

DAILY TOWANDA REVIEW.

VOLUME II, NO. 285.

TOWANDA, PA., WEDNESDAY, JULY 13, 1881.

PRICE ONE CENT.

ADDITIONAL LOCAL.

Personal.

Mrs. J. M. WARD, of Syracuse, is visiting friends in town.

Miss MARY CRITTEZ DEN, daughter of Rev. R. C. CRITTENDEN, of Bellefonte, is visiting Mrs. C. S. DAYTON, on Main street.

JOHN STRYKER is filling the responsible position of correspondence clerk in the First National Bank during the absence of Mr. DGDGE.

Judge MAYER, of Lock Haven, is assisting Judge MORROW to dispose of cases on argument list this week. He is on the bench while Judge MORROW is hearing arguments at Chambers.

The Towanda gentlemen who are "roughing it" on Nantucket island appear to be having a good time. While out fishing the other day EVANS and TURNER caught a shark weighing 400 pounds.

Judge MAYER, of Lockhaven, Judge BENTLY and wife, of Williamsport, Treasurer J. H. GRANT, Hon. DELOS ROCKWELL, District Attorney FANNING, TRON, Hon. J. H. WEBB, Smithfield, and J. H. SHAW, Canton, are registered at the Ward House.

W. H. HAWES' spirited mare stood tied in front of HENDLEMAN'S, yesterday morning when the band marched by, playing. The animal was very much frightened and would have broken away but for the good offices of some gentlemen who stood by and prevented her from getting off, after breaking the bridle.

FRANK SMITH, BEN HALE, Dr. C. M. PRATT and CHARLES PORTER are going to "camp out" near Browntown for a week.—The two last named started down the river in a boat this morning and the others will follow with the "stuff" by train this afternoon. The boys will have a good time.

Dr. WEY, of Elmira, who came here the other day to see Mr. WILLIAM MIX, at the invitation of the attending physician, Dr. C. K. LADD, expressed himself as entirely satisfied with the treatment the patient was receiving, and did not suggest any change in medicine. This was a high but well merited compliment to so young a practitioner from one of the oldest and most eminent physicians in the country.

Prof. A. D. ALBERT, of WilkesBarre, has been elected Principal of the Graded School of this borough for the ensuing year, in place of Prof. BURGAN, who we believe was not an applicant for re-election. Prof. A. is very highly recommended as a gentleman of fine culture, large experience and great success as a teacher. He will prove a valuable acquisition to the noble band of live, progressive teachers of Bradford county.

Prof. BURGAN'S administration during the past three years has proven highly satisfactory and his work has been well done, earning for him the respect of the board and his fellow teachers, the commendation of parents and the respect and affection of pupils. We consider him one of the very best teachers in the country and hope he has obtained a more lucrative position. We are sincerely sorry to part with the Professor and his excellent wife.

Prof. HARRIS, optician, will remain in this place but a short time and those who need his services must call soon if they expect to see him.

We direct special attention of owners of dogs to the new ordinance to be found in the proceedings of Council on fourth page. The Burgess says the ordinance shall be enforced.

OVER THE HILL TO THE POOR HOUSE.—LUKE GLISPIE, 94 years old, blind and helpless, was taken to the Poor House yesterday. Such men deserve a decent home, and we hope he may be kindly cared for.

Such mercantile dealers in the county as failed to pay their licenses on or before Monday last were sued by the county treasurer; the law making such action on the part of that officer compulsory against all delinquents.

The third annual session of the Cumberland Valley S. S. Assembly meets to-day for a week's session on the Oakville Camp Grounds, Cumberland county. On Friday the Executive Committee of the State Association will meet to perfect arrangements for the approaching State Convention. Will Bradford county be represented?

The people of Towanda and vicinity are largely indebted to JOHN E. WARD, the gentlemanly manager of the W. U. telegraph and the operators at the railroad station for the promptness with which the news from Washington has been furnished during the period of intense anxiety growing out of the injury to the President. We tender special thanks for favors shown the REVIEW.

The excursion of the Universalist Sunday School, yesterday, to Eilenberger's Fishing Ponds, was one of the most gratifying and successful that ever went out from our town. To the charming music of the Germania Band the School left the Church at 9:45 A. M., and marched in line to the depot, each class accompanied by its teacher, the rear brought up by adults. The bright happy faces of all, from the tinny toddlers of four years, to the young men and Misses and their parents, with the good marching and large numbers made a very attractive appearance, and was very creditable to the School. They arrived at the grounds at eleven o'clock, and were met by Mr. EILENBERGER, who conducted them to the grove where ample table room, swings, and every provision for comfort and pleasure was to be found. They returned on time, at 5 P. M., after an enjoyable day to every one present. Conductor LULL is entitled to much credit and thanks for his kind care and attention to all, and Mr. EILENBERGER and family for many favors.

