Four hundred Odd Fellows from Pittston and WilkesBarre pic-nicked in Dana's grove, Tunkhannock, Thursday afternoon.

The Fourth of July entertainment to be given by the Catholics on the Fair grounds in East Towanda promises to be a very enjoyable affair. The programme embraces nearly all the innocent amusements and sports of the day.

HIRAM ELSBREE and HARRY WILCOX, who are conducting a dairy and milk wagon, have commenced the manufacture of ice cream. Orders will be promptly filled. We are under obligations to the firm for a generous supply which we pronounce delicious. We have no doubt they will be liberally patronized.

The barn of ALLEN H. WOOD about two miles north east of East Smithfield, was burned on Thursday of last week, about 11 o'clock. The barn was nearly new, of large size and first-class make. When the fire was discovered it was under such headway that a horse and cow which were in the barn could not be rescued and were burned. It is supposed to be the work of an incendiary. The loss is about \$800 and there was an insurance of \$400.

The Eureka mower machine has scored its greatest victory in the heart of its enemy's country, in Ohio. The agents have disposed of 125 machines to one dealer in that state. The company keeps seven salaried traveling men on the road. We think it must be evident to any one who keeps posted in regard to mowing machines that the Eureka is bound to lead all other mowers. G. B. Davison of this place is one of their agents.—Troy Gazette.

Strawberry shortcake now being in order, we print the following receipt for the benefit of our lady readers. It makes a very nice addition to the tea table, or can be used as a dessert. Take one quart of sifted flour, stir very thoroughly into it half a teaspoonful of soda; one teaspoonful of cream of tartar must be well mixed into it, a tablespoonful of butter, one teaspoonful of salt, about a coffee cup full of water. It is best mixed with a knife, cutting it through and through, and if possible do not put your hands into it except in rolling it out. The mass should be as moist as you can well manage. Roll it smoothly out, making two round cakes of about half an inch in thickness. Bake in a quick oven. When done, split the cake open; put the slices in a large dish; butter them; cover each slice with berries and sugar finally making the berries the top layer.

## From the Excursionists.

NEW YORK, June 22nd, 1881.

We find this great city as noisy and busy as ever, as we feast our eyes on its interesting sights and feed our digestive organs on oleomargarine for which it is now famous.

Business appears to be run on the high pressure system. nearly every man met dashes by as though he had but a very limited time to occupy terra-firma, and the work of a century to do in that short space. There is a marked absence of the "free and easy" spirit so common in Philadelphia, and compares with it much as the postal system does with the telegraph. Broadway, its centre of gravity is usually jammed and wedged during business hours, but relief is looked for in the under-ground road now being built.

We found the obelisk the great centre of attraction at the park. A force of men are working at the foundation, and guarding it

so closely that no one can pocket it for a tooth-pick. It has an air of grandeur and mystery to all, and calls for admiration by its quaint hieroglyphics, venerable appearance and imposing size. Conev Island has many new attractions, great improvements having been made since last year. The main feature of this noted resort is the fact of its being for the masses. The poor as well as the rich having access to it, the rates of fare being so low that nearly all can visit it, get sea breezes and take an ocean bath. One hotel employs a band of forty pieces, to furnish music in open air, others have bands to which are added many other attractions in walks, drives, amusements, grand hotels and a capital beach, making a place of resort second to no others around the city. Capt. Smith of Sewanaka fame ran the boat on which we returned, and we found him a very social man, pointing out places of interest along the route. His head bears lasting scars and burns received at the disaster last year.

A stroll through Castle Garden affords one some idea of the emigrant rush and gives rise to the wish that know-nothingism might be revived. It is true we saw some thrifty and respectable looking candidates, but the masses were seedy and dirty. But as some seventy-five per cent of them go West we of the Keystone need not complain.

Don't fail to go to JOHN SULLIVAN'S, on Bridge street, for the best five cent cigar.

NOTICE.—There will be a strawberry and ice cream festival at the Good Templars Hall in North Towanda, on Saturday evening July 2d, 1881. All are cordially invited to attend and help on a good cause.  
By order of Committee.

Our popular artist, G. H. WOOD, is gaining a reputation for excellence of work which is making Towanda famous. He received the following flattering letter on Saturday from a delighted customer:

CAMDEN, N. Y., May 11th, 1881.

Mr. GEO. H. WOOD:  
My Dear Sir—The picture arrived this morning, and was paid for and taken in less than two seconds after it was opened. It is without doubt the finest picture of any kind in town; in fact, the finest I ever saw at any price.

I cannot compliment you sufficiently for your talent, and assure you that you will never regret the labor bestowed on this piece of work; it will be productive of other similar work from this section and to no small amount. I have no doubt that by putting it on exhibition in window I could secure you hundreds of dollars worth of work. I have compared it with former one of same subject made by you at \$15 I think, and this is very much finer.

My wife, who is a daughter of the subject, is perfectly carried away; you may consider her under obligations to you. Again thanking you, I remain,  
Yours, &c.

## HOMEOPATHIC LUNG SYRUP.

This remedy is something new, both as to name and composition. This is one of the wonders of the world. This Syrup, I claim, is better and more effective than any other ever offered to the people of America or any other country, and what I say of this I can prove. This Syrup, like the Pills, is harmless and safe. It contains no opium or other narcotic poison, like the most Syrup, and is not disagreeable to take. Any child will take it. And it will cure any and all inflammations arising from Cold. It is superior to all others in every respect and especially for the following reasons:

- 1st. It will cure Croup every time.
- 2d. It will cure Inflammation of the Lungs.
- 3d. It will cure Quinsy.
- 4th It will cure Whooping Cough.
- 5th It will cure Bronchitis.
- 6th It will cure Hoarseness.
- 7th It will cure Sore Throat.
- 8th It will cure any Cold.
- 9th It will cure Congestion of the Lungs.
- 10th It will cure any Cough.
- 11th It will cure Scarlet Fever.
- 12th. It is the best remedy that any one can take for Consumption, and if taken in the first stage I will guarantee a cure.
- 13th. It is perfectly safe for all ages as there is nothing in its composition that can harm a child.
