it you will not go away empty.

Don't wait till your coal bin is empty before leaving your order for Loyal Sock, as the probabilities are you will have to wait a day or two, owing to the fact that Mr. MALORY generally has orders booked for a day or two in advance, notwithstanding the fact that he employs several delivery teams, and keeps them all busy. His trade in this popular coal is simply immense. Many farmers buy it in preference to preparing wood.

GEORGE TRAVIS, the eldest son of Z. TRAVIS, Esq., of Sayre, formerly of Burlington, died at his father's house on Monday afternoon last at two o'clock. He has been a patient sufferer with that dread disease consumption, for a number of years. He was forty years of age, and has been blind from infancy. Notwithstanding his affliction, he was always of a kind and happy disposition, and from early life was an earnest sincere christian. His death, although not unexpected, is deeply lamented by all who knew him.

The Elmira Free Press is responsible for the following:

"A short time ago a manufacturing establishment in Elmira engaged in iron work printed an advertisement asking for a lathe hand to work for them. Among the answers received was the following from Granville Center, Pa.:"

"DEAR SIR: I saw your advertisement today in the paper and as I had sawed lath some, I thought I would answer it and see what you wanted to pay. Please let me know if it is a gang or single saw. If you want to find out who I am, I can give you plenty of references."

Machinists will appreciate the poor man's effort.

We would like to have "VINDEK" tell us how a jury can have a reasonable doubt of a man's guilt, and at the same time have a good reason to believe him guilty. How can these two conditions of a man's mind exist at the same time? If they have a good reason to believe the prisoner guilty, why not say so? If they have a reasonable doubt, why not bring him in innocent? What are the costs to the stigma which is attached to a man's name by a verdict of "not guilty, but to pay the costs? Are the jurymen of Bradford going to save a few mills for each tax-payer in such a barbarous manner?

JUNIOR

Personal.

Miss EFFIE ALGER is paying a visit to her parents in this place.

Rector BEERS made the work of the Episcopal Church in Mexico, the theme of a most interesting missionary sermon yesterday morning.

The Commissioners have employed AVERY FRINK to superintend the building of the poor-house building. All the details of the plan have not been determined upon.

The younger men are coming to the front for legislative honors. Among those most prominently mentioned in that connection for the next session are C. E. GLADDING, E. L. HILLIS and JAS. P. COBURN. They would make a strong team.

Mrs. H. E. BABCOCK, who has been spending a few weeks at the Fountain House, Slaterville, has returned, and we are pleased to learn has been greatly benefited in health. She speaks in the highest terms of the medicinal virtue of the water, and of the kind and hospitable treatment extended to her by mine host DIEDRICK, and his family, all of which we are from personal experience and observation prepared to endorse. We take great pleasure in advising invalids and pleasure seekers to visit the Fountain House.

We notice that our old friend J. R. COOLBAUGH, has been nominated for Councilman-at-large in Wilkes-Barre. We hope he will be elected.

Teachers' Association.

The Bradford County Teachers' Association was in session at Ulster Friday. The Association was organized in the church at 10:30 A. M., with the President, Mr. I. S. Crawford in the chair. Mr. Green, of Sayre, was appointed Secretary, *pro tem*, until the arrival of the Secretary, Miss Spalding.

Opened with music by the choir, after which the minutes were read and approved. The committee on resolutions reported the following for discussion:

1. Resolved, That the teachers of our common schools should have the power to expel from their schools scholars whose conduct is detrimental to the harmony of the school.
2. Resolved, That the present practice of changing teachers is injurious to the progress of the common schools.
3. Resolved, That our teachers should be paid according to the grade of their certificate, and to their success in teaching.
4. Resolved, That public schools should be governed by moral suasion only.
5. Resolved, That in many of our townships of Bradford county, the Boards of Directors are crippled in their efforts to promote the efficiency of the schools by the fact that their predecessors have created too many school-houses and school-districts, and that they should hereafter pursue the policy of consolidating the school-districts as far as possible, taking for granted that most parents would feel better accommodated with a good school a mile and a half away, than with a poor or indifferent school at their doors.

Discussions being in order, it was moved that the fourth resolution be adopted—discussed by Messrs. W. H. Benedict, C. P. Garrison, J. B. Harding, Holcomb, Kinney, Elliott, Eugene Thompson and W. A. Plummer. The points presented touched slightly upon the first resolution, and were in the main against the resolution. Public opinion is opposed to corporal punishment, but the teacher should have the right to inflict it if necessary to preserve his authority. Resolution lost.

After music by the choir, the Association adjourned to meet at 1:30.