A good girl wanted for general house-work. Mrs. E. L. HILLIS.

\$5 REWARD—Lost between LeRayville and Towanda, a small sized Gold Watch, wrapped up in paper. No. of case, 26,821; No. of movement, 1,521,128. Five Dollars Reward will be paid if delivered to Wm. A. Chamberlin, Towanda, Pa. July 8, 1881.

The President Still improving.

On Monday afternoon the President's pulse indicated considerable fever, but it had subsided yesterday and the physicians reported his condition more favorable than at any time since the shooting. At half-past ten last night he was sleeping quietly and all symptoms showed an improved condition.

The News Condensed.

The dead lock at Albany is still unbroken. Conkling "holds his men."

The Toledo Blade advocates the abolition of the Vice President.

Italy has 138 Protestant churches and about 150 ministers and evangelists.

Hamilton Disston, Esq., of Philadelphia owns one-eighth of the State of Florida.

There are 18,516 Christian converts in China, and the gain during the last three years has been at the rate of 42 per cent.

The first dispatch sent over the American cable laid by the Siemens Brothers was one to President Garfield expressing the sincere sympathy of the Siemens Brothers and their hearty wishes for his speedy recovery.

The anxiety and constant watch over the President's condition has told greatly upon the physical condition of Secretary Blaine. He is worn and haggard looking, and looks several years older than he did one week ago.

ORDER OF THE IRON HALL.—The order of the Iron Hall, a local board of which was lately organized here, has so altered its constitution that any person above the age of 21 years who can pass the examination is eligible to membership. Heretofore it was required that applicants must be members in good standing of some other beneficial society. Members are admitted between the ages of 21 and 65 years. The order pays weekly sick benefits from \$5 to \$25, according to the rate of assessment. The order seems to be on a sound basis and worthy of patronage. Any information in regard to it may be obtained by calling on Mr. BRAZEE, at DYE & Co's store, or any other member.

AN ELEGANT RESIDENCE FOR SALE.—The really elegant and eligibly situated residence of Mrs. Doctor Houston is offered for sale at a bargain. The lot is large and has on it an abundance of fruit of all kinds. It is altogether the most desirable property of the kind now on the market. Only a small payment required; balance can remain on mortgage. Call on the premises. July 7. Mrs. HOUSTON.

PASTURE FOR HORSES.—I have good pasture and will take a few horses to keep either for cash, or light work by the animals. W. J. Delpeuch, Horn Brook.

5c Store sells fruit jars, quarts, at \$1 25 per dozen; half gallon, at \$1 63 per doz. Jelly tumblers, 25 cents per dozen. Rags taken in exchange. Bird cages 45 cents. Bird seed 7 cts per lb.

Buy Knapp's Superior Flavoring Extracts for family use, warranted pure.

Live spring chickens constantly on hand at Myer's Bridge St. Market.

Berries, Garden truck at Myer's meat market, Bridge St.

FOUND, on the Fourth of July in Wysox, a parasol. Owner can have it by calling at my office and paying for this notice. Dr. P. J. Smith.

ARCTIC HOUSE, Corner Surf and Ocean Avenues, OCEAN GROVE, N. J.—Furnish Dinners for Excursions. M. A. BULL.

I have a number of SINGER, HOWE, and WILCOX & GIBBS Sewing Machines in good condition, for sale at very low figures. Sewing Machines rented at 50 cents a week. O. A. BLACK, June 16, 3m. Agent.

POWELL & Co

A large assortment of CANTON and MADRAS DRESS GINGHAMS just received; also large additions to their stock of CALICOES, APRON GINGHAMS, CRETONNES, FURNITURE PRINTS, &c.

Powell & Co.

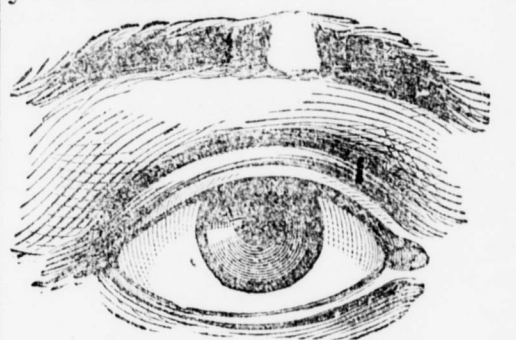

have just received 10,000 yards of PRINTED LAWNS, the best quality and newest styles, which they will sell at NINE CENTS per yard.

