### Personal.

Judge MOEROW is holding argument court this week.

Mr. A. D. DYE and family are visiting in Otsego county, N. Y.

Mrs. CARNOCHAN and children have returned from their visit in Troy.

Col. B. F. ESHELMAN, District Attorney of Lancaster county, is in town.

ARTHUR COHEN of New York, is visiting his cousin, MYER JACOB, in this place.

Rev. C. H. WRIGHT and wife have been called away from town to attend the funeral of Mrs. W's brother.

Mrs. C. KNAPP returned from a visit to her parents in Pottersville, on Sunday accompanied by her brother and sister.

Mr. ESCAVOR, the young Bruzillian who spent last summer in this place, is here again renewing the pleasant acquaintances he then made.

H. JACOBS and daughters AMELIA and BAULINE attended a wedding in Rochester, N. Y., last week and the young ladies went thence to Corry, Pa., for a visit.

A. A. ARMSTRONG, of Monroeton, is home spending his vacation, having completed his first year in the medical department of the University of Michigan, at Ann Arbor.

JOHN NORTHPROP, the old gentleman who broke his leg last winter and has been staying with his son-in-law, R. B. YOUNG, in the First Ward, we are glad to see is able to be on the street again.

Read the advertisement of Prof. HARRIS in this paper.

The Universalist Sunday School will picnic at the trout ponds near Laddsburg today.

Five persons were baptized in the M. E. Church last Sunday, and seventeen received into full membership.

**ACKNOWLEDGMENTS.**—Rev. Hallock Armstrong and wife acknowledge with grateful thanks the delicate and substantial way in which their friends have said adieu to them during the past few days. From Highland \$14.66 was put into the hands of the Pastor as a parting gift. The next Sabbath the good people of Macedonia added \$15 to the amount. And last Sabbath the ladies of Monroeton and vicinity handed in \$68.34 as their parting offering—in all \$98. Words cannot express our thanks.

We notice another change in the management of the Pa. and N. Y. R. R. at Sayre. R. F. GOODMAN, who has been the efficient Assistant Superintendent for a long time, has been appointed General Superintendent of the new line of Steamers between Oswego and Chicago, with headquarters at Buffalo; and J. R. BROADHEAD, one of the most trusted of the Lehigh Valley employes, takes Mr. GOODMAN'S place as Assistant Superintendent. Both gentlemen are very popular not only with their superior officers, but with the public.

**SINGULAR ACCIDENT.**—Mr. HENRY WATERS and Miss ALLICE SIMMERS were visiting friends at Pond Hill on Sunday, and while returning in the evening, met with an accident. A short distance the other side of the brick church in Wysox, a barrel containing white-wash had been left beside the road. The horse did not appear to notice it until directly opposite, when the animal became frightened and jumped to one side, upsetting the buggy and killing the horse. Miss SIMMERS was quite badly injured; but Mr. WATERS fortunately escaped with only slight bruises.

**ORDER OF THE IRON HALL.**—The order of the Iron Hall, a local board of which was lately organized here, has so altered its constitution that any person above the age of 21

years who can pass the examination is eligible to membership. Heretofore it was required that applicants must be members in good standing of some other beneficial society. Members are admitted between the ages of 21 and 65 years. The order pays weekly sick benefits from \$5 to \$25, according to the rate of assessment. The order seems to be on a sound basis and worthy of patronage. Any information in regard to it may be obtained by calling on Mr. BRAZEE, at DYE & Co's store, or any other member.

Last Saturday Mr. S. M. Hoyt came near a serious accident, caused by the breaking of a whiffletree bolt as he was driving on a bridge near here. His daughter, Mrs. C. Watkins, sprang from the wagon and severely sprained her ankle. The horse was secured in time to prevent dragging the wagon off the bridge by one of the hold-backs, which was the imminent danger.

Mr. Thomas Spear was thrown from a buggy near Mr. Timothy Hiren's, in S. Waverly last Saturday night and killed by the fall, having his neck broken. His home was in New York, but he had been staying at the Athens tannery for some time past.

The rain this morning prevents operations in wheat, much of it being fit for the reapers, however. WILL.

GREEN'S LANDING, July 11.

## The President Still improving.

At 1:30 this morning the President's condition was still favorable. He was sleeping quietly. The yellow tinge has nearly disappeared from his face. The unfavorable symptoms which had been feared would manifest themselves during the past few days have not been apparent and there now appears to be solid reason to hope that the prayers of fifty millions of his countrymen and the whole civilized world, are to be answered in the restoration of the President.

