"Daily Review" only 25 cents per month. Try it,

It is said that the bass fishing of Terrytown at this season of the year, is the best known along this part of the river. There is deep water at this point for two miles, and late in the season these fish always seek deep holes. It is much resorted to and wagon loads of bass are taken out in Aug., Sept., and Oct.—yet the supply always excels the demand and the last fishing days of the season affords seemingly as good hauls as in the earlier part. It is a "bonanza" for Terrytown if an inexhaustible mine of black bass can be called such.

**NEW OIL FIELD.**—The work at the new oil field near south west corner of this county, has been delayed till recently on account of the late protracted drouth, causing scarcity of water for the engine. The late rains having furnished a supply of water, the engine has been put in position and operations begun; but still there is a lack of water and the boring has not fairly begun. Mr. FRANK JENNINGS, formerly of Mehoopeny, and at one time proprietor of the Keeler House at Tunkhannock, but of late from Bradford, has the first job of boring. Mr. J. has had considerable experience in his line for past several years, and no doubt will conduct the enterprise in a successful manner. At any rate we hope soon to know whether or not petroleum exists in these parts.

The following extract is from the salutatory which the late Dr. J. G. HOLLAND wrote for *The Century Magazine* (the new series of Scribner). It appears in November department of "Topics of the Time."

"We trust our readers will pardon us if we indulge in a little sentiment to-day. The men who devise and carry on the important enterprises of the world grow weary after a time, and die. We look back upon the work and the achievements of the past eleven years, that have been so full of interest and so fruitful of results, and rejoice that we and our companions have had the privilege of establishing an agency so powerful in the moulding of public opinion, and the elevation of public sentiment, as a widely circulated magazine. It has been a great privilege to meet monthly a million men and women in these pages, and to speak to them of morals, religion, politics, literature, and life, and to present to them some of the choicest offerings of prose and verse that the genius of the country can produce. For many years we hope to meet the readers of *The Century* in a constantly increasing circle, with better gifts in our hands, but we know that the time must come when we must cease from labor, and relinquish our work to other and younger hands. We envy these coming men their great and interesting future. It is not likely this magazine will ever change its name again. Its life, which is the product of a great multitude of lives, is likely to go on for years, for centuries, so that those who are now children will both produce and read the magazine which receives to-day what will doubtless be its final name. So we are able to give to it a persistence of life which we cannot retain for ourselves. If we fail to do this, it will not be for lack of effort to that end. May *The Century Magazine* "live long, and prosper," and may it be met with the hearty good-will with which it greets the public to-day!"

**BRADFORD COUNTY TEACHERS' ASSOCIATION.**—The next meeting of the Bradford County Teachers' Association will be held at Monroeton, November 11th and 12th, commencing at 10 o'clock a. m. The following program of exercises will be presented:  
Address—Rev. C. T. Hallowell.

School Examinations etc.—W. H. Benedict.  
Composition Writing, etc.—C. W. Sheldon.

**QUESTIONS FOR GENERAL DISCUSSION.**  
1. What can be done to induce Directors and Patrons to give more help to teachers?  
2. What suggestions have teachers to offer in regard to the County Institute?  
3. What can be done to make the work of our Common schools more practical than it at present seems to be?  
4. Is the practice of giving reward cards and other prizes as incentives to pupils a wise and commendable one?  
5. Is any change from the present mode of examining and licensing teachers advisable?

The exercises will be interspersed with music, and by declamation or recitations by

Frank Lyon, Julia S. Hawes, May Alden Hattie Vangorder, Mary Bowman, Lottie Payne, and Hallie Dodge.

The committee on entertainment, arrangements, etc., are Dr. O. H. Rockwell, L. L. Lyon, M. A. Cranmer, John Bockwell, Mrs. Daniel Huntly, Mrs. Dr. Hull, Miss Mary Satterlee and Miss Stella Vangorder.

This being the annual meeting the Association will elect officers for the coming year. It is hoped that there will be a large turn out of teachers and friends.
