Found—A fur glove. Owner can have it by calling at this office and paying for this notice.

"JAKE" the clothier wants you to call at No. 2 Patton's block and see new spring goods at "bed rock" prices. New goods every day.

The snow which fell Tuesday morning drifted so badly on the high lands that travel was greatly obstructed yesterday. The mail carrier was unable to reach Highland and Mt. Lake yesterday and those offices had to go unsupplied.

The contract for carrying the mail between Towanda and LeRaysville has been awarded to S. ARNOLD. We presume he will revive the old time custom of employing four horses, driving like Jehu and announcing the arrival and departure of his coaches by the blowing of horns.

Mr. GEORGE D. SPRING, who has been Manager of the Singer Machine Agency in this place for the past year has resigned and is succeeded by J. B. KINSLEY, late of Bellefonte. He is said to be a good business man and thoroughly acquainted with the sewing machine business. The sales of the Co. have been very large here during Mr. SPRING's administration.

There is an article now manufactured and being extensively placed upon the market, called "Butterine" and to warn our people and the merchants of its dangers, we simply make known the following important facts in relation thereto: It is now made from lard, but heretofore it was made from tallow or beef suet and was harmless. The improved butterine has every appearance of being a good article. Neither the taste, nose or eye can detect it from superior fresh butter, yet there is one great objection to its use—it may contain trichina and may kill the consumer. All hog product requires to be cooked before eating, and as you are not apt to cook your butter you should be careful and not purchase butterine. We simply make this statement to warn our merchants against buying or selling any of this compound, as any injury which might result from its use would place the merchant in an unpleasant position, and perhaps hold him responsible and imprison him for selling it. There is no buttering in our market at present that we are aware of, but the new article is so nicely gatten up and the imitation so perfect and dangerous, that we wish to put everybody on their guard against using it.—Pittston Press.

This is a good time to plant your spring advertisements.