## To the Afflicted!

TO ALL WHOSE VISION is defective, NOW is the time to improve your sight and preserve your EYES.

Read carefully and do not discredit because you do not understand. Knowledge comes by research. The true Philosopher is he who follows the Scripture command; "Prove all things. Cleave to that which is good."

Many are suffering with their EYES.—Why? Because they think there is no more Relief. But seeing is believing.

### Prof. Samuel Harris,

PRACTICAL OPTICIAN OF SYRACUSE, N. Y.

Who comes well recommended by all the leading physicians of Syracuse, would respectfully announce to the citizens and vicinity, that he may be found at the Ward House Towanada, July 11 till July 16.

Prof. Harris will be pleased to see all who wish to avail themselves of this opportunity to get suited by him with his

### CELEBRATED PERFECTED SPECTACLES AND EYE GLASSES.

Consisting of Lense of every Description, Menicus, Plano Cylindrical, Concave, Cataract and Cereical, and many others. Manufactured from the best Rock Crystal Flint, Scotch, Brazilian and Russian Crystal.

A pair of my Glasses, which are accurately adjusted, lasts many years longer than any other; after many years of careful study and practical experience in a djusting Spectacles to Patients under every aspect of defective vision.

PROF. HARRIS considers it a sufficient guarantee of his ability to supply such Spectacles as are best calculated for the assistance or recovery of Imperfect Sight. PROF. HARRIS is able to fit all Eyes without any pain. FITTING DIFFICULT EYES A SPECIALTY.

PROF. HARRIS has Glasses for Weak Eyes, Watring Eye, for Cataracts, for Near-Sighted, for Cross-Sighted, in short for all who have any difficulty of the Eye, and a sure relief for any poor Eyes; he will fit any Eye in two minutes without any pain, however difficult the Eye may be

### THE ADVANTAGES OF MY SPECTACLES OVER ALL OTHERS ARE THESE:

- 1st—They are the only perfect Lense in existence having the cones of each surface exactly opposite to each other and being of uniform density, are rendered nearly free from chromatic substances and prismatic lights, points of the utmost importance in the construction of Spectacles and Lenses.
- 2d—They have a great superiority over glass, and are unequalled for clearness, and also for coolness to the eye.
- 3d—They can be worn with perfect ease for any length of time at one sitting; giving astonishing clearness of vision, particularly by candle or artificial light, and great comfort to the spectacle wearer.
- 4th—When the eyes pain or ache from the action of light, and in reading, writing, or sewing on vivid colored bodies, these Lenses, by softening the rays, affect the most agreeable sensation to the eye.
- 5th—In all nervous affection of the eye—causing dull or startling pains in the eyeballs or temples, appearance of luminous or dark spots in atmosphere, aching, or feeling like sand in the eyes—the disturbed nerves are quieted, soothed, combosed, and entirely restored.

The importance of the subject, as introduced by the subscriber, has been fully acknowledged by the highest authority, and these Spectacles are now used by the most eminent Faculty, and at all the institutions for diseases of the Eyes in this country and in Europe.

To All Whom it may Concern.

Syracuse, N. Y., April 10th, 1878.  
It gives us great pleasure in recommending to the Public Prof. Samuel Harris of Syracuse as an honest, thorough, scientific and practical Optician. We have known him ever since he established an Optical Institute in our city. Having used his glasses exclusively for our Patients for the past few years, we can, with confidence say, that he never failed to give us or our Patients perfect satisfaction.  
J. & S. R. BROWN, Oculists,

We endorse the above recommendation with pleasure: Dr. N. S. Jacobson, Dr. L. T. Powers, Dr. J. M. Morse, Hon. M. Rogers, Hon. B. L. Shandfield, Judge T. S. Baldwin, of Syracuse, and many others not here mentioned.

Potosdam, N. Y., December 5th, 1879.  
Prof. Harris has visited our town and had great success in his business; we can fully endorse the above as a Scientific Optician. Drs. J. Reynolds, M. B. Van Slyke, N. L. Scott, M. D., Judge P. Nowels, Hon. H. S. Foster, Hon. B. S. Darth, Rev. E. C. Bruce, Rev. H. C. Coplin, Mrs. T. B. Usher, Mrs. S. J. Usher, Mrs. N. S. Philpess, of Potosdam, N. Y., and a good many others.
