VOLUME II, NO. 280.

TOWANDA, PA., THURSDAY, JULY 7, 1881.

PRICE ONE CENT.

ADDITIONAL LOCAL.

Personal.

Col. J. F. MEANS and Hon. JOS. POWELL were in the western part of the county yesterday.

JOHN MORROW, of Hamilton College, is spending his summer vacation with his parents in this place.

Miss FLORA KINNEY, of Sheshequin, is visiting her sister, Mrs. E. D. BUFFINGTON, and other friends, in this place.

Rev. J. S. BEERS went to Herrick this morning to officiate at the funeral of Miss THOMPSON, who was a member of Christ Church.

Our patriotic friend, JOHN H. GRANT, of Troy, sustained quite a painful burn on one of his hands while "shooting off" fire works on the Fourth.

ROBERT and WILLIAM STEDMAN PATCH have just returned from Corning after a short visit. Their cousin, DAVE SAUNDERS, came with them and will spend his vacation here.

Dr. H. A. RECORD, wife and son, Master FREDDIE, were visiting their parents in this place on Saturday last. They arrived in the morning and left for home the same evening. The Doctor's services must be in good demand when he can afford himself so little time to visit after making a journey requiring him to travel two whole nights.

D. E. MARTIN, a former resident of this county, died in Dauphin county on the 14th ult.

Mrs. MARSH received a telegram from Kansas City yesterday morning, conveying the sad intelligence of the death of her son, JAKE, from the effects of the accident he met with some days since.

The funeral of the late Miss EDITH A. THOMPSON will be held at the residence of her parents in Herrick, this morning at 9, after which the remains will be brought to this place for interment in Riverside Cemetery. It is expected the procession will arrive here about 1 p. m.

Miss EMMA S. ALLEN, a talented and effective speaker, delivered an address on temperance in the M. E. church Sunday evening, to a large audience. The lecture contained much sound argument and genuine good sense. She eloquently and logically advocated the suppression of the liquor traffic by constitutional amendment—a measure which is rapidly growing in favor among thoughtful people of all parties. It seems to be the only reliable method of staying the tide of intemperance.

THE FOURTH AT DUSHORE.—The Excursion train to Dushore on the Fourth conveyed a pleasant crowd of people from Towanda, enlarged en route at Monroeton, New Albany and Laddsburg. Leader WALKER, Baritone KINGSBURY, Bass CHAS. KLINE and Drummer CHAS. FELTON from our glorious Germanias being annexed to the Dushore Band, fine music throughout the day was the principal delight thereof. The celebration exercises took place in an elevated grove east of the deep valley village, where speaking, dancing, feasting and music held a gay but orderly gathering of people until 4 o'clock p. m. In the town below the streets were continually thronged. There was much banging of fire crackers both great and small but little banging of hair by the mountain matrons and maidens whose clear, fair brows looked refreshingly cool. The Reeser, Dushore, Exchange and Cottage Hotels were all crowded. At the latter, owing to its retired location, Mr. SHAW, our enterprising lumberdealer, Mr. EILENBERGER, his gentlemanly measurer and other Towandians quietly dined at a table richly decorated by a large and new silver dining service. The day's public doings were ended by several ringing pieces of music from the united bands, Yankee Doodle being the appropriate finale, in which the brilliant triple tonguing of Leader WALKER was like the upper silver fringing of a golden cloud.

The individual Rifle Match of the Towanda Rifle Club announced to take place on the range of the club on the 4th was a success in all respects. The match and shooting at Bull's Eye Target, netting the club sufficient to pay expenses and a small fund to improve the range. Among the best scores at the match were the following:

J. M. EDSON 45; A. P. LAPLANT 43; W. S. GREENE 41; H. H. BOWMAN 41; J. A. WILT 41; W. B. CAMPBELL 40; E. WALKER 37; JAMES SCHULTZ 37.

The first prize was won by J. M. EDSON; second, A. P. LAPLANT; The tie between GREENE, BOWMAN and WILT was decided in favor of W. S. GREENE winner of third prize and H. H. BOWMAN winner of the fourth prize. The best of feeling prevailed throughout the match and all were satisfied with the result and the manner in which the day was spent. The Club expect to have a match and Bull's eye target shooting, once a month during the season.

In mentioning the performance of ZERA & LA CARDO in Uniontown, the Democrat of place says:

ZERA & LA CARDO, conjurers, ventriloquists etc., gave exhibitions of their wonderful skill in Concert Hall, on Tuesday, Wednesday and Thursday evenings of last week, and unlike concerns similar nature that have visited Uniontown during the past year, were well patronized, and gave universal satisfaction. As a ventriloquist and his capabilities to deceive the average eye with his amusing tricks, LA CARDO stands unrivaled, while as an imitator and mesmerist, ZERA certainly has no superior in this or any other country. In addition to their entertainments, which were well worth twice the price of admission charged (25 cents), a large number of very pretty and valuable presents were given away to those buying tickets, who are lucky enough to draw the right ones. Among the presents given away was a silver ice pitcher, valued at eighteen dollars, several sets of table ware, two watches, groceries, jewelry, &c.

Will perform at Mercur Hall, to-morrow evening.

The President Still improving.

8:30 P. M.

President's condition continues as favorable as at last report. He has passed a very comfortable day, taking more nourishment than yesterday. Pulse 104; temperature 100-6; respiration

23. Unless unfavorable symptoms develop, no further bulletins will be issued until to-morrow morning.

President Garfield's Injury.

If the diagnosis is correct there is imminent danger. There has been quite a number of cases of a wound in the heart that have resulted favorably, even in our country, but the world has not given us half a dozen instances of a wounded liver resulting in recovery, and it is doubtful if there has been any such instances in reality. All may have been the result of the difficulty in making a correct examination of that organ before death. I greatly fear that the President will die ere the close of the seventh day.
