The conference committee on the Post Office Appropriation bill, the Legislative, Executive and Judicial Appropriation bills and the District Appropriation bill, respectively, all reached final agreements Saturday evening. The amounts in controversy in the Post Office bill have in each case been compromised at one-half the Senate increase. The principal controverted portions of the Legislative bill are the provision made by the Senate for a large increase of the clerical force in the Interior and War Departments, and to facilitate the settlement of pension claims. These provisions are all agreed to by the House conferees, and will undoubtedly remain in the bill.

Mrs. Hayes will take General Garfield's mother and wife to the Capitol in her carriage to witness the ceremonies. On their return to the White House Mrs. Hayes will preside at a lunch, at which the incoming and the outgoing officers will be guests, and she will then resign the keys of the White House closets to Mrs. Garfield. Mr. and Mrs. Hayes will pass some days at the residence of Secretary Sherman, on K street. Much of the private property of President Hayes has already been packed up and will be shipped early this week to his home in Fremont, Ohio.

The burning of the Catholic Orphan Asylum at HyedParke, Luzerne County, last Sunday night is one of the most distressing calamities that has ever been recorded in Pennsylvania, and on whose details will make the stoutest heart shudder. The coal regions of the State have been the scene of some of the most terrible events in our recent history, but none of them ever caused a more genuine thrill of horror than will this last and most awful disaster. The cause of the fire was, of course, a "defective flue."

The agreement entered into on Wednesday between the United States and Spain, provides that all claims for injuries done to the citizens of the United States by the authorities of Spain in Cuba, since the first of October, 1868, which have not heretofore been presented to the Commission now sitting in Washington, shall be so presented within sixty days. In cases where reasons for delay shall be established to the satisfaction of the arbitrators, the period for presenting claims may be extended, not exceeding thirty days longer. The commission shall decide every claim thus presented within a year from May 12th, unless delay is necessary for justice.

In the case of White against the Old Dominion S. S. Company for \$40,000 damages by the loss of the excursion steamer Rockaway, the jury in New York on Saturday awarded the plaintiff \$35,000 with five per cent allowance. The defendants agreed to tow the Rockaway to New York from Norfolk, Va., with one of their steamers and neglecting storm signals the weather became so rough that they cut the Rockaway loose and she drifted ashore and was broken to pieces.

Gen. Grant is reported as saying that the World's Fair will fail unless the site is changed from Inwood to Central Park. He thinks the Park will not be seriously injured by the Fair, Grant may go to Mexico in a couple of weeks and possibly may not return until two or three months later.

Agent Charles H Day, of Forepaugh's Show, has received nearly 200 photographs in answer to his offer of \$10,000 for the services for the season of the handsomest lady in the land. Thus far a young lady of Bradford is the favorite.

A FEW FACTS
in regard to the
White Sewing Machine.

It is an acknowledged fact that the White Sewing Machine now stands pre-eminent among first-class machines, for its simplicity and light-running qualities. It is a mechanical fact that the White Sewing Machine is made from the best material and of excellent workmanship, and all its wearing parts are adjustable, so that lost motion can be "taken up" in an instant. It is an undisputed fact that the durability of the White Sewing Machine is sustained by a written warranty for five years. It is a progressive fact that the White embodies the most practical and useful improvements of other sewing machines, together with advantages peculiarly its own. It is a money-making fact that the White is the easiest-selling selling machine in the market, and therefore all wide-awake dealers make it their specialty. It is a gratifying fact that the White gives universal satisfaction, and that it is steadily and rapidly increasing in public favor.

CAUTION.
Do not be imposed upon by agents and parties who are interested in the purchase and sale of other machines. It has become a common trick for unscrupulous competitors to get a White machine and put it in bad order so that they might prejudice purchasers against it and in favor of their own machines. To guard against such contemptible trickery, we advise all intending purchasers to correspond with us direct, and we will take pleasure in giving them the address of a regular authorized dealer for the "White" in their county, or we will offer to sell them a machine direct at special prices, and guarantee satisfaction in every respect.
