Last Spring we made a notice of the new steam flouring mill then just started up by G. A. DAYTON & Co. Six months practical test has verified all we said in regard to the establishment. It has been crowded with work ever since, and has earned an enviable reputation. Mr. DAYTON has put in "new process" machinery for both wheat and buckwheat. People who are fond of buckwheat cakes for breakfast, and who is not? will make no mistake in ordering their flour from him. We've tried it and know whereof we affirm.

In commenting on the life and labors of Hon. ASA PACKER, in an address delivered at a celebration of the anniversary of the foundation of the Lehigh University, on October 13th, Hon. SAMUEL J. RANDALL said: When ASA PACKER commanded his own canal boat, while engaged in transporting coal and iron to New York and Philadelphia, he learned that time is the costliest element of production and transportation, and that whether individual or people; man or nation—he who produces the cheapest and lays down the quickest in the market—whether the product of the soil or loom, the mine or the workshop—rules the market. It was this knowledge which moved his energy to the construction of the Lehigh Valley Railroad. We all know the success which followed. Solomon found his way to the riches of India in the ancient days by the shortest route, and enriched himself beyond all others. The trade of the world lies by the nearest, shortest and quickest route. The inventing and adventurous genius of our people has drawn it across the American continent—the Lehigh Valley Railroad is one of the links in the great chain of public improvement.

QUESTIONS FOR GENERAL DISCUSSION.  
1. What can be done to induce Directors and Patrons to give more help to teachers?  
2. What suggestions have teachers to offer in regard to the County Institute?  
3. What can be done to make the work of our Common schools more practical than it at present seems to be?  
4. Is the practice of giving reward cards and other prizes as incentives to pupils a wise and commendable one?  
5. Is any change from the present mode of examining and licensing teachers advisable?  
The exercises will be interspersed with music, and by declamation or recitations by Frank Lyon, Julia S. Hawes, May Alden Mattie Vangorder, Mary Bowman, Lotie Payne, and Hallie Dodge.  
The committee on entertainment, arrangements, etc., are Dr. O. H. Rockwell, L. L. Lyon, M. A. Cranmer, John Bockwell, Mrs.

Daniel Huntly, Mrs. Dr. Hull, Miss Mary Satterlee and Miss Stella Vangorder. This being the annual meeting the Association will elect officers for the coming year. It is hoped that there will be a large turn out of teachers and friends.

About the busiest place in town is the Five Cent Store. The designation, by the way, is a misnomer. It should be called the Bazaar, as it contains almost everything; articles from the lowest to the highest price. It is a favorite resort for the ladies. One of the firm goes to New York this week to buy new goods.
