Miss HELEN NEVINS is visiting friends in Waverly.

WIRT DIMMOCK, station agent at Foot of Plane, was in town yesterday.

I. W. TAYLOR has been spending a few days with his Towanda friends.

Mrs. A. J. NOBLE, of Troy, is visiting her daughter, Mrs. REED BRAUND, on Second street.

Miss MAY ADAMS has returned from Block Island where she had been sojourning for several weeks.

Miss MORSE, who has been visiting at Mr. MCINTOSH's on York Avenue, returned to her home in Brooklyn, Saturday.

CHARRICK WETSBROOK, Jr., and J. N. DEETER, of Harrisburg, are spending a few weeks with friends on Pond Hill.

Mrs. JAMES D. SPALDING, (nee Miss SARAH WARNER, of this place,) of Sioux City, Iowa, is visiting at Col. MCKEAN'S.

Miss ELLA FRISBIE of Orwell has been elected a teacher in the Towanda graded school. She is a graduate of the Elmira College and has taught several terms with great success.

ALBERT ADRIANCE, a brakeman, fell under a freight car at Sayre, Saturday evening and was so badly injured that he died yesterday.

Two young men, named WHEELER and WARNER, have been arrested on suspicion of being the parties who assaulted and robbed young BRENNAN. They will have a hearing this morning before Esquire HALL. The evidence is strong against them.

Col. H. B. WRIGHT, one of the most prominent business men and politicians of the Wyoming Valley, died in WilkesBarre Friday, aged 73 years. For fifty years he had been a member of the Luzerne county bar, and several times represented his district in Congress.

The *Mercury* for Setember, which is already on our table well maintains its high literary reputation. A marked feature of the number is a continuation of the interesting serial "Karin" written especially for that journal. We believe the story will be given to the public in book form, and we have no doubt will have an extensive sale.

BOB. WILLIAMS passed a perfect examination in everything except arithmetic before the Military Board at West Point. In the latter branch he had five discredit marks, which under the rules rejects him. Gen. HOWARD, however, gave him a letter to Congressman JADWIN requesting that he (WILLIAMS) be re-appointed, and we have no doubt the request will be cheerfully complied with, and that at the next examination in June, ROBERT will go through all right, and win his uniform. It is proper in this connection, to say that Mr. WILLIAMS had but a short time in which to prepare for his examination, and that for the last week he was prevented from studying by a fearful boil on his face.

On Friday evening the Fourth degree was conferred on a candidate by Oscaluwa Grange. Patrons know what this implies—a feast and a good time. In addition to a trifling menu, fit for a king, the members were treated to an intellectual feast consisting of the reading of the Grange paper, "The Oscaluwa Independent." Sister BELLE SMITH was edictess, and the articles, original and selected, indicated rare talents. The most entertaining production was an able letter from Hon. C. F. NICHOLS, a former active member of Oscaluwa, and now Justice of the Peace in McPherson, Kansas. It was listened to with marked attention by all present.

According to custom, after the initiatory

ceremony had been completed, the "gates" were thrown open and quite a number of interested spectators were invited in, among them lawyer JAMES WOOD and his accomplished wife, Mrs. SIMPKINS, of Detroit, Mich., and others. Hon. JAMES FOSTER, who has been absent for some time, was also present to the delight of his fellow members.

The young man, JAMES HUNTER, who fell from a third story window in the Henry House, on Tuesday evening last, died Saturday morning.

Mr. HUNTER came here from his home in Barclay in company with a young lady to be present at the marriage of two young gentlemen friends who expected to meet their brides elect, the young ladies having just arrived from Scotland, but they did not reach Towanda until 1 o'clock in the morning after the fatal accident.

Mr. HENRY says the yeung man was not so much intoxicated as has been represented.

He lived in a miner's house with his mother in Barclay and was in the habit of stepping through the window to the ground, and it is supposed that in a sleepy, bewildered state he imagined himself at home and stepped from the window.

The deceased was 37 years old and had resided in Barclay for the past thirteen years; he has borne a good character during that time, and for several years was a consistent member of the Baptist Church.

He leaves a widowed mother—his father having died eight months since—one sister and brother in Barclay, and one brother in the old country. He was a member of the order of Knights of Pythias and a Knight of Honor, and his brothers of these orders have kindly cared for him during his suffering after the accident. His relatives were also with him.

The remains were conveyed to Barclay Saturday afternoon, and the funeral took place yesterday under the auspices of the Knights of Pythias.

The President's Condition.

The President is making such slow progress that his removal to Long Branch has been decided upon. The physicians say the malarial atmosphere about the White House is detrimental to the patient. Gov. Hoyt has asked Blaine to set apart Tuesday as a day of prayer and fasting in behalf of the President. Below are yesterday's official bulletins:

OFFICIAL BULLETINS.

8:30, A. M.

The President vomited once late last evening and once about an hour after midnight. Notwithstanding this disturbance he slept well during the night, and this morning has taken food by the mouth without nausea, and retained it. His pulse is somewhat more frequent but in other respects his condition is about the same as at this hour yesterday. Pulse 108, temperature 98.4, respiration 18.

12:30, P. M.

No material change. No further gastric fever. Pulse, 106; temperature, 98.4; respiration, 18.

6:30 P. M.

The President has passed a comfortable day. He has taken food with some relish, and has had no return of the irritability of the stomach reported in the morning's bulletin. The parotid swelling continues to improve and is now so far reduced that the contour of his face is restored. The wound shows no material change. The rise in temperature this afternoon has been very slight, but his pulse was more frequent throughout the day than yesterday or day before, and he showed more fatigue after dressing. Pulse, 110; temperature, 99; respiration, 18.

A horrible Indian outrage is reported from Tuscon, Arazonia. Gen. Carr and his command are said to have been massacred.
