Our bookstores have not yet received the revised New Testament.

Farmers hereabouts say the outlook for a good grass crop is excellent. Many of them think the yield will be two or three-fold more than last season.

There will be a special meeting of Franklin Fire Engine Co. at the Co's parlor. Wednesday evening May 25, at 7:30. A full attendance is requested.

On Monday next, May 30, ED. MOUILLES-EAUX, watch-maker and jeweller, will remove to corner Main and Bridge streets, with SWARTS & GORDON.

SOLDIERS' SONS.—Meet at the Armory Hall on Wednesday evening, May 25th, at 7 o'clock, P. M. Soldiers see to it that your sons are in attendance. By order of Com.

ERYSIPELAS.—This terrible disease has been almost an epidemic in Bradford county for six or eight months past. Many people will be glad to learn of a good preventative. Dogwood buds or blossoms steeped in water and the latter drunk freely, when taken in time will prevent attacks of the dreaded erysipelas. Now, at once, is the time to secure a supply of the dogwood blows. Pick the whole bud, pinching off the stem, dry them and keep for use. A very small handful steeped in water and drank when cold when one feels badly, has caught cold and fears an attack, will prove efficacious. It makes a bitter drink, but never mind that. W.

BATHELLER & DORIS' GREAT INTER-OCEAN SHOW.—The advent of this monster organization is being heralded far and near, an army of advertisers now being engaged in this section in distributing and posting their beautiful pictorial paper, containing the announcements, etc., from which it will be seen that they will exhibit at this place on Tuesday, May 31st.

Circuses, like everything else, in order to merit patronage, should keep pace with the rapid strides of civilization, and from the splendid reputation which precedes the Batcheller & Doris Show, we must conclude that they have taken a position in the front rank of amusement organizations. In fact, the press throughout the country pronounce it the best exhibition now traveling.

It has the finest horses, the most gorgeous chariots, tableaux cars, cages, dens and wagons, which were all newly constructed during the past winter, its paraphernalia is all new, novel, and of the latest designs, enabling them to make a street display surpassing anything ever witnessed. They have no old worn out shop property worked over.

The great aim of the managers has been to present something new and attractive, to take the place of the old time circus; and that they have succeeded in so doing is evident from the unanimous verdict of praise received from the public press.

While the Menagerie is very extensive and containing rare Zoological specimens to be seen in no other show, among which is the Egyptian Bivalapus, a sea monster captured in the Mediterranean, and the only one ever in captivity.

They have added a number of exclusive features, which are absolute novelties, such as Zazel, the human cannon ball, shot from a huge mortar 75 feet into mid-air. An act without parallel. This wonderful young lady also walks a slender cob-web wire stretched across the top of the canvas, actually runs dances and rides a bicycle on this slender thread, positively the most thrilling performance ever witnessed.

The ladies of Towanda and vicinity, who are interested in the decorating of the soldier's graves next Monday, are requested to send what flowers they can spare to the Grand Jury room, Monday morning, May 30. BY ORDER OF COMMITTEE.

CREDIT TO WHOM CREDIT IS DUE.—A notice having appeared in the last ARGUS to the effect that the plumbing at the poor house was done by a Mr. TATE, Commissioner HURST makes a correction in the following card:

The plumbing at poor house was done under the direction of Edward Williams, of Towanda, and those employed by him, and is entirely satisfactory so far. J. W. HURST, Commissioner.

If the plumbing at the poor house reflects credit upon any one, Mr. WILLIAMS, who had the contract, is entitled to it, and it is hardly fair in our cotemporary to cheat him out of it. FOR SALE CHEAP.—A "Good Morning" Range, a foot turning lathe, and a foot jig saw. N. P. HICKS.

Our popular artist, G. H. WOOD, is gaining a reputation for excellence of work which is making Towanda famous. He received the following flattering letter on Saturday from a delighted customer:

CAMDEN, N. Y., May 11th, 1881.  
Mr. GEO. H. WOOD:  
My Dear Sir—The picture arrived this morning, and was paid for and taken in less than two seconds after it was opened. It is without doubt the finest picture of any kind in town; in fact, the finest I ever saw at any price.

I cannot compliment you sufficiently for your talent, and assure you that you will never regret the labor bestowed on this piece of work; it will be productive of other similar work from this section and to no small amount. I have no doubt that by putting it on exhibition in window I could secure you hundreds of dollars worth of work. I have compared it with former one of same subject made by you at \$15 I think, and this is very much finer.

My wife, who is a daughter of the subject, is perfectly carried away; you may consider her under obligations to you. Again thanking you, I remain, Yours, &c. A. C. WOODRUFF.
