The steamships City of Berlin and Mosel brought \$857,000 in gold to New York.

Jane Buehler, who was reported to be 114 years of age, died at Pottsville on Thursday.

General James B. Weaver, the Greenbacker, has forty appointments to speak in this State.

William Park, of Audenried, Luzerne county, is 77 years of age, and works daily in the mines.

A couple of disreputable females were tarred and feathered at Hazelton, Indiana, on Friday night.

In this State last year \$9,000,000 were spent for education, while \$90,000,000 were spent for liquor.

The Pottsville Iron and Steel Company's rolling mill is turning out 3600 tons of rails per month.

James Burns, of Erie, this state, paralytic for 18 years, claims to have been restored to health through Father Maloney's prayers.

By a blunder in the act the anti-treating law of Wisconsin has been pronounced inoperative by the courts.

The democracy of Arkansas is threatened with a division on the question of paying the State debt. The element of the party favoring repudiation is out in an address to the people, and intends, it is said, to run a separate ticket for State offices.

Judge Brady, Thurlow Weed, Algeron Sullivan and other prominent gentlemen have joined the Poe Memorial Executive Committee, and a card will be published endorsing in strong terms this enterprise and the coming festivity on the 23d instant.

In 1873 the Citizens' Reform Association, in New York, assessed Judge Gilbert Speir, who was running for a judicial office, \$2,000, and the Judge having failed to pay, was sued. The case Friday was dismissed on the ground that the assessment was illegal.

Colonel E. A. L. Roberts, the torpedo inventor, of Titusville, who died not long since, left nothing to his two children. They were living with their mother, who separated from the father some years ago. To his nephew, Owen M. Roberts, he left \$25,000, and this young man magnanimously offered to divide it with the children. The bulk of Colonel Robert's fortune was left to his sisters and brothers and their children.

At a meeting on Saturday of the Presidents of the trunk lines and representatives of principal Western roads, forming a majority of the Joint Executive Committee, it was decided that, as the tariff of April 1st was established for the Summer season, and the reduction of April 11th was only made to meet special rates which have since been withdrawn, it was resolved that commencing April 18th the tariff of April 1st be restored and the eighth class be made thirty cents.

According to the Bath (Me.) Times, a good deal of woodchopping has been done during the past winter in that State on account of the depredations of a certain kind of worm, which had killed large tracts of spruce, hemlock and fir, leaving the trees as dead as if fire had passed among them. These pests have only shown themselves within a year or two, before which they were utterly unheard of by any one now living; but it now seems as if the forests of the principal evergreens were doomed, as in all directions throughout the State the same work of destruction is evident.

An Associated Press dispatch, dated Savannah, Ga., April 17, says the Masonic bazaar and fair for the benefit of Solomon's lodge, No. 1, instituted by General Oglethorpe in 1733 and which is the second oldest Masonic body in America will open to-morrow in the exhibition hall erected specially for the purpose. It will probably be the largest exhibition of the kind ever held in the southern states. Contributions to it have been made from all parts of the Union. The attendance promises to be very large. It will continue from two to four weeks.