The afternoon session was organized at 1:35, with music.

It was moved that the second resolution be adopted. But two gentlemen spoke on the resolution, and they expressed the opinions of all present by their unqualified endorsements. Resolution adopted.

Moved that the fifth resolution be adopted. This called forth a spirited discussion—a director from Athens twp., whose name our reporter did not learn, asked for information on the subject, as the division of a district was being agitated in his neighborhood. Messrs. Plummer, Campbell, a Director, Benedict, Elliott, Huston, Burgan, Brown, E. F. Thompson, Hillis and Ryan discussed the resolution. The directors must regulate their own localities, but it was urged that, as far as possible, schools should be consolidated, and more than one teacher placed in schools where necessary. Resolution adopted.

Declaration by Fred Mather; Lesson in the Metric System, by Mr. Bovingdon; Miss Gillette gave an excellent exercise in geography, having her class present—the lesson was the middle states. Messrs. Quinan, Ryan and Burgan followed with brief remarks, urging the teachers to give more attention to the metric system, and commending the work in Geography. Music.

After a short intermission, Mr. Benedict placed 10 words on the board, and called for a volunteer to key and accent them. Mr. Bovingdon volunteered to do so, and marked them, for the most part correct. E. L. Black gave a lesson in percentage—this caused a very profitable discussion on the use of formulas, the Association being divided in their opinions. Formulas may be used to advantage, if the pupil can thoroughly understand them. Messrs. Pitcher and Bartholomew were appointed a committee on membership. Messrs. Quinan, Brown and Ryan were appointed to consider the advisability of changing the regular meetings of the Association. Adjourned to meet at 7 o'clock.

If Prof. VENNOR, who is a Canadian, wishes to become popular in the United States, he must not predict any more great snow storms for Monday—that being washing and clothes-drying day. He has escaped this time, however, by the storm failing to put in an appearance punctually.

SUPPER.—The ladies of the church of the Messiah (Universalist), will serve oysters and other refreshments at their church on Tuesday evening, February 17. All friends of this church are cordially invited to come and partake. Commencing at 7 o'clock.

LAWRENCE HOLLERAN, a shoemaker, took a dose of oxalic acid, by mistake, on Saturday night, and came near dying from the effects. LARRY sleeps in a room in Carrol Block, alone. Thinking a dose of salts would be beneficial, he took what he supposed to be the popular medicine, and did not discover the difference until he had swallowed the poisonous potion. Dr. Lyman was called and administered an antidote, which soon relieved LARRY.

At a special meeting of Crystal Lodge, No. 57, Knights of Honor, held at their rooms on the 10th inst., the following resolutions were unanimously passed.

WHEREAS, Under the dispensation of the Supreme Ruler of the Universe, we are called upon to mourn the loss of our worthy and much respected Brother, ROBERT J. SITERMAN. Therefore, be it

Resolved, That we bow in humble submission to the Divine will of Him who has removed from our midst our Brother, in the midst of life and usefulness.

Resolved, That in the death of Brother Sherman, society has lost a cherished member, his family a devoted husband and father, and this Lodge a much respected and useful member.

Resolved, That to the bereaved family we tender our tribute of heart-felt sympathy, and commend them to the tender mercy of our Heavenly Father, who doeth all things well.

Resolved, That in token of respect to our deceased Brother, the charter of this Lodge be draped in mourning for a period of thirty days. That these resolutions be spread upon the records of this Lodge, a copy presented to the bereaved family of our deceased Brother, and a copy furnished the Knights of Honor Advocate and borough papers for publication.

LOST.—On Main street between the Ward House and Bridge street, on Monday night last, a glove for left hand, made of the skin of a spotted dog. The finder will be liberally rewarded by returning the same to

JOHN BEMAN.

M. O. MOODY, the blacksmith, has moved to JOHN BROWN'S Shop, 1st Ward, and will be glad to see all of his old customers, and the public in general. All kinds of work done on short notice.

Please call at GEO. ROSS' 1st Ward Store and get some of the nicest dried beef you ever saw, and sliced as thin as tissue paper, at 12 cents per pound. He has just purchased a splendid dried beef slicer of the Enterprise Manufacturing Company, at Philadelphia.

COAL.—The best and cheapest sold in this market is the Barclay, fresh mined, thoroughly screened and slated. All sizes sold for \$2 75 per ton, at E. B. PIERCE'S Coal Yard.

Instruction in painting on Porcelain, Wood and Silk, will be given by Miss MEENA BAKER, at the residence of M. C. MERCUR, on Chestnut St. Private lessons, 75 cents; classes 50 cents. Jan 28
