Gen. Cameron's health has been greatly improved by his journey to the South, and he is getting ready for agricultural work on his Lancaster farm during the Spring.

Northern Democratic members of Congress are afraid to take hold of the universal amnesty bill, and counsel moderation.

Senator Dawes, it is reported, has been named by the Indians whom he has been cross-examining: "Great - Chief - Who-Asks-Questions."

About \$600,000 was saved in the construction of the Hoosac Tunnel by the use of an improved drill. The inventor of

He also invented a series of signals for use on ships of war, which were highly commended by the Government and were patented bosh in this country and in Europe. He made many other contributions to labor-saving machinery, but not withstanding his inventions he never realized even a comfortable competence from them owing to the difficulty of introducing them before the expiration of the patents.
