

# DAILY TOWANDA REVIEW.

VOLUME III, NO. 34.

TOWANDA, PA., MONDAY, SEPTEMBER 19, 1881.

PRICE ONE CENT.

## ADDITIONAL LOCAL.

### Personal.

Policeman DIMMOCK was quite alarmingly ill the latter part of last week.

Mine host WOLFE, of the Tabor House, Canton, is in town this morning.

Mrs. IRA STEPHENS has gone to Waverly, N. Y., to spend a few days with her daughter.

Dr. WHITNEY, of Kingston, Pa., is visiting the paternal home in Myersburg, and spent Saturday night with Mr. DITTRICH's family in this place.

Miss IRENE MASON and her nephew Mr. GUY WATKINS, arrived home from Wyoming Territory Saturday evening. GUY has been out among the "injuns" for nearly two years.

E. H. BLACKMAN, of Rochelle, Ill., has joined his wife, who has been visiting in Horn Brook for some time past. Mr. BLACKMAN formerly lived in Sheshequin, and is spending a little time with his former neighbors. He is the guest of his quondam friend, DAVID HORTON.

CHARLES T. HULL, cashier of the First National Bank started on Monday for Monongahela City. He intends spending a week or so in that vicinity among friends. He will also visit in Ohio, as we believe she has moved to that state. We wish Charlie a very pleasant time.—*Athens Gazette.*

Maj. A. H. SPALDING called to see us on Thursday. He has been to the sea shore a short time, hoping to improve his health, but grew worse during his stay. He is now stopping at Towanda, and says that Bradford county agrees with him better than the other places he has visited, and he is rapidly improving.—*Athens Gazette.*

Dr. W. P. GRIFFITHS, to whom the REVIEW is indebted for many favors, has placed us under renewed obligations by the presentation of some very large, delicious flavored peaches, grown in the garden of his father, J. J. GRIFFITHS, Esq. The drought does not appear to have affected their growth, as they are really of mammoth size.

A serious railroad accident occurred about two miles west of Chemung Saturday morning at 6 o'clock, caused by a wild cat train running into a freight. The crew of the latter were asleep and the train standing on the track with no flag out. Two brakemen were instantly killed and the engineer of the wild cat fatally injured. Twenty cars were totally wrecked and the contents scattered over the ground. The tracks were blockaded until nearly noon.

Mrs. CLARK WILSON, of this place, was a passenger on the L. V. No. 3, which was delayed by the accident, and rendered valuable assistance in ministering to the wounded.

Mrs. LOUISE MONTANYE, wife of Dr. L. D. MONTANYE and daughter of W. A. CHAMBERLIN, Esq., quietly "fell on sleep" Saturday afternoon at half past two o'clock. Her demise had been expected for several days, and yet it was a severe blow to her family.

Mrs. MONTANYE was born June 6, 1849, and consequently was 32 years old. Being an only daughter, she was tenderly reared and provided with every advantage which fond parents could devise. She was possessed of rare musical gifts, and her acquirements in that direction placed her among the most noted lady vocalists of the country. Had her health been preserved she would have won fame as a songstress. She had a remarkably sweet and flexible voice, but disease was inexorable, and for some years past she had been unable to exercise her gifts.

In December, 1868, the deceased was married to Dr. L. D. MONTANYE. Three children were born to them, and two of them—FRANK and CHRISTINE—survive.

During her long illness Mrs. MONTANYE was cared for with all tenderness, and her least want anticipated by willing friends.

The funeral will take place from the residence of her parents, to-morrow morning at 9 o'clock.

## The President's Condition.

The unfavorable symptoms of the President Saturday caused universal alarm.—About 11 o'clock he experienced a chill which continued for half an hour. Yesterday's bulletins afford a little more encouragement. Let us pray the worst may be passed, and that notwithstanding the dark out-look, God, with whom are the issues of life and death, may raise him up.

It is rumored the President experienced another slight chill after the evening examination yesterday. The physicians retired before midnight, and everything appeared to be quiet.

### OFFICIAL BULLETINS.

LONG BRANCH, SEPT. 18, 1881.  
9 A. M.

At the examination of the President at 8:30 this A. M. the temperature was 98, pulse 102, respiration 18. There was no perceptible febrile rise during the night, the pulse varying from 102 to 112. The cough was less troublesome than on previous nights and the expectoration unchanged. He is able to take the nourishment and stimulant required without gastric disturbance, nor has there been any evidence of mental aberration during the night.

### 6 P. M.

The President, though quite weak, has passed a very quiet day. There has been no recurrence of chill or mental disturbance. At 9 a. m., a slight febrile rise occurred and began to subside at 11 o'clock, at which time the temperature was 100; pulse, 116; respiration, 20. There has been no increase of cough or change in the character of expectoration. At the evening examination at 5:30, the temperature was 98.4; pulse, 102; respiration, 20.

Beatty's organ factory at Washington, N. J., burned yesterday.

C. L. S. C.—The members of the C. L. S. C. will meet this evening at 7.30 sharp, in first parlor of M. E. Church. All persons desiring to join, or who wish for information in regard to the Circle are cordially invited to be present.  
C. H. WRIGHT, Pres.

FOUND, a short brass key. Owner can have it by calling at this office and paying for this notice.

WEATHER INDICATIONS FOR TO-DAY.—Fair; variable winds; lower barometer; nearly stationary temperature.

FOR RENT.—A first-class residence on Chestnut street. Inquire at this office. sep. 19.

G. A. PATTERSON, of Troy, Pa., with wagon number 16 of S. H. LANEY, Elmira, N. Y. wishes to inform the public that he will visit Towanda and vicinity between the 26th and 1st of each month with his large and carefully selected stock of tin and glass ware.

JOHN ADAMS' ice wagon will hereafter leave ice in double quantity on Saturdays, instead of running Sunday morning, the weather being cool enough to justify it.

### DIED.

MONTANYE—In this borough Saturday afternoon September 17, Louise, wife of Dr. Lester D. Montanye and daughter of Mr. and Mrs. W. A. Chamberlin, aged 32 years and 3 months.

Funeral from residence of W. A. Chamberlin at 9 o'clock to-morrow morning.

### WANTS.

Under this head we will insert FREE, notices of situations or help wanted.
