AT THE CHURCHES YESTERDAY.—Rev. DAVID CRAFT of Wyalusing occupied the pulpit of the Presbyterian Church yesterday. Rev. F. W. BARTLETT of Northfield, Vt., assisted in the service and preached both morning and evening in Christ Church. He also addressed the Sunday school.

At the Universalist Church the usual exercises of "Flower Sunday" were observed.

Yesterday being the day set apart by the General Conference of the M. E. Church as "Children's Day," appropriate services were held in the church here in the morning. The auditorium was beautifully decorated with evergreen and flowers. Around the pulpit were suspended floral anchors, and a star, all around the altar rail were arranged rare plants in bloom, and in front of the pulpit was a large evergreen-cross, which at a certain stage in the exercises was filled in with handsome bouquets of flowers furnished by the scholars, rendering it exquisitely beautiful. Singing birds added to the harmony of the scene. A service prepared for the occasion was admirably rendered by the scholars. Superintendent PECK made an excellent address and the pastor, Rev. C. H. WRIGHT, in a few remarks explained the origin and design of the "children's day." The collection,

which was a liberal one, will be devoted to the educational fund of the M. E. Church.

In the afternoon a similar service was held in North Towanda. Grange Hall, which is occupied by the school, had been elaborately and tastefully trimmed for the occasion, presented a charming appearance and was crowded to its utmost capacity. All the exercises were perfectly rendered, evidencing a deep interest on the part of Superintendent WM. H. SMITH, teachers and scholars. Rev. C. H. WRIGHT made a short appropriate address. The school is one of the most flourishing in the county.

Referring to the fearful steam boiler explosion which happened in Philadelphia this week, by which several lives were lost and buildings demolished, we remind owners of steam boilers in this vicinity that Codding & Dodge, General Insurance Agents, issue policies insuring against loss or damage by explosion of steam boilers, also insure plate glass against accidents, and issue daily or annual accident policies on lives.
