Our good friend, Mr. DITTRICH, has furnished us with a bountiful supply of the fruit, the best of evidence that what we said in regard to his pear tree was correct. They are delicious, showing that good varieties of this superb fruit were cultivated before the Bartletts, Flemish Beauties, Seckels, &c., were propagated.

#### OFFICIAL BULLETINS.

LONG BRANCH, SEPT. 15, 1881.  
10 A. M.

At the morning dressing, at 8:30 this morning, the President's temperature was 98.4; pulse, 100, respiration, 20. He passed the night comfortably, sleeping until three o'clock this morning, when he was wakeful for a period of two hours, during which time his pulse rose to 120, but without the marked elevation of temperature which has characterized the febrile rise heretofore. After this time he slept until morning. More nourishment was given during the night than for several nights past. In reviewing the case since his arrival at Long Branch, it may be said that, in spite of the various septic accidents which have for several weeks and do still complicate the case, he has certainly not retrograded, but on the contrary, has made some progress towards convalescence.

6 P. M.

The President has passed a quiet day, sleeping a little. He has coughed occasionally, the expectoration being less purulent. A greater variety of nourishment has been taken without discomfort. He was placed upon the invalid chair and remained forty-five minutes in a position a little more elevated than on previous occasions. At noon his pulse was 102; respiration, 21; temperature, 98.9. At the evening dressing at 5:30 p. m., his temperature was 99.2; pulse, 104; respiration 21.

Ed. MOUILLESSEUX, our enterprising Jewelle has just secured the agency for the John Foley Celebrated "Bank" Gold Pens. It is generally conceded by all Dealers that it has no equal in the market, and it will pay whoever is in need of a good Pen to examine Ed's stock before purchasing elsewhere. He has also put in stock the celebrated "Diamond Pointed Stylographic Pen" or "Ink Pen cil" the wonder of the age. Call and see it. 1w.
