Capt. GEO. V. MYER has returned from Washington.

S. W. LITTLE was announced among the prominent arrivals in Philadelphia on Thursday.

Miss CRISWELL, of Shippensburg, is visiting at Rev. Doctor STEWART'S, on Second street.

J. O. DAWES, Esq. of Windham, has purchased a house and lot in Nichols, N. Y., and removed to that village.

Capt. MANVILLE'S little boy is very ill. We hope careful nursing will soon restore the child to health.

Mrs. HORTON is preparing to move to Montrose to live with her daughter Mrs. BEEBE, and has rented her house to Mrs. Dr. CARTER.

G. N. TAYLOR informs us that we were in error in stating the other day that he had rented Mrs. L. BLACKMAN'S farm. He says it is his intention to go west.

N. EICHELBERGER, Esq., of the Johnson Manufacturing Company, Towanda, was in town during the week, looking after the business interests of the firm.—*Dushore Review*.

Our former townsman, JESSEE WILSON, fireman on trains 31 and 32, is confined to his house in Wyalusing by sickness. His many friends here unite in wishing him a speedy recovery.

Mr. A. BEVERLY SMITH has just returned from Pittston where he went to institute a castle of Knights of the Golden Rule. The castle was organized with seventeen members and promises to become one of the best in the State.

Reflector attachments for fastening tubular lanterns to dashboards, only 50 cents at the 99c store.

Hon. JOHN F. CHAMBEELIN died at his home in Wyalusing last evening. The funeral will be held Tuesday afternoon.

New and yet old! The fashionable blue peony dinner and tea ware same price as ironstone, at C. P. Weller's crockery store.

Elegant new line of easels and frames and fine picture brackets, also comic and fancy pictures, cabinet size, just received at the 99c store.

"Christ's sufferings a necessity for us," will be Dr. TAYLOR'S theme at the Church of the Messiah to-morrow morning. In the evening the subject will be, "How to walk."

Prof. Daniell will give his last lesson in Towanda on Monday afternoon next, and the last assembly on Monday evening, when he particularly requests a full attendance of all his pupils. The few who have not settled their bills will please come prepared to do so.  
C. H. DANIELLE.

The Wyalusing Cornet Band is about to don uniforms, the selections having been made from sample suits. This growing and vigorous organization, not a year old, has made rapid progress, and begins to play in public very acceptably. A neat uniform will put the boys on the war path for the season's campaign.—made up as it will be of decoration day, Fourth of July, excursions and picnics.

On Friday March 4th, a tramp known as DAN MEAD, said to belong in Bradford county, entered the residence of PATRICK SULLIVAN in Cherry township, and demanded clothing and something to eat. Mrs. SULLIVAN, who was very weary from attending sick children and an invalid husband did not immediately reply to his request, he became enraged, and threatened violence, using the most profane language possible. Mrs. SULLIVAN being possessed of a sufficient amount of courage, finally convinced this ruffian that it would be to his advantage to move on. We would suggest the propriety of confining such characters. The new poorhouse in Bradford

county would be a suitable place.—*Dushore Review*.

MEAD is not a resident of this county, but hails from some place in New York State.

The Steuben Bell telephone company, established Jan. 1881, is progressing finely and becoming more and more successful through the zeal and energy of M. D. RIDGWAY, its manager in Corning. The company will have exchanges there, in Bath, where fifty instruments are expected to be soon put up, Hornellsville, Painted Post, Wheeler, Prattsburg, Kanona and other places. A connection will also be made with the soldiers' home. The rent for an instrument in Corning is from \$35 to \$40 a year. Forty-five instruments are already in use and it is expected that the number will soon run to one hundred. The exchange office is at SOULE & RIDGWAY'S retail store on Market street, opposite the postoffice. The place can readily be discovered by the windows, and the artistically arranged method of leading the various wires through to the switch board.—*Elmira Free Press*.

WEATHER INDICATIONS FOR TO-DAY.—Increasing cloudiness, rain, stationary or higher temperature.
