### Personal.

Dr. S. C. ROSS has just returned from Chicago.

B. M. PECK and family are at the Thousand Islands.

H. E. BABCOCK and wife spent Sunday at Coney Island.

Ex-Sheriff SMITH is so much better that he went home yesterday.

Maj. E. W. HALE and Hon. J. G. PATTON have returned from a two weeks' pleasure trip.

L. M. OSBORNE and wife are spending a few days at Keuka Vineyard Landing, Keuka Lake.

M. A. ROCKWELL has joined his wife in Wyoming county and will remain there several weeks.

C. W. TIDD and wife have gone on a pleasant excursion to Duluth, Minn. They went by boat from Buffalo.

MISS LILLIE MERCUR and Miss ANNIE BACKUS go to WilkesBarre this morning to visit Miss LIZZIE MERCUR.

Miss GUSSIE COOLBAUGH, daughter of J. R. COOLBAUGH, of WilkesBarre, is visiting her cousin Mrs. W. S. RICKEY, in this place.

JOHN W. MEANS has gone to Atlanta, Ga., to explain the merits of his new invention, a "bale tie," before the Cotton Exposition.—Mrs. M. accompanied her husband as far as New York.

Rev. Mr. GREGSON and family, of Laporte, passed through town Sunday on their way to Maine, having been summoned there by a telegram announcing the serious illness of Mrs. G.'s father.

C. H. DEWOLF, wife and child, of Dennison, Iowa, are visiting friends in eastern Bradford. Mr. DEWOLF removed from Pike to the west about 30 years ago and this is his first visit since to his old home.

Mr. and Mrs. HIRAM SWEET, of Monroe, leave for the West this evening or to-morrow morning. They expect to be absent several weeks, and will visit Kansas, Minnesota, Illinois and other states. They will stop at Niagara Falls on their way out.

The venerable ISAAC MORLEY, of Athens celebrated the 93d anniversary of his birth, on the 17th inst. He has but recently recovered from a serious illness, but is now apparently hale and hearty and able to walk erect without the aid of a cane. The old gentleman is the grandfather of IRA MORLEY of the Citizens National Bank.

Rev. B. J. DOUGLASS, who was for more than fifteen consecutive years the faithful, beloved and successful rector of Christ Church, was in town yesterday. He preached in the old church at Pike Sunday. If there were more such men as Mr. DOUGLASS preaching the Gospel, greater progress in the conversion of the world would be made.

Those handsome looking, delicious tasting peaches RUNDELL is selling are sent here by REED MILLER from his Penn Yan establishment.

An excursion to Mauch Chunk and the Switchback is in contemplation to come off about the first of October. The fare will be very low and tickets good for several days.

The report that small pox has been prevailing at Laceyville is authoritatively denied. The cases reported at the hotel and elsewhere are contradicted in a way that leaves no room to doubt the truth of the denial.

The excursion to Watkins on Friday will probably afford the last opportunity of the season for visiting that famous resort at a price within the reach of all. The trip includes a ride of several hours on the lake in a magnificent steamer.

"DRY AS A DICTIONARY."—That phrase must pass away. Look into the elegant quar-

ter edition of Webster's Unabridged; see the three thousand illustrations, handsomely engraved, interesting and instructive pictures. They are interspersed through the work in just the order in which you can most readily find them, with definition and discription. Then again, they are classified, convenient for comparison. But this is only one of a hundred or more improvements made in the recent edition, worth mentioning to our readers. No studious reader can afford to be without it, or will hesitate to buy it upon examination.—*Mining Press.*

**THE DOCTORS.**—The following physicians registered yesterday:

John Herbert Cory, M. D., Springfield; Eclectic Medical College of New York, February 1878.

Lester de la Montanye, M. D., Towanda borough; Jefferson Medical College, Philadelphia, March 9, 1861.

### The President's Condition.

While there is life there is hope, and the President is still alive, though the official quletins of yesterday afford little encouragement and his death is not unexpected by those in attendance upon him. He rested quite comfortably during the first part of last night and at 2 o'clock this morning was peacefully sleeping.

#### OFFICIAL BULLETINS.

AUGUST 22, 8:30, A. M.

The President has not vomited since yesterday afternoon, and this morning has twice asked for and received small quantities of fluid nourishment by the mouth. He slept more quietly through the night and this morning his general condition is more encouraging than when last bulletin was issued. Pulse, 104; temperature, 98.4; respiration, 18.

12:30 P. M.

The President has continued to retain liquid nourishment taken by mouth as well as enemata. No nausea or vomiting. The parotid swelling is painless; it has caused for a day or two annoyance by accumulating mucus in the back of the mouth but this symptom has now much abated. Pulse, 104; temperature, 98.4; respiration, 18.

6:30, P. M.

The President has continued to take nourishment in small quantities at stated intervals during the entire day, and has had no return of nausea or vomiting. Nutrient enemata are also retained. The wound is looking well, and the work of repair is going on in all portions exposed to view. The pus discharged is healthy. At present the pulse is 110; temperature, 100.1; respiration, 19.

The Pope has sent a letter of sympathy to the President.

This has been eminently a mosquitoless year—almost flyless—in New Orleans.

The City of Pougekeepsie was incorporated in 1799, and of its ten Mayors six are still living.

The grape crop on Lake Erie is reported to be short, owing to cold in the winter and a dry summer.

The number of books and magazines sold in the South is said to be increasing; strong evidence that intellectual activity is increasing.

and handsome decoration by placing it on any glass whether door or window, large size or small glass, green or white, round or square, in fact any position, shape or kind of frame or glass that needs shading from the rays of the sun, or from the gaze of inquisitive eyes. Thankful for the very liberal patronage bestowed since we have received the agency of this Imitation, we shall by a strict attention to business, hoping to merit a continuance of the same. To those who have heard of the "Imitation Glass," and have not seen it, we extend a cordial invitation to examine into its real merits, and ask the prices for which it can be obtained, we are prepared to contract with churches, halls, or other public buildings, and warrant all of our work to surpass in beauty the genuine stained glass and our prices are less than one-fourth the cost of the same.