Powell & Co.

have just opened a large stock of LACE AND PLAIN BUNTING, with a large assortment of NEW STYLES of WORSTED DRESS GOODS, which they are offering at great bargains.

To the Afflicted!

TO ALL WHOSE VISION is defective, NOW is the time to improve your sight and preserve your EYES.

Read carefully and do not discredit because you do not understand. Knowledge comes by research. The true Philosopher is he who follows the Scripture command: "Prove all things. Cleave to that which is good."

Many are suffering with their EYES.—Why? Because they think there is no more Relief. But seeing is believing.

Prof. Samuel Harris,

PRACTICAL OPTICIAN OF SYRACUSE, N. Y.. Who comes well recommended by all the leading physicians of Syracuse, would respectfully announce to the citizens and vicinity, that he may be found at the Ward House Towanda, July 11 till July 16.

Office hours from 9 a. m. to 7 p. m. Prof. Harris will be pleased to see all who wish to avail themselves of this opportunity to get suited by him with his

CELEBRATED PERFECTED SPECTACLES AND EYE GLASSES.

Consisting of Lenses of every Description, Meniscus, Plano Cylindrical, Concave, Cataract and Corneal, and many others. Manufactured from the best Rock Crystal Flint, Scotch, Brazilian and Russian Crystal.

A pair of my Glasses, which are accurately adjusted, lasts many years longer than any other; after many years of careful study and practical experience in adjusting Spectacles to Patients under every aspect of defective vision.

PROF. HARRIS considers it a sufficient guarantee of his ability to supply such Spectacles as are best calculated for the assistance or recovery of imperfect sight. PROF. HARRIS is able to fit all Eyes without any pain. FITTING DIFFICULT EYES A SPECIALTY.

PROF. HARRIS has Glasses for Weak Eyes, Watery Eye, for Cataracts, for Near-Sighted, for Cross-Sighted, in short for all who have any difficulty of the Eye, and a sure relief for any poor Eyes; he will fit any Eye in two minutes without any pain, however difficult the Eye may be.

THE ADVANTAGES OF MY SPECTACLES. OVER ALL OTHERS ARE THESE:

- 1st—They are the only perfect Lenses in existence having the cones of each surface exactly opposite to each other and being of uniform density, are rendered nearly free from chromatic substances and prismatic lights, points of the utmost importance in the construction of Spectacles and Lenses.
- 2d—They have a great superiority over glass, and are unequalled for clearness, and also for coolness to the eye.
- 3d—They can be worn with perfect ease for any length of time at one sitting; giving astonishing clearness of vision, particularly by candle or artificial light, and great comfort to the spectacle wearer.
- 4th—When the eyes pain or ache from the action of light, and in reading, writing, or sewing on vivid colored bodies, these Lenses, by softening the rays, affect the most agreeable sensation to the eye.
- 5th—In all nervous affection of the eye—causing dull or starting pains in the eyeballs or temples, appearance of luminous or dark spots in atmosphere, aching, or feeling like sand in the eyes—the disturbed nerves are quieted, soothed, combosed, and entirely restored.

The importance of the subject, as introduced by the subscriber, has been fully acknowledged by the highest authority, and these Spectacles are now used by the most eminent Faculty, and at all the institutions for diseases of the Eyes in this country and in Europe.

To All Whom it may Concern.

Syracuse, N. Y., April 10th, 1878. It gives us great pleasure in recommending to the Public Prof. Samuel Harris of Syracuse as an honest, thorough, scientific and practical Optician. We have known him ever since he established an Optical Institute in our city. Having used his glasses exclusively for our Patients for the past few years, we can, with confidence say, that he never failed to give us or our Patients perfect satisfaction. J. & S. R. BROWN, Oculists.

We endorse the above recommendation with pleasure: Dr. N. S. Jacobson, Dr. L. T. Powers, Dr. J. M. Morsey, Hon. M. Rogers, Hon. B. L. Shandfield, Judge T. S. Baldwin, of Syracuse, and many others not here mentioned.

Potodam, N. Y., December 5th, 1879.

Prof. Harris has visited our town and had great success in his business; we can fully endorse the above as a Scientific Optician. Drs. J. Reynolds, M. B. Van Syllke, N. L. Scott, M. D., Judge P. Nowels, Hon. H. S. Foster, Hon. B. S. Darth, Rev. E. C. Bruce, Rev. H. C. Coplin, Mrs. T. B. Usher, Mrs. S. J. Usher, Mrs. N. S. Philpotts, of Potodam, N. Y., and a good many others.
