Sayre Notes.

FRIDAY June 10.

Notwithstanding the storm which has raged during the week, the attendance at the Bradford County Teachers' Association was fair in numbers and in enthusiasm, and in vim unsurpassed. The citizens here were very kind and assiduous in their efforts to make every one at home, and their success was complete. The committee of arrangements, consisting of H. C. Green, R. M. Hovey and Miss Villie Mersereau, are entitled to much credit for the success of the arrangements.

The morning session was very interesting and principally devoted to the discussion of resolutions. The afternoon was similarly passed, music being interspersed in pleasing variety during each. Special topics being taken up in school work during the day. The evening session was largely attended and the exercises very interesting. Prof. Benedict of the Athens graded school read a paper entitled "School Esthetics," which was listened to attentively and was a worthy effort, directing attention to the beautiful and higher culture developed by attending to details in locating and beautifying the surroundings of educational buildings. Rev. Mr. Hood of Athens delivered a lecture entitled "Self Culture." He gave to the subject special interest by his eloquent and original thoughts, retaining the attention of his audience throughout. A vote of thanks was tendered the lecturer and heartily given. Several recitations were introduced to give variety, and all were well rendered, those contributing being Miss Fannie Kirby, Maste Algie Hayden, Miss May Decker and Miss Nettie B. Spear. Music also contributed a share of the entertainment, Miss Villie Mersereau acting as organist; Miss Nellie Hovey of Ithaca, soprano, Miss Lull, alto, Mr. Lament, tenor and Mr. R. M. Hovey, bass. The music was excellent.

A special feature of the evening consisted of choice refreshments served in the auditorium of the church, the sessions being held in the basement by the courtesy of the M. E. Church. The refreshments were provided by Mr. Howard Elmer of the Sayre Land Co. and were on a scale commensurate with their well known liberality and enterprising spirit.

The following citizens were active and untiring in serving the two hundred persons who set down to the well filled tables. Mr. and Mrs. Hovey, Mr. and Mrs. Angier, Mrs. and Miss Mersereau, Mr. H. C. Spalding, Mr. Lament, Mr. Young, Dr. Scott, Mrs. Church, Miss Peters, Miss Lull and others whose names we failed to get.

Prof. G. W. Ryan, County Superintendent, was present and of course added much to the interest of the sessions. The President of the Association, Prof. E. T. Burgan, of Towanda, was at his post and diligently performed his duties, aided by the efficient Secretary, H. C. Green and the committees.

Prof. Quinlan of Towanda was as usual ready to assist with his well known ability.

O. H. P. Kinney was present and by saying the right thing at the right time, edified the assembly, as did Mr. J. F. Ovenshire, of the Athens school board, Mr. J. B. Harding, of the South Waverly school, gave a class drill in English Grammar, having a class of his pupils present. It was an interesting feature. The remarks of Mr. H. E. Pitcher, upon oral grammar were well received.

SATURDAY, June 11.

The first exercise after devotional duties was Mental Arithmetic. Mr. C. E. Heverly interested the teachers for a few moments.

History was then taken up by Miss Lottie Dean and an interesting lesson given. Next Prof. Quinlan took up this subject: "The Subjunctive Mood," and gave a very interesting talk. Mr. Geo. Marshall treated the subject of "Ratio and Proportion." Some discussion resulted upon methods. Mr. Bovingdon followed with a continuation of his yesterdays' topic, "Mathematical Geography." Miscellaneous work was introduced and a variety of topics discussed.

Mr. Ryan called attention to the premiums offered by the Bradford County Agricultural Society and urged teachers to aid in making the Educational Exhibit worthy, and not let it fall below the established standard.

Hon. O. H. P. Kinney was called for and responded in pleasant utterances.

Resolutions thanking the citizens and others for their kindness were adopted and at 12 m. the Association adjourned.

To the L. V. RR. officers the teachers were under great obligations for reduced rates of fare and also for an invitation to visit their extensive machine shops. Most of the teachers embraced the opportunity of inspecting the complicated and powerful machines used in railroad business, and were much pleased.

In conclusion let me remark that all the officers of the Association and those having parts to perform, did their duty to the satisfaction of all interested. The people of Sayre will not soon be forgotten.

Our popular artist, G. H. WOOD, is gaining a reputation for excellence of work which is making Towanda famous. He received the following flattering letter on Saturday from a delighted customer:

CAMDEN, N. Y., May 11th, 1881.

Mr. GEO. H. WOOD: My Dear Sir—The picture arrived this morning, and was paid for and taken in less than two seconds after it was opened. It is without doubt the finest picture of any kind in town; in fact, the finest I ever saw at any price.

I cannot compliment you sufficiently for your talent, and assure you that you will never regret the labor bestowed on this piece of work; it will be productive of other similar work from this section and to no small amount. I have no doubt that by putting it on exhibition in window I could secure you hundreds of dollars worth of work. I have compared it with former one of same subject made by you at \$15 I think, and this is very much finer.

My wife, who is a daughter of the subject, is perfectly carried away; you may consider her under obligations to you. Again thanking you, I remain, Yours, &c.
