Service in Christ Church this afternoon at 4:30.

The tramps arrested Saturday evening, were held for their appearance at court.

The Mercury folks had the the misfortune to pi two of their pages, which caused a delay of several days in issuing their paper.

You may have a pleasant time if you will go to the Methodist sociable at the Church parlors this evening.

It is asserted by those who profess to know that the census enumerators for this county have been selected, but their names have not yet been made public.

A prominent and leading merchant of this place is paying a visit to Connecticut, and it is an open secret that when he returns Mrs. — will accompany him. But we will not anticipate. It will not be long before the happy event will be made public, as we are informed the ceremony will take place tomorrow.

MARY ANN BRUCE, daughter of ROBERT BRUCE, of the Third Ward, died last evening. Deceased had just recovered from the measles, and Sunday morning was around, and apparently well. She went out of doors without her shoes on, and probably took cold, causing her death as above. Her age was 15 years and 6 months. The funeral will take place at 4 o'clock to-morrow afternoon.

The water works engineer corps started out this morning for the purpose of laying out the work preparatory to putting laborers on. The first source of supply is the stream flowing through the ravine this side of Monroe. It is believed sufficient pure water can be obtained there, but the pipes will be extended to Mountain Lake. Mr. WILEY has given the matter personal inspection, and is satisfied that there will be no difficulty in getting water here in a few months.

C. T. HUSTON, editor of Williamsport Democrat, is an old friend of BRICK POMEROY, who once printed a paper in Athens. In a recent issue of his paper he refers to "Brick" in this kindly manner:

"Brick" Pomeroxy has sold his La Crosse Democrat to parties who will convert it into a Republican Journal. Times have changed indeed, since Pomeroxy took charge of that paper. At one time the La Crosse Democrat had a circulation of over one hundred and fifty thousand, the proprietor making a fortune every year. An overreaching ambition, however, led him to New York, where he started a daily. This venture proved disastrous from the start, absorbing all his fortune as well as that of other. He then branched out in Chicago, with fluctuating success, and then returned to LaCrosse. His has been an eventful life, and in a new field of labor we hope he will find repose if not another fortune. We will not forget the day at Athens, when we had struggled in the publication of a weekly paper for two years, when he signified his determination to go west. He was full of ambition and hopes, important elements in working one's way in a new country, especially when that is all the capital at command. Without money or acquaintances he trumped the prairies from town to town until he came to La Crosse, where, magic-like, he won position and notoriety.

Personal.

Miss LOTTIE MOORE, who has been visiting in Harrisburg, returned home yesterday.

Among the visitors in town yesterday, we noticed ADAM INNIS and VAL SAXTON, of Granville

Maj. J. C. KESTNER, of Gov. HOYT's staff, made us a pleasant call yesterday.

E. H. JACOBY, a former resident of this place, but for the past several years a citizen of Wyoming county, will return to Towanda the first of next month. He is induced to make this his home again on account of the high reputation of our schools.

HENRY C. JOHNS, a Titusville lawyer, has been convicted of false pretences, and sentenced to three months' imprisonment and a fine of \$250. His name will be stricken from the roll.

Mr. JOHNS commenced reading law in this place about 23 years ago.

TROY, Pa., March 20, 1880.

We understand that E. C. OLIVER is to erect a new block on the site of the old Ballard Brick Block, which burned a few years ago.

Under Prof. MCCOLLUM the Graded School is doing finely. Large classes have been formed in Botany, Geology and Virgil. The graduating class is large. A large and interesting class has been formed of those preparing to teach.

Prof. MCCOLLUM has been sick with the quinsy two or three days. By enumerating the notices in the local papers we find he has been sick nearly eight weeks—which is a great mistake.

A new firm has been formed in this place, under the name of BLISS, WILLIAMS, & CO. The members of the firm are all well and favorably known in this vicinity, and will receive a large share of the trade, which they deserve.

CHAS. HERRICK and GEO. LARKIN, (clerks with LONG & Co.) have taken positions in REDINGTON, LEONARD, & Co's. store.

G. F. VEILIE has bought the engine owned by the late L. G. VANHORN, which was placed in his unfortunate mill a short time before his death.

The Troy Baptist Church have secured the services of the Rev. J. BARTON FRENCH for another year, which is very gratifying to his many friends.

Our Catholic friends gave a "leap year ball" Wednesday evening (St. Patrick's Day). We hear that all passed off finely.

TROJANUS.

The correspondent of the Journal has this to say about one of our business establishments:

THE TOWANDA VARIETY WORKS.

In his strolls about town our reporter found it within the line of duty to "interview" the above named works—or their proprietors rather. The enterprise, under its present organization, is a comparatively new one; i. e. it has been established only about one year. The co-partners are G. K. Tupper, general manager, E. C. Dewers, who has charge of the sash, door and blind department, and Warren Hill, who supervises the furniture department. Another very important department of the works, the making of carriage gears and bodies, is presided over by D. E. Hunter.

The co-partners are men who are well known hereabouts. Mr. Tupper came here four years ago, from Oswego county, N. Y. There he was engaged in the lumber trade for a number of years, and his experience in the capacity of lumber merchant well fitted him to take supervisory charge of this interest. Mr. Dewers is originally from Susquehanna county. For a long time he was one of the leading contractors and builders of Scranton, and he is to be accredited with having built a goodly part of that city. He used to build coal breakers, also. Since then farming has occupied a portion of his time, and since quitting the farm, seven years ago, he has made Towanda his business headquarters.

The other co-partner, Mr. Hill, is, without doubt one of the most accomplished practical mechanics that ever came to this borough. He is equally at home as a worker of wood or iron, and anything that passes his inspection must be perfect.

The Variety Works has a large trade—a trade that is constantly developing. The various specialties engaged in, too, give ample room for the exercise of business tact and sagacity. A general planing mill business is done; sash, doors, blinds, mouldings, brackets, etc., are made in large quantities, and the furniture trade is especially good. The firm anticipated having a hundred or more sets for the spring trade, but every one has been "gobbled up," and instead of being ahead, they are behind with work. Not so far behind, however, that they can't catch up with orders.

The workshops are a busy place. Fifteen to twenty persons are employed, and their work is supplemented by the use of the best wood-working machinery.

By way of conclusion we may say that the Towanda Variety Works have gained a most excellent reputation—a reputation admirably sustained by the character of the product turned out.
