Doctor ROCKWELL of Monroeton and Mr. GEORGE RIDGWAY of this place, will attend the session of Grand Lodge Knights of Honor, in Philadelphia this week.

C. M. GEROULD has been appointed watchman and janitor at the First National Bank, the new relations of Mr. STRYKER rendering it inconvenient for him longer to make his lodging in the room fitted up for that purpose in the bank.

An Athens correspondent of the *Empira Gazette*, says:

ASA DOUGLASS, of Towanda, Pa., was in town on Tuesday last, calling on old friends. He is a very genial gentleman whom it is a pleasure to meet.

Did you ever see such elegant Bartlett pears and such luscious grapes as FITCH, the confectioner, displays?

The only physician registered yesterday was:

SELDEN SYLVESTER COWELL, Smithfield; no diploma—ten years continuous practice.

Our thanks are tendered the Farmers' Agricultural Society of Tioga County, for a complimentary ticket of admission to the annual Fair, to be held at Wellsboro on the 5th, 6th and 7th of October next. Hon. H. W. WILLIAMS is President of the Society, and J. W. MATHER the Secretary.

A large farm barn, containing 100 bushels of wheat, quantity of oats, 20 tons of hay and a large calf, the property of N. T. HORTON, near Sugar Run, was burned Sunday night at 8 o'clock. No insurance. It was evidently the work of an incendiary, but the perpetrator is not known. The loss falls very heavily on Mr. H.

The forest fires in Michigan devoured every town in their pathway—except one. The village of Sand Beach was protected by Holy water works, and no flame could come nigh it that was not instantly beaten back by powerful streams of water. There may come a day when property owners here will be glad of the protection afforded by our Water Works.

MESSRS EDITORS.—The records for fifty years past do not exhibit so heated a term of weather, as the experience of the last six weeks.

During August and September we have had five days in which the thermometer ranged from one hundred and upward in the shade; but in open country, where there was neither buildings nor foliage to absorb the heat—in some localities 104 degrees has been reached. Hitherto 96 degrees has been considered—hot, hotter—hottest. I have kept a strict record for many years.

S. W. ALDEN.

Tickets to Elmira and return, good for four days, are now for sale by Ticket Agent BAE-COCK, for \$1 50 for the round trip.

The last scene in the play, *Uncle Tom's Cabin*, which is to be produced in Mercur Hall this evening by the Boston Ideal Uncle Tom's Cabin Company is thus described in their programme:

Act 7, and Last.—The Apotheosis of Eva and Ascension into Heaven. The most sublime and thrilling Allegory ever witnessed. Painted by E. G. Evans of Boston. The scene opens disclosing to the audience a chaotic mass of clouds and vapor; slowly the veil of mist is lifted; music swells through the echoing space—a tide of richest melody—while countless angel voices join in the solemn chorus, which rolls away and lingers in the distance, faintly as the whisper of a spirit. Silent and magnetic the dense clouds rend asunder, disclosing the pearly gates of Paradise, while the spirit of gentle Eva is seen ascending to the Celestial Courts of God. The chorus of the angels, with their song of welcome, thrill the enraptured ear, the eye is dazzled and delighted as the gorgeous beauties of the streets of Heaven burst upon the view, and the gentle, loving Eva, with a smile of seraphic tenderness, bids a last adieu to earth and enters that abode of bliss which mortals dream of and which angels know.

"NEARER MY GOD TO THEE."

BURLINGTON ITEMS.—Dr. E. A. EVERTS, of Ithaca, has been spending a short time in town.

Miss EMMA WARRING and Miss JENNIE BENNETT of Towanda have been visiting friends at East Troy; they also made Miss TRUMBULL a pleasant call at Burlington. We were happily surprised to meet Mr. and Mrs. G. P. SPENCER in town, a few days ago, although it seemed impossible to retain them as citizens, still we are glad to have them with us even for a day.

Mrs. Judge LONG of this place attended the funeral of her niece, Mrs. BLISS, Troy. Miss IDA MORGAN, of Towanda, spent last week with friends here.

Mrs. JOHN SIMPKINS of Detroit, is visiting Mrs. R. ROSS.

The Odd Fellows enjoyed a picnic in the grove near town a short time ago.

The greatest anxiety of our people at present is to know whose well they can get the pail of water from.

Preaching at the County house one week ago last Sunday, by the Baptist Minister, of Troy. Next Sabbath the Presbyterian minister of the same place, will officiate.

A disgraceful affair occurred in our streets the other day caused by politics; and what made it appear more ridiculous to us, was, one of the party was a peace officer of the town.

The President's Condition.

OFFICIAL BULLETINS.

The President's improvement yesterday was marked, notwithstanding the unfavorable symptoms of Saturday. The lung difficulty is believed to be passed.—The patient is cheerful and relishes his food.

LONG BRANCH, SEPT. 12, 1881.
8:30 A. M.

The President passed an unusual good night, his sleep being uninterrupted, except occasionally, to enable him to take food. Suppuration from the parotid gland has almost entirely ceased. The opening from which the pus discharged is rapidly healing. The cough is less, and expectoration materially diminished. Temperature 98.4; pulse 100; respiration 18.

6 P. M.

The President has experienced since the issue of the morning bulletin a further amelioration of the symptoms. He has been able to take an ample amount of food without discomfort and has had several refreshing naps. At the noon examination the temperature was 99.2; pulse, 106; respiration 20. At 5:30 p. m., temperature, 98.6; pulse, 100; respiration, 18.

The News Condensed.

The N. Y. State Fair opens to-day. Dr. Agnew publishes a statement that he was never called on to act as referee in the settlement of the question of the retiring surgeons.

Ferris, the new Tichborne claimant, has left San Diego, probably for New York, whence he will go to Europe and press his claims.

The contributions to the free ice water fund in New York average only 54 cents a day and the drinks outnumber the pennies a thousand times.

A norther passed over Fort Supply, I. T., last Saturday, and a great deal of stock was frozen to death. Out of one heard of six hundred, only half escaped.

The next regatta of the National Association of Amateur Oarsmen will be held in Detroit. Probably the Hillsdale crew will be sent abroad as representatives of the Association.

Ex Minister White arrived in New York Saturday, on the steamer *Elba*, which came over in the fastest time on record. The alumni of Cornell will give President White a reception October fourth.

The temperance people of Oberlin Ohio, have been holding meetings in the hope of persuading the hotel keepers and druggists of that town to sign a pledge neither to sell or give away spirituous liquors, the apothecaries being urged not to furnish such liquors "straight" even upon a physician's prescription. The desired pledge is not to be binding unless all dealers in alcoholic beverages agree to it. All but two have yielded, and the question now is whether these obstinate holders out can be persuaded to join the others.

Ed. MOUILLESSEUX, our enterprising Jeweller has just secured the agency for the John Foley Celebrated "Bank" Gold Pens. It is generally conceded by all Dealers that it has no equal in the market, and it will pay whoever is in need of a good Pen to examine Ed's stock before purchasing elsewhere. He has also put in stock the celebrated "Diamond Pointed Stylographic Pen" or "Ink Pen" the wonder of the age. Call and see it. 1w.
