By the caving of an embankment at Newark, N. J., on Tuesday two children were killed and one seriously hurt. The father of the children is dying from cancer of the heart.

Over £1,000,000 in gold was withdrawn from the Bank of England Wednesday for shipment to New York. About \$2,000,000 left Liverpool for New York yesterday. Other large shipments will probably follow.

Charles Ayers and Hattie Coles were parties to a fashionable wedding at Astoria, L. I.; but before the honeymoon ended they disagreed and separated. The wife became insane and the husband on Sunday, died of grief.

Five per cent of the population of the Tom Hughes' colony at Rugby, Tenn., have been attacked with typhoid fever and several deaths have occurred. It is alleged the epidemic was caused by bad water and imperfect sewerage.

The machine shops of the Reading Iron Works at Reading, Pa., burned Tuesday night necessitating the entire suspension of the works. Nine hundred men are thrown out of work. Three firemen were seriously hurt by the breaking of a ladder. Loss, \$20,000.

It is definitely stated that Parker, the guide who assaulted Mrs. Bull, died from wounds received while resisting arrest. Mr. Bull, the lady's husband, stayed by him until he breathed his last and a coronor's inquest had commenced. Parker made a statement which has not yet been given to the public.

Attorney General MacVeigh says that all the members of the Cabinet are confident that all that medical science is capable of doing has been done for the President. Should there be a fatal termination there will be no room for reflection against those who have charge of the case.

An exciting scene occurred in a stable in Harrisburg last week Monday morning. A colony of bees had taken up their residence on the premises, and becoming disturbed in some manner made a combined attack on two horses and two mules which were tied in the stalls. The poor brutes were badly injured by the pugnacious little insects before their situation was discovered. One of the men who went to the rescue of the tortured animals was also attacked by the bees and badly stung.

Below we print a few paragraphs from the wool circular of a prominent Philadelphia house, dated the 10th inst., concerning the quality of the present clip of wool:

A feature of the present clip of the United States of vital importance to shippers is the increased proportion of undesirable coarse wool and the decrease of the most desirable and higher priced medium. This occurs in sections where medium has heretofore been most grown and is the result of crossing the Canada and other long, coarse-wooled English breeds on the coarse and low-medium native stock.

The tendency of this coarse breed is to stamp its character upon the wool of its progeny; and so much of it is now produced that there is a surplus of the coarse grade, which is crowding out the more desirable and higher priced medium.

Wool-growers can correct this by re-crossing these coarse breeds with the Merino, and can thereby improve the value of the wool from five to ten cents per pound.

With the exception of a short time during the war, the half-bred Merino or medium wool has for many years past sold for five to ten cents per pound more than the coarse, and during the past ten years has brought more than the fine.

No. 1 medium or half-bred Merino wool has never been in over supply, and to-day commands a higher price and is most wanted of all qualities. It is also the only grade that is seldom if ever menaced by foreign competition, while the coarse English and Canada wools are only now excluded by a slender margin.

DR. A. E. BURR'S

HOMEOPATHIC LUNG SYRUP.

This remedy is something new, both as to name and composition. This is one of the wonders of the world. This Syrup, I claim, is better and more effective than any other ever offered to the people of America or any other country, and what I say of this I can prove. This Syrup, like the Pills, is harmless and safe. It contains no opium or other narcotic poison, like the most Syrup, and is not disagreeable to take. Any child will take it. And it will cure any and all inflammations arising from Cold. It is superior to all others in every respect and especially for the following reasons:

- 1st. It will cure Croup every time.
- 2d. It will cure Inflammation of the Lungs.
- 3d. It will cure Quinsy.
- 4th. It will cure Whooping Cough.
- 5th. It will cure Bronchitis.
- 6th. It will cure Hoarseness.
- 7th. It will cure Sore Throat.
- 8th. It will cure any Cold.
- 9th. It will cure Congestion of the Lungs.
- 10th. It will cure any Cough.
- 11th. It will cure Scarlet Fever.
- 12th. It is the best remedy that any one can take for Consumption, and if taken in the first stage I will guarantee a cure.
- 13th. It is perfectly safe for all ages as there is nothing in its composition that can harm a child.
