A strong effort ought to be made to send a Republican to Congress from the IXth District, in place of Fernando Wood. The district is decidedly Democratic in ordinary times, but in the present disorganized state of the City Democracy, a hopeful and probably a successful contest could be made by the Republicans, if they select an able and popular candidate. A large number of Democratic votes were drawn from Mr. Wood last fall, and his plurality was only 1,559. His personal prestige and leadership cannot be transferred to any other Democrat in the district. A gain of one Republican vote in the closely balanced condition of the new House is a matter of considerable importance, and should be looked after by the Republican State and City Committees. We believe the district can be carried, with proper effort and a first-rate candidate.—Tribune.

John W. Young, son of Brigham Young, was arrested in Denver by a Deputy U. S. Marshal on telegraphic instructions from the U. S. Marshal at Salt Lake, where Young has been indicted for bigamy, it is supposed at the instance of his first wife. Young was bailed in \$2,000. Young's first wife was a Philadelphia lady of high social position. He married her under a pledge of never practicing polygamy, but afterwards married Lutella Cobb, a sixteen year old Mormon. His first wife then left him.

The will of Judge Forbes, of Northampton, Mass., formerly of the State Supreme Court, after leaving annuities to relatives, gives Northampton \$220,000, or more if the estate warrants, for a public library. No minister of religion shall have anything to do with the management of the institution. If the town fails to accept the conditions the money goes to Harvard College.

The southwestern passenger agent having failed to reach an agreement by which the passenger business would be pooled, the Rock Island road has announced that it will withdraw from the Western Trunk Line Association. Hereafter, its dealing with ticket agents will be direct. This may be the beginning of another railroad war.

George White, the counterfeiter, who was sentenced to Sing Sing in 1879 for five years, has been pardoned out by the President. The District Attorney of New York, in December, in answer to a request of the Board of Pardons, examined the case and reported against a pardon.

The Society for the Prevention of Cruelty to Children has brought proceedings to decide as to the custody of Annie Crawford, aged 10, whose father, thinking her guilty of stealing, it is charged, ill treated and chained her to a wall. The child is for the present in charge of the Society.

At Detroit, Mich., Thomas Washington, an aged colored minister, pleaded guilty to perjury in a fraudulent pension case, wherein his wife, a white woman, was one of the conspirators.

At Roundout, Iowa, the families named Boyce and Fletcher are dangerously sick with symptoms of trichinae, from what is supposed to be diseased pork.

The piano makers of A. Weber, in New York will probably resume work. He has agreed to restore the reduction of ten per cent made four weeks ago.

The presentation of the Obelisk to the city of New York by the United States, is fixed for February 22nd. Everts will represent the Government.

**A FEW FACTS**

In regard to the  
**White**  
**Sewing**  
**Machine.**

It is an acknowledged fact that the White Sewing Machine now stands pre-eminent among first-class machines, for its simplicity and light-running qualities. It is a mechanical fact that the White Sewing Machine is made from the best material and of excellent workmanship, and all its wearing parts are adjustable, so that lost motion can be "taken up" in an instant.

It is an undisputed fact that the durability of the White Sewing Machine is sustained by a written warranty for five years.

It is a progressive fact that the White embodies the most practical and useful improvements of other sewing machines, together with advantages peculiarly its own.

It is a money-making fact that the White is the easiest-selling selling machine in the market, and therefore all wide-awake dealers make it their specialty.

It is a gratifying fact that the White gives universal satisfaction, and that it is steadily and rapidly increasing in public favor.

**CAUTION.**  
Do not be imposed upon by agents and parties who are interested in the purchase and sale of other machines. It has become a common trick for unscrupulous competitors to get a White machine and put it in bad order so that they might prejudice purchasers against it and in favor of their own machines. To guard against such contemptible trickery, we advise all intending purchasers to correspond with us direct, and we will take pleasure in giving them the address of a regular authorized dealer for the "White" in their county, or we will offer to sell them a machine direct at special prices, and guarantee satisfaction in every respect.
