The United Irishmen of Kings county, N. Y., held a large meeting in Brooklyn Monday, at which a number of speakers were present. Col. Thomas S. Henderson presided, and said the idea of Ireland facing the military strength of England was absurd. The United Irishmen proposed to adopt "a mode of warfare something in the guerrilla style." They would be satisfied with nothing less than complete independence for Ireland. Other speakers "advocated a general assassination of landlords as the best remedy for the evils of which Ireland complains." John Pope Hodnett of Washington, president of the Labor League of America, said "the movement to free Ireland; England and Scotland must come from America." At the same time he predicted land troubles here. Twelve men owned an empire in the Northwest larger in extent than England and France, and capable of supporting 60,000,000 of people, which they had received in the shape of railroad grants. It was resolved by the meeting to form a military company and drill regularly.

The Elmira Free Press, (dem.) thus heartily endorses the appointment of Mr. Elmer, as Second Assistant Postmaster General:

"The nomination of Mr. Elmer brings to the front a thoroughly able and genial man, and one who has many and warm friends throughout this section of country. Mr. Elmer has lived in Waverly since 1850, at which time he was six years old. He has fine business qualities and is at present cashier of the first national bank of Waverly. It is of some significance that he is a warm personal friend of Senator Platt; and there are those who suspect that Mr. Platt is not going to antagonize the President to the extent that the interests of the senior Senator may seem to demand.

The Democratic howl to the effect that Secretary Windom in his plan for refunding the "sixes" and "fives" has usurped the powers of Congress continues. His plans do not suit Democrats. Nobody expected they would. They were Rev. G. W. Henning of the State Board of Kansas, having in charge the care of colored immigrants from the Southern States, reports that the Board has received, cared for and distributed more than 100,000 of those people, and has been the means of turning 10,000 of them into other States. The Board has done all in its power, without avail, to check the influx of colored people, and now the exodus has begun again, and large numbers of these people are moving or preparing to move.

not framed for that purpose. They were intended to meet the needs of the occasion and for the public good, and it cannot be expected that measures for the public welfare will suit the Democratic party. It is because the Secretary's plans are likely to succeed and accomplish the objects intended, that Democrats denounce them. If they were likely to fail the Democrats would not say a word—until just before the next election.

Governor St. John, of Kansas, denies that the prohibition law of that State forbids the use of wine for sacramental purposes. The law also permits the use of alcohol for medicinal and mechanical purposes. The aim and intent of the law is to prevent the sale of liquor as a beverage.

Hon. Mr. Kasson, Minister to Austria, and Senor Barca, the new Spanish Minister, arrived from Europe on Wednesday.

This Brush is made of Metal Bristles, which are far superior to Hair Bristles. It is a law of Electro-Physics that electricity can not be communicated through hair bristles.

THE ELECTRO-MAGNETIC BRUSH. A SCIENTIFIC CURIOSITY.

Endorsed by prominent scientists of Europe and America, contains a complete GALVANIC BATTERY in the back, which produces a current of great intensity, which is communicated to the system and blood through the METAL BRISTLES.

The popular idea that Metal Bristles are harsh, or scrape and scratch the skin, or are in any manner unpleasant to the flesh is erroneous. They are soft and flexible, being set in a bed of soft rubber, and while feeling like velvet to the skin, yet produce a gentle, healthy friction, beneficial to the surface of the body, and at the same time opening the pores of the skin, permitting the unobstructed passage of the current to the blood, thence permeating the entire system.

DR. MORITZ MEYER, Royal Counselor of Health, Berlin, Prussia, says:

"It is successful in all nervous disorders, Neuralgia, Spasms, Paralysis, Rheumatism, Rheumatic Paralysis of the Eye, Disorders of the Sexual Organs, Impotency (which is cured by continued employment of the Brush), Deafness, Constipation, Dyspepsia, Kidney troubles."

DR. FREDERIC FIERER, Instructor at the University, and Chief of the Special Division of Electro-Therapeutics, at Vienna, Austria, says:

"There is scarcely a single remedy by means of which hyperergetic conditions, from simple irritability of every degree to the most violent neuralgia, can be removed with so much certainty as by electricity."

Mr. J. W. WEAKLEY, City.

"Dear Sir—I have carefully examined and tested the Electric Brush sold by you, and find that it well justifies the claims for it as a safe and reliable means of applying the Electric current. The mode of application with your Brush is of greater value than the ordinary battery treatment in the great majority of nervous and chronic ailments. Yours respectfully,

C. E. JONES, of C. E. Jones & Bro. Messrs. C. E. Jones & Bro. are the most extensive and skilled electricians in the country.

We beg to call especial attention to the fact that they do not say ours are good hair brushes, but that they are just what we claim—Electro-Magnetic Brushes, generating a current of electricity.

WHERE PROPERLY APPLIED CURES, RHEUMATISM, HEADACHE, NERVOUSNESS, SCALP DISEASES, NEURALGIA, TOOTHACHE, BALDNESS, FALLING OUT OF HAIR, ETC.

BRADFORD, OHIO, Oct. 20, 1880.—"I think more of the Brushes every day. I have better health than ever. People notice it. Did not feel tired. Have done me \$50.00 worth of good. Yours, etc., SALLIE BEHME."

KIDNEY DISEASE CURED.—"GENTS: Was troubled with Kidney Disease. Your Brush helped me. Four days use demonstrated its curative qualities. J. C. BARKER, Cicero, Ind."

HEADACHE CURED.—"GENTS: I received your Brush, and when I had one of my Nervous Headaches, I used it. My head ached so badly I could scarcely dress. I used it as directed, and it stopped it in less than ten minutes. S. VANCE, 22 State St., Erie, Pa."

DYSPEPSIA AND CONSTIPATION CURED.—"I cured my wife's Rheumatism of years' standing on first application, and myself of Dyspepsia and Constipation, by use of the Brush. J. M. TANNER, J. P. Prairieville, Ark., April 3, 1880."

PALPITATION OF THE HEART CURED.—"GENTS: I hereby certify that I have used the Electro-Magnetic Brush in my family, and it has relieved me of Palpitation of the Heart and cured Soreness of Hip in my son, which had troubled him for six weeks. Yours, REBECCA SLACK, Foster, Ky."

Caused hair to grow on my husband's head—he is 90 years old. Also cured inflammation of Bowels and Stomach. SARAH POFFENBARGER, New Boston, Ill., March 25, 1880.
