A volcanic eruption took place inside of a mountain twenty miles east of Lewiston, Idaho, the 9th inst., sending forth a column of fire and smoke several hundred feet in height, and rocks which fell at a distance of several miles. The shock was distinctly felt at Mt. Inaho and the mouth of the Salmon river, a distance of 75 miles. The column of smoke is still issuing.

It is stated that the most of the securities stolen by Wheelock, the New York clerk, were recovered when he was arrested at Southampton. An indictment has been procured against him for forgery. A detective went to Albany and secured a requisition for Wheelock, and proceeded to Washington to get the signature of the President, but owing to his serious illness, it will be some time before the necessary warrants can be procured.

A Granada, Colorado, dispatch reports the fatal shooting of one of three train robbers by a colored soldier, who had already been shot by one of the robbers because he would not give up his money. The other robbers then fled without booty although they had commenced to plunder the passengers. It will hereafter be hard to make any of those passengers believe that a black man is not by divine right, entitled to the same privileges on passenger trains that are accorded to white people.

Peter Cooper who is now over 90 years of age, is going to expend between \$56,000 and \$60,000 this summer in improving the Cooper Union. He had paid for the building and education to Jan. 1, 1881 \$1,500,000. New boilers for heating the rooms are being placed under the street, as there is no room in the building. In the free school of telegraphy for women courses of type writing and phonography will be added this year. Applications for admission to the art school have far exceeded the vacancies, and three hundred are still on file.

Advices are received at the Interior Department from Indian Agent Hunt, at Anadarko, I. Ty., announcing the discovery of rich and extensive silver fields near Fort Sill, within the limit of the Kioma, Comanche and Wichita Indian reservations. Hunt informs the Department of illegal attempts being made by white men to locate claims in these regions. The matter was referred to the Secretary of the Interior by the Commissioner of Indian Affairs, with the request that troops be furnished to protect the Indian interests in the newly discovered fields from intruders.

Tobacco may be a vile weed, and its growth and use a curse and all that, but nevertheless it does contribute in no small degree to Uncle Sam's income, and so to the prosperity of the country. The Tobacco Leaf gives some interesting figures showing that 195,823 cases of seed leaf tobacco were used in the manufactures of this country during the past fiscal year. There were returned for taxation during that period 2,682,620,797 cigars and che-

roots—the cheroots being so few in number as not to be worth considering by themselves. Of the cigars on which taxes were paid about 45,000,000 were imported, leaving 2,627,620,796 of domestic production. In their manufacture 159,830 cases of 350 pounds each or 55,940,419 pounds of seed leaf or domestic tobacco were used, and about 8,000,000 pounds of Havana and 2,000,000 pounds of Sumatra and other foreign tobaccos. During the same time 568,386,985 cigarettes and 47,554,976 pounds of smoking tobacco were made. The cigarettes at five pounds of leaf per thousand, required 2,833,934 pounds, whereof $\frac{1}{4}$ or 709,233 pounds, or 2,026 cases was seed leaf. Of the smoking tobacco $\frac{1}{4}$ or 11,888,719 pounds, equal to 33,967 cases was also composed of seed leaf. These figures are larger than for any corresponding period on record, and indicate a growth of the tobacco industry which, if not gratifying, can only be taken as an evidence of material prosperity.

DR. A. E. BURR'S

HOMOEOPATHIC LUNG SYRUP.

This remedy is something new, both as to name and composition. This is one of the wonders of the world. This Syrup, I claim, is better and more effective than any other ever offered to the people of America or any other country, and what I say of this I can prove. This Syrup, like the Pills, is harmless and safe. It contains no opium or other narcotic poison, like the most Syrup, and is not disagreeable to take. Any child will take it. And it will cure any and all inflammations arising from Cold. It is superior to all others in every respect and especially for the following reasons:

- 1st. It will cure Croup every time.
- 2d. It will cure Inflammation of the Lungs.
- 3d. It will cure Quinsy.
- 4th. It will cure Whooping Cough.
- 5th. It will cure Bronchitis.
- 6th. It will cure Hoarseness.
- 7th. It will cure Sore Throat.
- 8th. It will cure any Cold.
- 9th. It will cure Congestion of the Lungs.
- 10th. It will cure any Cough.
- 11th. It will cure Scarlet Fever.
- 12th. It is the best remedy that any one can take for Consumption, and if taken in the first stage I will guarantee a cure.
- 13th. It is perfectly safe for all ages as there is nothing in its composition that can harm a child.
